THE SCIENCE of POSSIBILITY

PRELIMINARY PROXY MATERIAL — SUBJECT TO COMPLETION

April __, 2015

DEAR SHAREHOLDERS:

We cordially invite you to attend our 2015 annual meeting of shareholders. We will hold our meeting on Thursday, June 4, 2015, at 9:30 a.m. at our headquarters at 50 Northern Avenue, Boston, Massachusetts.

At this year's meeting, you will be asked to vote on the election of directors, to approve an amendment to our Restated Articles of Organization to increase the number of shares of common stock available for issuance from 300 million to 500 million, to approve an amendment and restatement of our 2013 Stock and Option Plan that, among other things, increases the number of shares authorized for issuance under this plan by 7.8 million shares, to ratify Ernst & Young LLP as our independent registered public accounting firm for 2015, to provide your advisory views on our executive compensation program and to vote on two proposals submitted by shareholders.

Whether or not you attend the meeting in person, we encourage you to vote by completing, signing and returning the enclosed proxy prior to the meeting. Every shareholder vote is important. To ensure your vote is counted at the annual meeting, please vote as promptly as possible.

Thank you for giving these materials your careful consideration.

Sincerely,

Jeffrey M. Leiden, M.D., Ph.D.

Chairman, Chief Executive Officer and President

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

Dear Shareholders:

You are invited to attend Vertex Pharmaceuticals Incorporated's 2015 Annual Meeting of Shareholders. At the meeting, shareholders will vote:

- to elect the three director nominees that are set forth in the attached proxy statement to the class of directors whose term will expire in 2018;
- to approve an amendment to our Restated Articles of Organization that increases the number of shares of common stock authorized for issuance from 300 million to 500 million;
- to approve an amendment and restatement of our 2013 Stock and Option Plan that, among other things, increases the number of shares authorized for issuance under this plan by 7.8 million shares;
- to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for 2015;
- to approve our named executive officers' compensation in an advisory vote; and
- on two proposals submitted by our shareholders, if properly presented at the meeting.

Shareholders also will transact any other business that may properly come before the annual meeting or any adjournment or postponement of the annual meeting.

MEETING INFORMATION:

Date: June 4, 2015
Time: 9:30 a.m.
Location: 50 Northern Avenue
Boston, Massachusetts 02210
Record Date: You can vote if you were a shareholder of record on April 10, 2015.

Your vote matters. Whether or not you plan to attend the annual meeting, please ensure that your shares are represented by voting, signing, dating and returning your proxy in the enclosed envelope, which requires no postage if mailed in the United States.

By Order of the Board of Directors

Michael J. LaCascia
Secretary

IMPORTANT NOTICE REGARDING AVAILABILITY OF PROXY MATERIALS. This proxy statement and the enclosed proxy card are first being mailed or furnished to our shareholders on or about April __, 2015. This proxy statement and our Annual Report on Form 10-K for the year ended December 31, 2014 are available to holders of record of our common stock at www.envisionreports.com/vrtx and to beneficial holders of our common stock at www.edocumentview.com/vrtx.

SUMMARY INFORMATION

To assist you in reviewing the proposals to be acted upon, we call your attention to the following proxy summary. The following description is only a summary. Please review this proxy statement and our Annual Report on Form 10-K for the year ended December 31, 2014, or 2014 Annual Report, in full.

PROXY SUMMARY

Vertex has performed exceptionally well during both the one- and the three-year periods ended December 31, 2014 resulting in a strong shareholder return during these periods. The following charts set forth our stock price and market capitalization for the three years ended December 31, 2014.

Share Price
(as of December 31, per share)

Market Capitalization
(as of December 31, billions)

Business Performance

Over the last three years we have established a leadership position in treating cystic fibrosis, or CF, which we believe has created a foundation for significant long-term revenue and earnings growth. Children who are born with mutations in their cystic fibrosis transmembrane conductance regulator, or *CFTR*, gene have diminished or absent function of their CFTR protein, which leads to progressive loss of lung function and early death. In 2012, we received approval to market KALYDECO (ivacaftor), and we currently estimate that more than 3,400 patients with CF worldwide are eligible to receive KALYDECO. The FDA identified KALYDECO as a breakthrough therapy for the CF community, because other existing therapies treat only the symptoms of this genetic disease, while KALYDECO addresses the underlying cause. Our KALYDECO net product revenues increased by 25% in 2014, and we expect KALYDECO net product revenues to further increase in 2015.

While KALYDECO delivers significant benefits to a portion of patients with CF, our vision is to develop additional medicines and combinations of medicines that will enable us to treat more patients with CF and to continue to enhance the clinical benefit that patients with CF receive from our medicines, with the goal of slowing or halting the progression of the disease. In 2014, we completed development of lumacaftor in combination with ivacaftor in patients with CF twelve years of age and older who are homozygous for the F508del mutation in their *CFTR* gene, which is the most prevalent form of CF. We believe that there are approximately 22,000 patients with CF twelve years of age and older who are homozygous for the F508del mutation in their *CFTR* gene in North America, Europe and Australia. We expect that this combination regimen will be approved in mid-2015 in the United States and late-2015 in the European Union, and that if we obtain timely approval for, and successfully commercialize this combination therapy, it will serve as the catalyst for revenue growth and profitability.

We have established our leadership position in CF during an exceptionally challenging period, as we exited the field of treatment for hepatitis C virus infection while successfully maintaining our financial strength by managing our operating expenses and securing non-dilutive sources of financing. During this period, we focused our research and development efforts and have advanced a number of programs, including our next-generation CFTR corrector program and programs in oncology and neurology.

SUMMARY INFORMATION *(continued)*

Our achievements over the last three years have occurred under the leadership of Dr. Jeffrey Leiden and the rest of our executive team. We believe that over the next several years, the leadership of Dr. Leiden and our executive team will be critical to our business as:

- In the near term, we seek to:
 - Obtain approval for and successfully commercialize lumacaftor in combination with ivacaftor;
 - Develop a broad pipeline of drug candidates, including drug candidates for the treatment of CF and other serious diseases; and
 - Achieve a revenue and operating expense profile that supports earnings growth.
- In the long term, we seek to:
 - Achieve significant revenues from multiple transformational medicines for serious diseases; and
 - Deliver sustained revenue and earnings growth to shareholders.

Peer Performance

From 2012 through 2014, we had a three-year total shareholder return, or TSR, of 52.9% on an annualized basis. On this basis, we significantly outperformed (i) the peer group, or Peer Group, established by our management development and compensation committee, or MDCC, (ii) the S&P 500 Healthcare Sector Index and (iii) the S&P 500 overall.

The top and bottom dotted lines in the preceding charts indicate the 3-year TSR for the 25th and 75th percentiles, respectively, for companies in each of these groups.

In addition, based on an analysis of our CEO's compensation as compared to that of other CEOs in the Peer Group, we believe that our CEO's compensation is aligned on a relative basis with our performance. For additional information regarding the analysis of our performance against the Peer Group and the alignment of our CEO's compensation with our performance, please see the section "Pay and Performance Alignment" starting on page 46 of this proxy statement.

Key 2014 Compensation Decisions

In light of our successes and recognizing the importance of completing our transition into a global biopharmaceutical company capable of delivering revenue and earnings growth, in 2014, our board of directors and MDCC:

- Awarded our executive officers annual cash bonuses and equity grants generally at above target levels to reward them for the company's and their individual successes.
 - 120% to 225% of target for cash bonuses; and
 - 50% to 150% of target for annual equity awards.
- Amended Dr. Leiden's employment agreement to extend its term through December 2017.
- Implemented a retention program designed to retain and incentivize our executive officers, including our CEO, during the critical business transition period from 2015-2017. This retention program consisted of one-time

SUMMARY INFORMATION *(continued)*

performance-contingent restricted stock grants that will be 100% forfeited if we do not achieve positive earnings, as measured by trailing twelve-month EBITDA, and that will not vest for at least three years. This performance measure was selected because we believe it is an objective financial measure that would demonstrate our transition from a research and development organization into an integrated biopharmaceutical company capable of delivering sustained revenue and earnings growth. In addition, we believe that achieving positive EBITDA, which is difficult in the biopharmaceutical industry, has historically been an indicator of strong TSR in future periods.

Shareholder Engagement

Throughout 2014, we continued discussions with a number of our shareholders regarding, among other matters, our executive compensation program, dilution caused by our broad-based equity compensation program and our corporate governance practices. During these discussions we listened to our shareholders' perspectives and gained insight into how we could further align the interests of our company with the interests of our shareholders.

In 2014, our board and MDCC took the following steps to improve our compensation program and governance practices:

- *Performance-Contingent Equity*: Expanded use of performance-contingent equity with our 2014 retention program.
- *Policy Against Tax Gross-Up Payments*: Adopted a policy, consistent with our long-term practices, that we will not enter into or amend any agreement to pay 280G exercise tax gross-ups to executives, except to the extent an executive was eligible for this benefit as of the adoption date of this policy. Dr. Leiden's employment agreement does not include a 280G excise tax gross-up provision.
- *Director Stock Ownership Guidelines*: Adopted stock-ownership guidelines for our non-employee directors to complement the CEO and executive stock-ownership guidelines our board of directors had previously adopted.

The above changes supplement our pre-existing compensation practices and corporate governance policies, including:

- *Reduced Dilution to Shareholders*: Implemented a significant modification to our equity compensation programs that resulted in a 25% decrease in the number of shares we granted under our equity programs in 2014 as compared to 2012 and a decrease in our annual dilution rate from 3.5% to 2.3% over the same period. We expect the dilution rate to decrease further in 2015 as compared to 2014.
- *Code of Conduct*: Establishes ethical standards and code of business conduct for directors and employees.
- *Board Structure*: Two co-lead independent directors to ensure independent board leadership.
- *Board Independence*: Eight of our nine directors are independent.
- *Change-of-Control*: No single-trigger change of control provisions.
- *Clawback Policy*: Permits recoupment of executive compensation for fraud or intentional misconduct.
- *Anti-Hedging Policy*: Prohibits directors and employees from hedging or pledging company securities.
- *Majority Voting*: Requires that director candidate tender resignation to board if candidate does not receive a majority of votes in uncontested election.

PROXY STATEMENT

This proxy statement, with the enclosed proxy card, is being furnished to shareholders of Vertex Pharmaceuticals Incorporated in connection with the solicitation by our board of directors of proxies to be voted at our 2015 annual meeting of shareholders and at any postponements or adjournments thereof. The annual meeting will be held on Thursday, June 4, 2015, at 9:30 a.m. at our headquarters, which are located at 50 Northern Avenue, Boston, Massachusetts.

This proxy statement and the enclosed proxy card are first being mailed or otherwise furnished to our shareholders on or about April __, 2015. Our 2014 Annual Report on Form 10-K and other materials regarding our company are being mailed to the shareholders with this proxy statement, but are not part of the proxy statement.

FREQUENTLY ASKED QUESTIONS REGARDING THE ANNUAL MEETING

WHAT IS THE PURPOSE OF THE ANNUAL MEETING?

At the annual meeting, shareholders will act upon the matters outlined in the Notice of Annual Meeting of Shareholders. These include:

- The election of directors;
- The approval of an amendment to our Restated Articles of Organization, which increases the number of authorized shares of common stock from 300,000,000 to 500,000,000;
- The approval of an amendment and restatement of our 2013 Stock and Option Plan, that, among other things, increases the number of shares authorized for issuance under this plan by 7.8 million shares;
- The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm;
- The approval, on an advisory basis, of the compensation program for our named executive officers;
- A shareholder proposal regarding a proxy access by-law, if properly presented at the meeting; and
- A shareholder proposal requesting a report on specialty drug prices, if properly presented at the meeting.

Management and representatives of Ernst & Young LLP are expected to attend the annual meeting and be available to respond to questions from shareholders.

WHAT IS A PROXY?

It is your legal designation of another person to vote the stock you own in the manner you direct. That other person is called a proxy. If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card. We have designated Jeffrey M. Leiden, Ian F. Smith and Michael J. LaCascia to serve as proxies at the annual meeting.

WHAT IS A PROXY STATEMENT?

It is a document that provides certain information about a company and matters to be voted upon at a meeting of shareholders. The SEC and other applicable law requires us

to give you, as a shareholder, the information in this proxy statement and certain other information when we are soliciting your vote.

WHAT IS THE DIFFERENCE BETWEEN A SHAREHOLDER OF RECORD AND A SHAREHOLDER WHO HOLDS STOCK IN STREET NAME?

Shareholders of Record. If your shares are registered in your name with our transfer agent, Computershare, you are a shareholder of record with respect to those shares, and these proxy materials were sent directly to you by Computershare.

Street Name Holders. If you hold your shares in an account at a bank or broker, then you are the beneficial owner of shares held in "street name." The proxy materials were forwarded to you by your bank or broker, who is considered the shareholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your bank or broker how to vote the shares held in your account.

HOW MANY SHARES MUST BE REPRESENTED IN ORDER TO HOLD THE ANNUAL MEETING?

In order for us to conduct the annual meeting, holders of a majority of the shares entitled to vote as of the close of business on the record date must be present in person or by proxy. This constitutes a quorum. If you are a shareholder of record, your shares are counted as present if you properly return a proxy card or voting instruction form by mail or if you attend the annual meeting and vote in person. If you are the beneficial owner of shares held in "street name," you must follow the instructions of your bank or broker in order to direct them how to vote the shares held in your account. Abstentions and broker non-votes will be counted as present for purposes of establishing a quorum. If a quorum is not present, we will adjourn the annual meeting until a quorum is obtained.

HOW CAN I VOTE AT THE ANNUAL MEETING IF I OWN SHARES IN STREET NAME?

If you are a street name holder, you may not vote your shares at the annual meeting unless you obtain a legal proxy from your bank or broker. A legal proxy is a bank's or broker's authorization for you to vote the shares it holds in its name on your behalf.

WHAT IS THE RECORD DATE AND WHAT DOES IT MEAN?

The record date for the annual meeting is April 10, 2015 and was established by our board of directors. On the record date, there were 243,613,313 shares of our common stock entitled to vote. Owners of record of common stock at the close of business on the record date are entitled to:

- receive notice of the annual meeting; and

FREQUENTLY ASKED QUESTIONS REGARDING THE ANNUAL MEETING *(continued)*

- vote at the annual meeting and any adjournment or postponement of the annual meeting.

IF I SUBMIT A PROXY, MAY I LATER REVOKE IT AND/OR CHANGE MY VOTE?

Shareholders may revoke a proxy and/or change their vote prior to the completion of voting at the annual meeting by:

- signing another proxy card with a later date and delivering it to our Secretary, Michael J. LaCascia, 50 Northern Avenue, Boston, Massachusetts 02210, before the annual meeting; or
- voting at the annual meeting, if you are a shareholder of record or hold your shares in street name and have obtained a legal proxy from your bank or broker.

WHAT IF I DO NOT SPECIFY A CHOICE FOR A MATTER WHEN RETURNING A PROXY?

Shareholders should specify their choice for each matter following the directions described on their proxy card. If no specific instructions are given, proxies that are signed and returned will be voted:

- FOR the election of all director nominees;
- FOR approval of the amendment to our Restated Articles of Organization;
- FOR approval of the amendment and restatement of our 2013 Stock and Option Plan;
- FOR ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ended December 31, 2015;
- FOR our executive compensation program;
- AGAINST the shareholder proposal regarding a proxy access by-law; and
- AGAINST the shareholder proposal requesting a report on specialty drug prices.

ARE MY SHARES VOTED IF I DO NOT PROVIDE A PROXY?

If you are a shareholder of record and do not provide a proxy, you must attend the annual meeting in order to vote. If you hold shares through an account with a bank or broker, your shares may be voted by the bank or broker if you do not provide voting instructions. Banks and brokers have the authority under applicable rules to vote shares on routine matters for which their customers do not provide voting instructions. The ratification of Ernst & Young LLP as our independent registered public accounting firm is considered a routine matter. Each of the other proposals, including the

election of directors, the approval of the amendment to our Restated Articles of Organization, the approval of the amendment and restatement of our 2013 Stock and Option Plan, the advisory vote with respect to our executive compensation program and the two shareholder proposals are not considered routine, and banks and brokers cannot vote shares without instruction on those matters. Shares that banks and brokers are not authorized to vote on those matters are counted as “broker non-votes” and other than with respect to the approval of the amendment to our Restated Articles of Organization, will have no effect on the results of those votes. Broker non-votes will have the same effect on the result of the proposal to amend our Restated Articles of Organization as votes against the proposal.

WHAT VOTE IS REQUIRED TO APPROVE EACH PROPOSAL AND HOW ARE VOTES COUNTED?

Item 1: Election of Directors

The nominees for director in an uncontested election who receive a majority of the votes from shareholders present in person or represented by proxy at the annual meeting (more votes cast “FOR” such director than “WITHHELD” from such director) will be elected. Abstentions are not counted for purposes of electing directors. You may vote either FOR or WITHHOLD your vote from any one or more of the nominees.

Item 2: Approval of the Amendment to our Restated Articles of Organization

To be approved, this proposal must receive an affirmative vote from shareholders present in person or represented by proxy at the annual meeting representing a majority of our outstanding shares of common stock as of the record date. Abstentions and broker non-votes will have the same effect on the result of this vote as votes against the proposal.

Item 3: Approval of the Amendment and Restatement of our 2013 Stock and Option Plan

To be approved, this proposal must receive an affirmative vote from shareholders present in person or represented by proxy at the annual meeting representing a majority of the votes cast on the proposal. Abstentions will have no effect on the results of this vote.

Item 4: Ratification of the Appointment of Independent Registered Public Accounting Firm

To be approved, this proposal must receive an affirmative vote from shareholders present in person or represented by proxy at the annual meeting representing a majority of the votes cast on the proposal. Abstentions will have no effect on the results of this vote.

FREQUENTLY ASKED QUESTIONS REGARDING THE ANNUAL MEETING *(continued)*

Item 5: Advisory Vote to Approve Named Executive Officer Compensation

To be approved, this proposal must receive an affirmative vote from shareholders present in person or represented by proxy at the annual meeting representing a majority of the votes cast on the proposal. Abstentions will have no effect on the results of this vote.

Item 6: Shareholder Proposal Regarding a Proxy Access By-law

To be approved, this proposal must receive an affirmative vote from shareholders present in person or represented by proxy at the annual meeting representing a majority of the votes cast on the proposal. Abstentions will have no effect on the results of this vote.

Item 7: Shareholder Proposal Requesting a Report on Specialty Drug Prices

To be approved, this proposal must receive an affirmative vote from shareholders present in person or represented by proxy at the annual meeting representing a majority of the votes cast on the proposal. Abstentions will have no effect on the results of this vote.

WHERE CAN I FIND MORE INFORMATION ABOUT MY VOTING RIGHTS AS A SHAREHOLDER?

The SEC has an informational website that provides shareholders with general information about how to cast their vote and why voting should be an important consideration for shareholders. You may access that website at sec.gov/spotlight/proxymatters.shtml.

ITEM 1 - ELECTION OF DIRECTORS

Our board of directors has nominated Jeffrey M. Leiden and Bruce I. Sachs for re-election and Sangeeta N. Bhatia for election at our 2015 annual meeting of shareholders to hold office until our 2018 annual meeting of shareholders.

Our board of directors is our company's ultimate decision-making body, except with respect to those matters reserved to the shareholders. Our board selects our senior management team, who in turn are responsible for the day-to-day operations of our company. Our board acts as an advisor and counselor to senior management and oversees its performance.

Our board consists of directors divided into three classes, with each class holding office for a three-year term. Jeffrey M. Leiden and Bruce I. Sachs, current Class II Directors, and Sangeeta N. Bhatia, who would join our board as a Class II Director upon election by our shareholders, have been nominated by our board for election at the 2015 annual meeting of shareholders for three-year terms that will expire at the 2018 annual meeting of shareholders. Each of the nominees has agreed to be named in this proxy statement and to serve if elected. We believe that all of the nominees will be able and willing to serve if elected. However, if any nominee should become unable for any reason or unwilling to serve, proxies may be voted for another person nominated as a substitute by our board, or our board may reduce the number of directors.

BOARD STRUCTURE AND COMPOSITION

The corporate governance and nominating committee of our board of directors is responsible for recommending the composition and structure of our board and for developing criteria for board membership. This committee regularly reviews director competencies, qualities and experiences, with the goal of ensuring that our board is comprised of an effective team of directors who function collegially and who are able to apply their experience toward meaningful contributions to general corporate strategy and oversight of corporate performance, risk management, organizational development and succession planning.

Our by-laws provide that the size of our board may range between three and eleven members. We currently have nine members on our board. We have nominated Sangeeta N. Bhatia, who was recommended by our corporate governance and nominating committee, for election at the 2015 annual meeting of shareholders to fill the vacant tenth seat on our board. Our corporate governance and nominating committee may seek one additional director candidate who meets the criteria below in order to complement the qualifications and experience of our existing board members. Our corporate governance and nominating committee may engage a search firm to recommend candidates who satisfy the criteria.

Director Criteria, Qualifications and Experience; Diversity. The corporate governance and nominating committee seeks to recommend for nomination directors of stature who have a substantive knowledge of our business and industry or who can bring to the board specific and valuable strategic or management capabilities acquired in other industries. The committee expects each of our directors to have proven leadership, sound judgment, integrity and a commitment to the success of our company. We also seek personal qualities that foster a respectful environment in which our directors listen to one another and are engaged and constructive. These goals for our board composition presuppose a diverse range of viewpoints, experiences and specific expertise. The corporate governance and nominating committee considers a nominee's personal characteristics and business experience relative to those of our existing board members, including the type of prior management experience, levels of expertise relevant to our business and its growth stage, prior board service, reputation in the business community, personal characteristics such as gender and race and other factors that the committee believes to be important. At this time, our commitment to racial and gender diversity is demonstrated by the make-up of our board, which includes three members or nominees who are women and one member who is African-American.

The key experience, qualifications, attributes and skills brought by our directors to our board that are important to our business include:

- **Corporate leadership experience.** We believe that directors who have held significant corporate leadership positions over extended periods of time provide our company with special insights. These people generally have a practical understanding of organizational processes and strategy that is valuable during periods of organizational change and growth.
- **Industry knowledge.** We seek directors with substantive knowledge of the biotechnology, pharmaceutical or related industries. We believe that having a substantial portion of our board of directors comprised of individuals with

ITEM 1 - ELECTION OF DIRECTORS *(continued)*

experience as executives or directors in these industries provides our board with the background necessary to counsel our management regarding the issues facing our company.

- **Financial expertise.** We believe that an understanding of finance is important for our board of directors, and our budgeting processes and financial and strategic transactions require our directors to be financially knowledgeable. In addition, we seek to have a number of directors qualified to serve on our audit and finance committee and at least one director with in-depth knowledge of financial statements and financial reporting processes sufficient to qualify as an audit committee financial expert under applicable regulatory standards.
- **Scientific experience.** As a biopharmaceutical company that seeks to develop transformative medicines for patients with serious diseases, we look for directors with backgrounds in science and technology and in particular the research and development of pharmaceutical products.
- **Commitment to company values and goals.** We seek directors who are committed to our company and its values and goals and who value the contributions that can be provided by individuals who believe in our company and its prospects for success.

SHAREHOLDER-RECOMMENDED DIRECTOR CANDIDATES

The corporate governance and nominating committee will consider director candidates recommended by shareholders using the same criteria for director selection described above under *Director Criteria, Qualifications and Experience; Diversity*. Shareholders recommending candidates for consideration should submit any pertinent information regarding the candidate, including biographical information and a statement by the proposed candidate that he or she is willing to serve if nominated and elected, by mail to our corporate secretary at our offices at 50 Northern Avenue, Boston, Massachusetts 02210. If a shareholder wishes to nominate a candidate to be considered for election as a director at the 2016 annual meeting of shareholders using the procedures set forth in our by-laws, the shareholder must follow the procedures described in *Other Information—Shareholder Proposals for the 2016 Annual Meeting and Nominations for Director* on page 85 of this proxy statement.

MAJORITY VOTE STANDARD

Our by-laws provide for a majority vote standard for uncontested elections of our directors. Under our by-laws, as amended, director nominees in an uncontested election who receive more votes cast “for” such director nominee than “withheld” from such director nominee are elected. Our board’s policy is that any nominee for director in an uncontested election who receives a greater number of votes “withheld” than votes “for” the nominee’s election shall promptly tender his or her resignation to the chair of our board following certification of the shareholder vote. Our corporate governance and nominating committee will promptly consider the tendered resignation. Based on all factors it deems in its discretion to be relevant, the committee will recommend that our board either accept or reject the resignation and may recommend that the board adopt measures designed to address any issues perceived to underlie the election results. Our board will then act on the corporate governance and nominating committee’s recommendation. We will promptly disclose our board’s decision, including, if applicable, the reasons for rejecting the tendered resignation. Any director whose resignation is being considered under this policy will not participate in the corporate governance and nominating committee or board considerations, recommendations or actions with respect to the tendered resignation.

OUR BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR EACH OF THE NOMINEES.

Ms. Ullian holds a B.A. in political science from Tufts University and an M.P.H. from the University of Michigan.

Skills and Qualifications: Ms. Ullian brings significant leadership experience acquired as the CEO of large health care providers to our board of directors. The knowledge she obtained serving as an executive, together with her extensive experience serving on the boards of directors of multiple public companies in the healthcare field, provide her with the expertise required to serve as one of our co-lead independent directors and as the chair of our corporate governance and nominating committee. She also provides the board with the perspective of providers, payors and patients, for whom our products are intended.

ITEM 1 - CONTINUING DIRECTORS (continued)

CLASS I DIRECTORS—TERMS EXPIRING IN 2017

Margaret G. McGlynn

Age: 55 Member – Science and Technology Committee
Director Since: 2011

Ms. McGlynn has served as the President and Chief Executive Officer of the International AIDS Vaccine Initiative, a global not-for-profit organization whose mission is to ensure the development of safe, effective and accessible HIV vaccines for use throughout the world, since July 2011. Ms. McGlynn served as President, Vaccines and Infectious Diseases of Merck & Co., Inc. from 2005 until 2009. Ms. McGlynn joined Merck in 1983 and served in a variety of marketing, sales and managed care roles. Ms. McGlynn serves as a member of the Board of Directors for Air Products and Chemicals, Inc., a company specializing in gases and chemicals for industrial uses, and Amicus Therapeutics, Inc., a biopharmaceutical company. She is also a member of the National Industrial Advisory Committee at the University at Buffalo School of Pharmacy and Pharmaceutical Sciences. Ms. McGlynn holds a B.S. in Pharmacy and an M.B.A. in Marketing from the State University of New York at Buffalo.

Skills and Qualifications: Ms. McGlynn's corporate leadership experience and industry knowledge make her a valuable contributor to our board of directors. Her service as an executive at Merck and her service on the board of Amicus Therapeutics and the board and audit committee of Air Products and Chemicals, Inc. give her a practical understanding of organizational practices valuable to a company at our stage of growth. Her experience in the development of treatments for infectious diseases provides her with a valuable understanding of the scientific issues we face in the drug development process.

Wayne J. Riley, M.D.

Age: 55 Member – Corporate Governance and Nominating Committee
Director Since: 2010 Member – Science and Technology Committee

Dr. Riley is Clinical Professor of Medicine, Vanderbilt University School of Medicine and Adjunct Professor of Healthcare Management, Owen Graduate School of Management at Vanderbilt University. From January 2007 until July 2013, Dr. Riley was President and Chief Executive Officer of Meharry Medical College. At Meharry he held the rank of tenured Professor of Internal Medicine and was a Senior Health Policy Associate at the Robert Wood Johnson Center for Health Policy at Meharry. From May 2004 to December 2006, Dr. Riley served as a corporate officer and member of the executive management team as Vice President and Vice Dean for Health Affairs and Governmental Relations and Associate Professor of Medicine at Baylor College of Medicine, and Assistant Chief of Medicine at Ben Taub General Hospital. Dr. Riley is a member of the Board of Directors of HCA Holdings, Inc., the parent company of Hospital Corporation of America, a leading operator of hospitals and health facilities, where he serves on the Audit & Compliance Committee and the Nominating and Corporate Governance Committee and is the Chair of the Patient Safety and Quality Committee. Skills and Qualifications: Dr. Riley is a valuable contributor to our board of directors due to the corporate leadership skills he has acquired through his experience as the President and CEO of Meharry Medical College and executive positions at Baylor College of Medicine and Ben Taub General Hospital. As a physician, executive, clinician educator, and public health and health policy expert, he brings a unique perspective on the scientific and medical issues we face in pharmaceutical development and commercialization.

ITEM 1 - CONTINUING DIRECTORS *(continued)*

William D. Young

Age: 70

Director Since: 2014

Member – Management Development and Compensation Committee

Mr. Young is a Venture Partner at Clarus Ventures, a life sciences venture capital firm, which he joined in 2010. Prior to Clarus Ventures, Mr. Young served from 1999 until June 2009 as the Chairman and Chief Executive Officer of Monogram Biosciences, Inc., a biotechnology company acquired by Laboratory Corporation of America in June 2009. From 1980 to 1999, Mr. Young was employed at Genentech, Inc. in positions of increasing responsibility, including as Chief Operating Officer from 1997 to 1999, where he was responsible for all product development, manufacturing and commercial functions. Prior to joining Genentech, Mr. Young was with Eli Lilly & Co. for 14 years. Mr. Young currently serves as the Chairman of the Board of Directors of NanoString Technologies, Inc., and as a member of the Boards of Directors of Theravance BioPharma Inc. and BioMarin Pharmaceutical Inc. Mr. Young retired from Biogen Idec's Board of Directors in June 2014 where he served as a director from 1997 through 2014 and as Biogen's Chairman of the Board from 2010 through 2014. Mr. Young holds a B.S. in Chemical Engineering from Purdue University, an M.B.A. from Indiana University and an Honorary Doctorate in Engineering from Purdue University. Mr. Young was elected to the National Academy of Engineering in 1993 for his contributions to biotechnology.

Skills and Qualifications: Mr. Young is a valuable contributor to our board of directors due to the in-depth knowledge of the pharmaceuticals industry that he acquired through his extensive experience as both a CEO and board member at numerous pharmaceutical and biotechnology organizations and as a venture capitalist focused on the life sciences industry. Mr. Young's strong leadership qualities, global industry knowledge and financial expertise provide him with the background to work collaboratively with both management and fellow board members in order to address issues facing our company.

We are committed to good corporate governance and integrity in our business dealings. Our governance practices are documented in our Statement of Corporate Governance Principles, which addresses the role and composition of our board of directors and the functioning of the board and its committees. You can find our governance documents, including our Statement of Corporate Governance Principles, charters for each committee of the board and our Code of Conduct, on our website www.vrtx.com under “Investors—Corporate Governance—Governance Documents.”

INDEPENDENCE, CHAIR AND CO-LEAD INDEPENDENT DIRECTORS

Our board of directors has determined that eight of our nine directors qualify as “independent” under the definition of that term adopted by The Nasdaq Stock Market LLC, or Nasdaq. These directors are Dr. Boger, Mr. Kearney, Mr. Lee, Ms. McGlynn, Dr. Riley, Mr. Sachs, Ms. Ullian and Mr. Young. Our board also has determined that Dr. Bhatia will be an independent director if elected at the 2015 annual meeting of shareholders and that Dr. Altshuler was an independent director prior to his resignation from the board on December 9, 2014 in order to become our Executive Vice President, Global Research and Chief Scientific Officer. Our independent directors generally meet in executive session at each regularly scheduled board meeting.

Dr. Leiden, our president and chief executive officer, serves as the chairman of our board. Our employment agreement with Dr. Leiden provides that he will serve as the chairman of our board through December 31, 2017. In addition, we have two co-lead independent directors who are elected by the independent directors. Each of the board committees is chaired by one of our independent directors.

Our board believes that strong, independent board leadership is a critical aspect of effective corporate governance, and our corporate governance principles require that if the chair is not an independent director, that the independent directors elect a lead independent director. Since December 2011, Mr. Sachs and Ms. Ullian have served as our co-lead independent directors. We believe this structure provides our board independent leadership, while providing the benefit of having our chief executive officer, the individual with primary responsibility for managing our day-to-day operations, chair regular board meetings as we discuss key business and strategic issues. Combined with the co-lead independent directors and experienced and independent committee chairs, this structure provides strong independent oversight of management.

Our co-lead independent directors’ responsibilities include:

- calling and leading regular and special meetings of the independent directors;
- serving as a liaison between our executive leaders and the independent directors;
- reviewing the planned dates for regularly scheduled board meetings and the primary agenda items for each meeting; and
- reviewing with the chair of each board committee agenda items that fall within the scope of the responsibilities of that committee.

BOARD COMMITTEES

Our board of directors has established various committees to assist in discharging its duties: the audit and finance committee, the corporate governance and nominating committee, the management development and compensation committee, or MDCC, and the science and technology committee. Each member of the audit and finance committee, corporate governance and nominating committee and MDCC is an independent director as that term is defined by the SEC and Nasdaq. The primary responsibilities of each of the committees are set forth below, and the committee memberships are provided in the table appearing on page 20 of this proxy statement.

Each of the committees has the authority, as its members deem appropriate, to engage legal counsel or other experts or consultants in order to assist the committee in carrying out its responsibilities.

RISK MANAGEMENT

Our board of directors discharges its overall responsibility to oversee risk management with a focus on our most significant risks. We face considerable risk related to the commercialization of our approved products, including regulatory risk with respect to our promotional activities and competition from approved drugs and investigational drug candidates that may have product profiles superior to our approved products. We continue to invest significant resources in research programs and clinical development programs as part of our strategy to develop transformative medicines for patients with serious diseases. With respect to each of our drug development and commercialization programs, we face considerable risk that the program will not ultimately result in a commercially successful pharmaceutical product. Our board and its committees monitor and manage the strategic, compliance and operational risks related to KALYDECO (ivacaftor), the potential commercialization of lumacaftor in combination with ivacaftor, if approved, and our research and development programs through regular board and committee discussions that include presentations to the board and its committees by our executive officers as well as during in-depth short- and long-term strategic reviews held at least annually.

For certain specific risk types, our board has delegated oversight responsibility to board committees as follows:

- Our audit and finance committee oversees our enterprise risk management programs and policies, including those related to our financial and accounting systems, accounting policies and investment strategies, intellectual property strategy, information technology systems and steps our management has taken to monitor, mitigate and report on those exposures. The audit and finance committee also is responsible for addressing risks arising from related party transactions.
- Our MDCC oversees risks associated with our compensation policies, management resources and structure, succession planning, and management development and selection processes.
- Our corporate governance and nominating committee oversees risks related to the company's governance structure.
- Our science and technology committee oversees risks related to our research and development investments.

CODE OF CONDUCT

We have adopted a Code of Conduct that applies to all of our directors and employees, including our chief executive officer and chief financial and accounting officers. Our Code of Conduct is available on our website www.vrtx.com under "Investors—Corporate Governance—Governance Documents." Disclosure regarding any amendments to, or waivers from, provisions of the Code of Conduct that apply to our directors or principal executive, financial or accounting officers will be posted on our website or included in a Current Report on Form 8-K within four business days following the date of the amendment or waiver.

(1)Each of our directors is invited to attend each meeting of shareholders. Each of our directors attended our 2014 annual meeting of shareholders.

(2)Includes meetings of the board of directors and meetings of each committee of the board while the director served on such committee.

Audit and Finance Committee

The primary purposes of the audit and finance committee are to:

- appoint, oversee and replace, if necessary, our independent registered public accounting firm;
- assist our board of directors in fulfilling its responsibility for oversight of our accounting and financial reporting processes; and
- review and make recommendations to our board concerning our financial structure and financing strategy.

Our independent registered public accounting firm reports directly to, and is held accountable by, our audit and finance committee in connection with the audit of our annual financial statements and related services.

Mr. Kearney, the chair of our audit and finance committee, is our “audit committee financial expert” as that term is defined in applicable regulations of the SEC. In addition, each of the other members of the audit and finance committee are qualified to serve as an audit committee financial expert under the SEC’s rules.

The report of the audit and finance committee appears on page 36 of this proxy statement.

Our audit and finance committee reviews and, if appropriate, recommends for approval or ratification by our board, all transactions with related persons that are required to be disclosed by us pursuant to Item 404(a) of Regulation S-K, except for transactions, if any, related to the employment of executive officers, which would be

recommended for approval by the MDCC. Our policies and procedures with respect to transactions with related persons are governed by our written Related Party Transaction Policy. Pursuant to this policy, related party transactions include transactions, arrangements or relationships in which our company is a participant, the amount involved exceeds \$120,000, and one of our executive officers, directors, director nominees or 5% shareholders or their immediate family members, whom we refer to as related persons, has a direct or indirect material interest, except where disclosure of such transaction would not be required pursuant to Item 404(a) of Regulation S-K. As appropriate for the circumstances, our audit and finance committee will review and consider the related person’s interest in the related party transaction and such other factors as it deems appropriate. Since January 1, 2014, we have not entered into any transactions disclosable pursuant to Item 404(a) of Regulation S-K.

Corporate Governance and Nominating Committee

The corporate governance and nominating committee:

- assists our board of directors in developing and implementing our corporate governance principles;
- recommends the size and composition of our board and its committees;
- develops and recommends to our board an annual self-evaluation process to assess the effectiveness of our board and oversees this process;
- reviews and recommends director compensation;

- identifies qualified individuals to become members of our board;
- recommends director nominations to the full board; and
- assists the board in recruiting and evaluating potential candidates for the CEO position.

Management Development and Compensation Committee

The primary purposes of the MDCC are to oversee the discharge of our board's responsibilities relating to:

- compensation of our executives;
- review and approval of our benefit and equity compensation plans; and
- planning for the succession of our executives, including our chief executive officer.

The MDCC has the authority to delegate any of its responsibilities to individual members of the MDCC to the extent deemed appropriate by the MDCC in its sole discretion, but subject always to the general oversight of the board of directors.

See *Compensation Discussion and Analysis—Detailed Discussion* below for a discussion of the MDCC's role in overseeing executive compensation.

The report of the MDCC appears on page 64 of this proxy statement.

Compensation Committee Interlocks and Insider Participation.

Mr. Kearney, Ms. McGlynn, Mr. Sachs, Ms. Ullian and Dr. Young served on the MDCC during all or a portion of 2014. Each member of the MDCC was an independent director while serving on the MDCC. No member of our board of directors who was a member of our MDCC at any time during 2014 has ever been one of our employees or officers. No member of our board of directors who was a member of our MDCC at any time during 2014 has ever been a party to a transaction required to be disclosed pursuant to Item 404(a) of Regulation S-K prior to becoming a member of our MDCC. During 2014, none of our executive officers served as a member of the board of directors or compensation committee of the board of directors, or performed the equivalent functions, of any entity that has one or more executive officers serving as a member of our board or the MDCC.

Science and Technology Committee

Our science and technology committee discharges our board's responsibilities relating to the oversight of our investment in pharmaceutical research and development. In furtherance of that oversight function, the science and technology committee:

- reviews and assesses our current and planned research and development programs and technology initiatives from a scientific perspective;
- assesses the capabilities of our key scientific personnel and the depth and breadth of our scientific resources;
- provides strategic advice to our board regarding emerging science and technology issues and trends; and
- periodically reviews our patent portfolio and strategy.

DIRECTOR COMPENSATION

We have designed and implemented our compensation program for our non-employee directors to attract, motivate and retain individuals who are committed to our values and goals and who have the expertise and experience that we need to achieve those goals.

Compensation Program

Our compensation program for our non-employee directors is set forth in the following table:

Compensation Element		
Cash		
Annual Cash Retainer		\$50,000
Annual Committee Chair Retainer	Audit and Finance Committee	\$25,000
	Corporate Governance and Nominating Committee	\$20,000
	Management Development and Compensation Committee	\$20,000
	Science and Technology Committee	\$12,500
Annual Committee Retainer (non-Chair)		\$5,000
Annual Lead Independent Director Retainer (for each Co-lead)		\$25,000
Equity		
Initial Equity Grant	Option to purchase 30,000 shares of common stock. These options vests quarterly over a four-year period from the date of grant.	
Annual Equity Retainer	Option to purchase 20,000 shares of common stock granted on June 1 of each year. These options are fully-vested upon the date of grant.	
Co-lead Independent Director Annual Grant	Option to purchase 2,500 shares of common stock granted on June 1 of each year. These options are fully-vested upon the date of grant.	

Our non-employee directors are also reimbursed for their business-related expenses incurred in connection with attendance at board and committee meetings and related activities. Our only employee director, Dr. Leiden, receives no separate compensation for his service in such capacity. We periodically review and may adjust our non-employee director compensation program in the future.

Non-Employee Director Stock Ownership Guidelines

In 2014, we adopted stock ownership guidelines for our non-employee directors. Pursuant to these guidelines, our non-employee directors should, within five years of becoming subject to the guidelines, achieve ownership of shares of our common stock with a value equal to at least three times the annual cash retainer.

ITEM 2: AMENDMENT TO RESTATED ARTICLES OF ORGANIZATION

Our board of directors believes that it is in our best interest to increase the number of authorized shares of common stock in order to give us greater flexibility in considering and planning for potential business needs.

On February 4, 2015, our board of directors adopted, subject to stockholder approval, an amendment to our Restated Articles of Organization to increase the authorized number of shares of common stock from 300,000,000 to 500,000,000.

The additional common stock to be authorized by adoption of the amendment will have rights identical to our currently authorized common stock. Adoption of the proposed amendment and issuance of the common stock will not affect the rights of the holders of currently outstanding common stock, except for effects incidental to increasing the number of shares of common stock outstanding, if and when, the additional shares are issued. If the amendment is adopted, it will become effective upon the filing of Articles of Amendment of our Restated Articles of Organization with the Secretary of State of The Commonwealth of Massachusetts.

As of February 28, 2015, there were 243,197,840 shares of our common stock outstanding. In addition, as of the same date, 8,829,928 shares of common stock were reserved for issuance under our stock and option plans and our Employee Stock Purchase Plan, and we are seeking stockholder approval pursuant to this proxy statement for an increase in the number of shares authorized under our 2013 Stock and Option Plan by 7.8 million shares. Accordingly, if we obtain approval for the increases to our 2013 Stock and Option Plan, we will have approximately 40.2 million shares of common stock available for future issuance, prior to the addition of the shares for which we are seeking approval pursuant to this proposal.

Although at present the board has no specific plans to issue shares of common stock in excess of the number previously authorized, the board believes it is desirable to have a significant number of available and authorized shares, to provide the board with flexibility to use capital stock for business and financial purposes in the future. The additional shares may be issued without further shareholder approval, except as may be required by law, regulatory authorities, or the rules of Nasdaq or any other stock exchange on which our shares may be listed at the time of any proposed issue. Existing shareholders have no preemptive rights to acquire or subscribe to any of the additional shares of common stock. The additional shares may be used for various purposes including, without limitation, raising capital, providing equity incentives to employees and directors, establishing strategic relationships with other companies, expanding our business or research and development programs through the acquisition of other businesses and products, and stock splits and dividends.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE AMENDMENT TO OUR RESTATED ARTICLES OF ORGANIZATION, WHICH WOULD INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK. THE AFFIRMATIVE VOTE BY THE HOLDERS OF A MAJORITY OF THE SHARES OUTSTANDING AS OF THE RECORD DATE IN PERSON OR BY PROXY ON THIS MATTER IS REQUIRED FOR THE APPROVAL OF THIS PROPOSAL.

ITEM 3 - APPROVAL OF AMENDED AND RESTATED 2013 STOCK AND OPTION PLAN

Our board of directors believes that our broad-based equity compensation program is essential to attract, retain and motivate people with the necessary talent and experience and to provide additional incentive to achieve our short- and long-term business objectives. We are requesting that our shareholders approve an amendment and restatement of our 2013 Stock and Option Plan, or 2013 Plan, that would increase the number of shares available for issuance under the 2013 Plan by 7.8 million shares, plus the number of shares that remain available for issuance under our 2006 Stock and Option Plan, or 2006 Plan, which will roll-over into the 2013 Plan.

On April 15, 2015, our board of directors amended and restated our 2013 Plan, subject to shareholder approval, by increasing the number of shares of common stock authorized for issuance under the 2013 Plan by 7.8 million shares from 12.8 million shares to 20.6 million shares. In addition, the amendment and restatement would provide, subject to shareholder approval that (i) any shares that remain available for issuance under the 2006 Plan as of the date of the 2015 annual meeting of shareholders (approximately 344,282 as of March 25, 2015) and (ii) any shares of common stock subject to awards outstanding under the 2006 Plan which expire, terminate or are otherwise surrendered, canceled, forfeited or repurchased by us at their original issuance price pursuant to a contractual repurchase right, shall be available for issuance under the 2013 Plan. Subject to shareholder approval of the amendment and restatement to the 2013 Plan, no additional equity grants will be made under the 2006 Plan after the date of the 2015 annual meeting of shareholders, but awards granted on or before such date will remain outstanding.

Our 2013 Plan utilizes “fungible” shares, with stock options counting as one share against the total authorized shares and full value awards, such as restricted stock or other stock grants, counting as 1.66 shares against the total authorized shares. We adopted this fungible share plan to provide flexibility in the types of awards we grant under our equity compensation program, while appropriately accounting for the difference between stock options and full value awards. In 2013, we implemented changes in our equity compensation program that have reduced dilution from our employee equity awards while maintaining a broad-based equity program. We believe that our equity compensation program has been fundamental to our success over the last several years and that the amendment and restatement of the 2013 Plan, which authorizes the issuance of additional shares subject to the 2013 Plan, is necessary in order to support our equity compensation program going forward.

Maintenance of Broad-Based Equity Program While Reducing Dilution

Since our inception, we have compensated all eligible employees using a mix of cash and equity. The broad-based nature of our equity compensation program is an important element of our overall employee compensation program and reflects our philosophy that it is important for all of our employees to approach their jobs with a long-term perspective. The amendment and restatement of our 2013 Plan, if approved, will provide opportunities for ownership of shares of our common stock through stock option grants, restricted stock grants and other stock-based awards to employees that in each case vest over time or on the basis of the achievement of performance objectives. Our equity compensation program rewards both past and future performance. The number of shares each employee is awarded on an annual basis is based on the employee’s performance rating for the prior year, with higher performance levels rewarded with more shares. The future value of stock options is performance-based because it is tied directly to stock price increases over time, such that stock options have value only if the stock price increases. Similarly, the value of restricted stock is tied directly to the price of our stock over time.

In 2013, our board of directors modified the 2013 target compensation for our employees to re-balance the mix of cash and equity and to weigh the equity component more toward restricted stock awards, which provide higher value for a lower number of shares. As a result of these changes, we granted on an absolute basis equity awards representing 25% fewer shares of common stock in 2014 as compared to 2012 and reduced our "burn rate" from 3.5% in 2012 to 2.3% in 2014. In addition, our "overhang" decreased from 11.6% in 2012 to 9.8% in 2014.

	2012 Equity Awards	2013 Equity Awards	2014 Equity Awards	% Change 2012 v 2014
Total Shares Subject to Equity Awards	7,525,000	6,276,000	5,629,000	(25)%
Burn Rate (1)	3.6%	2.8%	2.4%	
Overhang (2)	11.6%	9.4%	9.8%	

(1) "Burn rate" is defined as the number of equity awards granted in a specific year divided by the basic weighted average number of shares outstanding during that year.

(2) "Overhang" is defined as the sum of (i) the total number of shares underlying all equity awards outstanding as of the end of the applicable fiscal year and (ii) the number of shares available for future award grants as of the end of the applicable fiscal year, divided by the sum of (a) the total number of shares underlying all equity awards outstanding as of the end of the applicable fiscal year, (b) the number of shares

ITEM 3 - APPROVAL OF AMENDED AND RESTATED 2013 STOCK AND OPTION PLAN *(continued)*

available for future award grants as of the end of the applicable fiscal year and (c) the basic weighted average number of shares outstanding during that year.

We currently expect that we will grant fewer shares of restricted stock in 2015 than 2014. As a result, we expect that there will be a further decline in the dilution to our shareholders from our equity compensation program in 2015 as compared to 2014. However, our board and MDCC retain the discretion to determine the number shares under our equity compensation programs and could determine that it is in the best interest of the company to issue more equity compensation in 2015 than we currently expect.

Key Provisions of our 2013 Plan

The 2013 Plan includes a number of provisions designed to serve shareholders' interests and facilitate effective corporate governance, including the following:

- *Fungible Shares:* Options and other awards granted at a purchase price of 100% of the fair market value of a share of our common stock on the date of grant count against the number of shares authorized under our 2013 Plan at a rate of one share for each share granted. Any restricted stock, restricted stock units or other awards granted under the 2013 Plan at a purchase price less than 100% of the fair market value of a share of our common stock on the date of grant count against the number of shares authorized for issuance under our 2013 Plan at a rate of 1.66 shares for each share granted.
- *No Stock Option Re-pricing/Exchange:* Except in connection with specific corporate transactions (including stock dividends, stock splits, consolidations, mergers, recapitalizations and reorganizations), the 2013 Plan does not permit (i) the amendment of stock options or stock appreciation rights granted under the 2013 Plan to provide an exercise price that is lower than the then-current price per share of such outstanding option or stock appreciation right, (ii) the cancellation of any outstanding option or stock appreciation right (whether or not granted under the 2013 Plan) and the grant in substitution therefor of any award under the 2013 Plan covering the same or a different number of shares of common stock and having an exercise price per share lower than the then-current exercise price per share of the cancelled option or stock appreciation right or (iii) the cancellation in exchange for a cash payment of any outstanding option or stock appreciation right with an exercise price per share above the then-current fair market value of our common stock without shareholder approval.
- *No Discounted Stock Options or SARs:* Stock options and stock appreciation rights cannot be granted with an exercise price less than the fair market value on the date of grant.
- *No "Evergreen" Provision:* The 2013 Plan does not contain an "evergreen" or similar provision. The 2013 Plan fixes the number of shares available for future grants and does not provide for any increase based on increases in the number of outstanding shares of common stock.
- *No Reload Rights:* Stock options granted under the 2013 Plan do not contain provisions entitling participants to automatic grants of additional stock options in connection with the exercise of the original option.
- *Limitation on Re-use of Shares:* Shares that are delivered to, or withheld by, the company under an award may not be reissued under the 2013 Plan. Shares may be delivered or withheld in connection with the exercise of stock options or the payment of required withholding taxes.
- *Independent Committee:* As it relates to our employees, the 2013 Plan is administered by the MDCC, which consists of "outside directors" within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code, "non-employee directors" within the meaning of Rule 16b-3 of the Exchange Act and "independent directors" as defined by Nasdaq.

Existing Plans

As of March 25 2015, options to purchase (i) an aggregate of 3,039,762 shares having a weighted-average exercise price of \$95.06 and a weighted-average term before expiration of 9.09 years were outstanding under our 2013 Plan, (ii) an aggregate of 9,179,066 shares having a weighted-average exercise price of \$56.85 and a weighted-average term before expiration of 7.04 years were outstanding under our Amended and Restated 2006 Stock and Option Plan, or 2006 Plan, and (iii) an aggregate of 484,050 shares having a weighted-average exercise price of \$34.77 and a weighted-average term before expiration of 0.83 years were outstanding under our 1996 Stock and Option Plan. Also on March 25, 2015, there were outstanding an aggregate of 1,179,650 unvested shares of restricted stock and restricted stock units granted under our 2013 Plan and 2,280,369 unvested shares of restricted stock and restricted stock units granted under our 2006 Plan.

ITEM 3 - APPROVAL OF AMENDED AND RESTATED 2013 STOCK AND OPTION PLAN *(continued)*

We may grant additional awards under our 2013 Plan. If the amendment to our 2013 Plan is approved, we will not be able to grant additional awards under our 2006 Plan, but awards granted on or before the date of the amendment will remain outstanding. We may not grant additional awards under our 1996 Stock and Option Plan. As of March 25, 2015, there were 7,142,423 shares remaining available for award under our 2013 Plan. As of March 25, 2015, there were 344,282 shares remaining available for award under our 2006 Plan, of which 36,622 shares were available for issuance as restricted stock and/or restricted stock units and 307,660 shares were only available for issuance as stock options with an exercise price greater than or equal to the fair market value of our common stock on the date of grant.

Submission of 2013 Plan

We are submitting the amendment to our 2013 Plan to our shareholders as required under applicable rules of Nasdaq and to ensure (i) favorable federal income tax treatment under Section 422 of the Code, for any grants of incentive stock options that we may make under our 2013 Plan and (ii) continued eligibility under Rule 162(m) of the Code to receive a federal income tax deduction with respect to compensation earned upon exercise of options under our 2013 Plan.

ITEM 3 - APPROVAL OF AMENDED AND RESTATED 2013 STOCK AND OPTION PLAN *(continued)*

SUMMARY OF THE AMENDED AND RESTATED 2013 STOCK AND OPTION PLAN

A summary of the principal features of our 2013 Plan is set forth below. A copy of our 2013 Plan, as amended and restated and in the form that would become effective upon shareholder approval of this proposal, is attached to this proxy statement as Appendix A.

Administration and Eligibility for Participation

The 2013 Plan is administered by our board of directors or any committee to which it delegates all or a part of its administrative responsibilities under the 2013 Plan. Our board has delegated the administration of the 2013 Plan to the MDCC. Subject to the provisions of the 2013 Plan, our board, or an authorized committee of our board, determines the persons to whom awards under the 2013 Plan will be granted, the number of shares to be covered by each award, the exercise price per share and the manner of exercise, the terms and conditions upon which awards are granted, whether to accelerate the vesting or extend the date of exercise of any award and how to interpret the provisions of the 2013 Plan. Awards may be granted under the 2013 Plan to our employees, including officers and directors who are employees, and to our consultants, advisors and non-employee directors. As of April 10, 2015, we and our subsidiaries had approximately 1,850 employees and eight non-employee directors eligible to participate in the 2013 Plan. The number of consultants and advisors eligible for awards under our 2013 Plan varies from time to time. No participant may be granted awards in any calendar year for more than 1,000,000 shares, subject to adjustment for stock splits and similar recapitalizations.

Description of Awards

The 2013 Plan provides for the award of stock options, stock grants, and other stock-based awards. Any restricted stock grants, restricted stock units or other awards granted under the 2013 Plan at a purchase price less than 100% of the fair market value of a share of our common stock on the date of grant will count against the number of shares authorized for issuance under the 2013 Plan at a rate of 1.66 shares for each share granted. Shares of common stock reserved for awards granted under the 2013 Plan that lapse or are canceled or forfeited are added back to the share reserve available for future awards with restricted stock grants, restricted stock units or other awards granted under the 2013 Plan at a purchase price less than 100% of the fair market value of a share of our common stock on the date of grant added back to the share reserve at a rate of 1.66 shares for each share that lapses or is canceled or forfeited. Shares of common stock issued pursuant to restricted stock agreements and restricted stock unit awards typically are purchased by employees for nominal value. If we were to permit shares of common stock to be delivered to us to pay the exercise price of a stock option or to be withheld to fund the payment of taxes, those shares would not be added back to the share reserve available for future awards. No option or stock appreciation right may be granted with a term exceeding ten years from the date of grant.

Stock Options

Stock options provide award recipients with the right, subject to the terms and conditions that are specified in connection with the option grant, to purchase a specified number of shares of our common stock at a specified exercise price. Stock options granted under the 2013 Plan may be awarded as either non-qualified stock options or as incentive stock options within the meaning of Section 422 of the Code, referred to as ISOs, however only employees may receive ISOs. The maximum value of shares of common stock—determined at the time of grant—that may be subject to ISOs that become exercisable by an employee in any one year is limited to \$100,000. Since 2003, we have only granted non-qualified stock options under our equity plans.

Stock options granted under the 2013 Plan may not be granted with an exercise price that is less than the fair market value of our common stock on the date of grant, which is defined under the 2013 Plan as the average of the highest and lowest quoted selling prices on such date. ISOs may not be granted with an exercise price that is less than 110% of fair market value in the case of employees or officers holding 10% or more of our voting stock. ISOs granted to an employee or officer holding 10% or more of our voting stock must expire not more than five years from the date of grant.

Stock options granted under the 2013 Plan can only be exercised by the optionholder and are not transferable except by the laws of descent and distribution or pursuant to qualified domestic relations orders or Title I of the Employee Retirement Income Security Act or as otherwise determined by the MDCC, provided such transfer is not for value.

The 2013 Plan provides for stock option grants to non-employee directors under our director compensation program. Each non-employee director serving in office on June 1 of any year is granted, pursuant to our equity plans, a fully vested non-qualified option to purchase a specified number of shares determined from time to time by our board. Currently, each non-

ITEM 3 - APPROVAL OF AMENDED AND RESTATED 2013 STOCK AND OPTION PLAN *(continued)*

employee director receives an option to purchase 20,000 shares of our common stock on June 1 of each year. The chair of our board, if the chair is an independent director, or the lead independent director(s), if the chair is not an independent director, receive(s) an additional option grant on June 1 of each year, in each case at an exercise price equal to 100% of the fair market value per share of our common stock on the date of grant. Currently, the additional option grant to each co-lead independent director is for 2,500 shares of our common stock. The option grants to our non-employee directors, including the grants to the co-lead independent directors, are fully vested non-qualified options and have a term of ten years.

The 2013 Plan permits the MDCC to determine the manner of payment of the exercise price of options. Such methods include payment by cash or check, or, at the discretion of the MDCC, by means of a broker assisted “cashless exercise,” delivery to us of shares of our common stock, any combination of such methods or any other lawful means approved by the MDCC, other than delivery of a promissory note.

Stock Grants

A stock grant is an award of shares of common stock. Stock grants may be issued subject to restrictions on transfer and vesting requirements, as determined by the board or an authorized committee of the board. Vesting requirements may take the form of our lapsing right to repurchase the stock from the award recipient, based on either continued employment for specified time periods or on the attainment of specified business performance goals set by our board or the committee of our board. Subject to the transfer restrictions and our repurchase rights, if any, the grantee will have all rights with respect to unvested shares of common stock issued under a stock grant as are possessed by our other shareholders, including all voting and dividend rights, provided that dividends, if any, with respect to unvested shares shall accrue and be payable only upon the vesting of such shares.

Stock-Based Awards

The 2013 Plan provides that the MDCC may grant other stock-based awards, including share grants based upon specified conditions, the grant of securities convertible into shares, or the grant of stock appreciation rights, phantom stock awards or stock units, in each case upon terms and conditions established by the MDCC.

Performance Awards

Under the 2013 Plan, we will have the discretionary authority to structure one or more awards so that the shares of common stock subject to those particular awards will not vest unless certain pre-established objective performance goals are achieved, in order to qualify such awards as performance-based compensation that will not be subject to the \$1,000,000 limitation imposed by Section 162(m) of the Code on the income tax deductibility of the compensation paid to specified executive officers. Such objective goals may be based on one or more of the following criteria: (i) revenue targets or revenue growth; (ii) achievement of specified milestones in the discovery, development or regulatory approval of one or more of our drug candidates; (iii) achievement of specified milestones in the commercialization of one or more of our products; (iv) achievement of specified milestones in the manufacturing of one or more of our products; (v) cost reduction or other expense control targets; (vi) personal management objectives; (vii) stock price (including, but not limited to, growth measures); (viii) total shareholder return; (ix) income per share; (x) operating efficiency measures; (xi) operating margin; (xii) gross margin; (xiii) return measures (including, but not limited to, return on assets, capital, equity or sales); (xiv) net or total revenue levels; (xv) productivity ratios; (xvi) operating income; (xvii) net operating profit; (xviii) net earnings or net income (before or after taxes); (xix) cash flow (including, but not limited to, operating cash flow, free cash flow and cash flow return on capital); (xx) earnings or operating income before interest, taxes, depreciation, amortization and/or stock-based compensation expense; (xxi) mergers, acquisitions or divestitures objectives; (xxii) market share; (xxiii) customer satisfaction; (xxiv) working capital targets; (xxv) budget objectives and (xxvi) achievement of other balance sheet or statements of operations objectives.

Each financial measure may be determined pursuant to generally accepted accounting principles (GAAP) or on a non-GAAP basis. Such goals may reflect absolute entity or business unit performance or a relative comparison to the performance of a peer group of entities, or other external measure of the selected performance criteria, and may be absolute in their terms or measured against or in relationship to other companies comparably, similarly or otherwise situated. Such performance measures: (1) may vary by participant and may be different for different awards; (2) may be particular to a participant or the department, branch, line of business, subsidiary or other unit in which the participant works and may cover such period as may be specified by us; and (3) shall be set within the time period prescribed by, and shall otherwise comply with the requirements of, Section 162(m) of the Code.

ITEM 3 - APPROVAL OF AMENDED AND RESTATED 2013 STOCK AND OPTION PLAN *(continued)*

We may specify that such performance measures shall be adjusted to exclude or provide for appropriate adjustment for one or more of the following items: (A) asset impairments or write-downs; (B) litigation and governmental investigation expenses and judgments, verdicts or claim settlements; (C) the effect of changes in tax law, accounting principles or other laws, regulations or provisions affecting reported results; (D) the effect of exchange rates for non-US dollar denominated net sales or goals based on operating profit, earnings or income; (E) accruals for reorganization and restructuring programs; (F) any non-GAAP adjustments as described in our earnings releases or in the management's discussion and analysis of financial condition and results of operations appearing in our periodic reports; (G) items of income, gain, loss or expense attributable to the operations of any business acquired by us, any parent or subsidiary or of any joint venture established by us or any parent or subsidiary; (H) costs and expenses incurred in connection with mergers and acquisitions; (I) items of income, gain, loss or expense attributable to one or more business operations divested by us, or any parent or subsidiary or the gain or loss realized upon the sale of any such divested business or the assets thereof; or (J) the effect of any change in the outstanding shares of common stock effected by reason of a stock split, stock dividend, stock repurchase, reorganization, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other similar corporate change or any distributions to our shareholders other than regular cash dividends.

Notwithstanding any provision of the 2013 Plan, with respect to any award that is intended to qualify as performance-based compensation, we may adjust downwards, but not upwards, the number of shares payable pursuant to such award, and we may not waive the achievement of the applicable performance measures except in the case of the death or disability of the participant or a change in control of our company.

We shall have the power to impose such other restrictions on performance awards as we may deem necessary or appropriate to ensure that such awards satisfy all requirements for performance-based compensation.

Adjustments in the Event of Stock Dividends, Stock Splits, Recapitalizations or Reorganizations

The number of shares subject to stock rights and other terms applicable to such rights will be equitably adjusted if we issue a stock dividend, or in the event of a stock split, recapitalization or reorganization. In addition, in the event of certain consolidations or acquisitions or a sale of substantially all of our assets, either (i) the MDCC or the entity assuming our obligations under the 2013 Plan shall make appropriate provision for the continuation of all outstanding stock rights under the 2013 Plan or grant replacement stock rights on an equitable basis as determined by the MDCC or the relevant entity, or (ii) if there is no assumption or replacement, the vesting of all outstanding and unvested stock rights under the 2013 Plan will be accelerated and such stock rights will become fully exercisable immediately prior to such consolidation, acquisition or sale.

Effective Date, Amendment and Expiration

The 2013 Plan became effective on May 8, 2013 and will terminate on May 7, 2023. The amendment and restatement of our 2013 Plan will be effective, subject to shareholder approval, on June 4, 2015. Our board of directors may terminate or amend the 2013 Plan at any time, subject to shareholder approval under certain circumstances as provided in the 2013 Plan. No amendment or termination of the 2013 Plan will adversely affect the rights provided in any award made under the 2013 Plan prior to the plan amendment or termination. Neither our board nor the administrator has the authority to reduce the exercise price of any stock option after the date of grant, except in the case of an equitable adjustment required under the 2013 Plan. No award may be made under the 2013 Plan after the plan expiration date. Awards made prior to expiration of the 2013 Plan may extend beyond the plan expiration date.

U.S. Federal Income Tax Consequences

The discussion of federal income tax consequences that follows is based on an analysis of the Code as currently in effect, existing law, judicial decisions and administrative regulations and rulings, all of which are subject to change, and is applicable to optionees who are U.S. taxpayers.

Non-Qualified Options Options that are designated as non-qualified options are not intended to qualify for treatment under Section 422 of the Code. Options otherwise qualifying as ISOs, to the extent the aggregate fair market value of shares with respect to which such options are first exercisable by an individual in any calendar year exceeds \$100,000, also will be treated as options that are not ISOs.

A non-qualified option ordinarily will not result in income to the optionee or a deduction for us for tax purposes at the time of grant. Instead, the optionee will recognize compensation income at the time of exercise of a non-qualified option in an amount equal to the excess of the fair market value of the shares at the time of exercise over the option exercise price. Any

ITEM 3 - APPROVAL OF AMENDED AND RESTATED 2013 STOCK AND OPTION PLAN *(continued)*

compensation income may be subject to withholding taxes, and a deduction may then be allowable to us in an amount equal to the optionee's compensation income.

An optionee's initial basis in shares so acquired will be the amount paid on exercise of the non-qualified option plus the amount of any corresponding compensation income. Any gain or loss as a result of a subsequent disposition of the shares so acquired will be capital gain or loss.

Incentive Stock Options ISOs are intended to qualify for treatment under Section 422 of the Code. An ISO does not result in taxable income to the optionee or a deduction for us at the time it is granted or exercised, provided that the optionee does not dispose of the shares acquired pursuant to the option either within two years after the date of grant of the option or within one year after the shares are issued, referred to as the ISO holding period. However, the difference between the fair market value of the shares on the date of exercise and the option exercise price will be an item of tax preference that is included in alternative minimum taxable income. Upon disposition of the shares after the expiration of the ISO holding period, the optionee generally will recognize long-term capital gain or loss based on the difference between the disposition proceeds and the option exercise price paid for the shares. If the shares are disposed of prior to the expiration of the ISO holding period, the optionee generally will recognize taxable compensation, and we will have a corresponding deduction, in the year of the disposition, equal to the excess of the fair market value of the shares on the date of exercise of the option over the option exercise price. Any additional gain realized on the disposition normally will constitute capital gain. If the amount realized upon such a disqualifying disposition is less than fair market value of the shares on the date of exercise, the amount of compensation income will be limited to the excess of the amount realized over the optionee's adjusted basis in the shares.

Stock Grants With respect to stock grants that result in the issuance of shares that are either not restricted as to transferability or not subject to a substantial risk of forfeiture, the grantee must generally recognize ordinary income equal to the fair market value of shares received. Thus, deferral of the time of issuance generally will result in the deferral of the time the grantee will be liable for income taxes with respect to such issuance. We generally will be entitled to a deduction in an amount equal to the ordinary income recognized by the grantee.

With respect to stock grants involving the issuance of shares that are restricted as to transferability and subject to a substantial risk of forfeiture, the grantee generally must recognize ordinary income equal to the fair market value of the shares received at the time the shares become transferable or are not subject to a substantial risk of forfeiture, whichever occurs earlier. A grantee may elect to be taxed at the time of receipt of shares rather than upon lapse of restrictions on transferability or substantial risk of forfeiture, but if the grantee subsequently forfeits such shares, the grantee would not be entitled to any tax deduction, including as a capital loss, for the value of the shares on which the grantee previously paid tax. The grantee must file any such election with the Internal Revenue Service within 30 days of the receipt of the shares. We generally will be entitled to a deduction in an amount equal to the ordinary income recognized by the grantee.

The granting of awards under the 2013 Plan is discretionary and we cannot now determine the number or type of awards to be granted in the future to any particular person or group. For further information on awards to non-employee directors, see the section "Director Compensation" beginning on page 22 of this proxy statement.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE AMENDMENT AND RESTATEMENT OF OUR 2013 STOCK AND OPTION PLAN, THAT, AMONG OTHER THINGS, INCREASES THE NUMBER OF SHARES AUTHORIZED FOR ISSUANCE UNDER THIS PLAN BY 7.8 MILLION SHARES. THE AFFIRMATIVE VOTE BY THE HOLDERS OF A MAJORITY OF THE VOTES CAST IN PERSON OR BY PROXY ON THIS MATTER IS REQUIRED FOR THE APPROVAL OF THIS PROPOSAL.

ITEM 3 - APPROVAL OF AMENDED AND RESTATED 2013 STOCK AND OPTION PLAN *(continued)*

EQUITY COMPENSATION PLAN INFORMATION

As of March 25, 2015, there were 344,282 and 7,142,423 shares remaining available for award under our 2006 and 2013 equity plans, respectively. Under our 2006 Plan, only 36,622 shares may be granted as full value awards while under our 2013 Plan all awards may be granted as full value awards but count as 1.66 shares for each full value share awarded.

As of March 25, 2015, under all equity compensation plans:

- stock options covering 12,702,878 shares of our common stock, with a weighted average exercise price of \$65.15 and a weighted average remaining term of 7.30 years, were outstanding; and
- unvested restricted stock awards or units covering 3,460,388 shares of our common stock were outstanding.

The following table provides aggregate information with respect to all of our equity compensation plans in effect as of December 31, 2014. We are required under applicable SEC rules to disclose in this table the number of shares remaining available for issuance under our equity plans as of December 31, 2014. Accordingly, the figures in the table below do not reflect the equity grants made to our employees under the 2006 Plan or 2013 Plan since December 31, 2014.

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options	Weighted-Average Exercise Price of Outstanding Options	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (excluding securities reflected in first column)
Equity Compensation Plans Approved by Shareholders (1)	11,982,386	\$56.89	11,948,598
Equity Compensation Plans Not Approved by Shareholders (2)	20,991	\$10.41	—
Total	12,003,377	\$56.81	11,948,598

(1)These plans consist of our 2013 Plan, 2006 Plan and our Employee Stock Purchase Plan, and awards granted under our 1996 Stock and Option Plan for which we obtained shareholder approval.

(2)This category consists of certain options issued under our 1996 Stock and Option Plan for which we were not required to and did not obtain shareholder approval.

Please refer to Note M to the consolidated financial statements included in our 2013 Annual Report on Form 10-K, filed with the SEC on February 13, 2015, for a description of the material features of the 1996 Stock and Option Plan.

ITEM 4 - RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

ENGAGEMENT OF ERNST & YOUNG LLP

Our audit and finance committee is responsible for the appointment, compensation and oversight of our independent registered public accounting firm. Ernst & Young LLP has been our independent registered public accounting firm since 2005, and we believe that the selection of Ernst & Young LLP as our independent registered accounting firm for the year ending December 31, 2015 is in the best interest of our company and our shareholders.

In determining whether to reappoint our independent registered public accounting firm, our audit and finance committee undertakes an annual formal evaluation of the independent registered public accounting firm, during which it considers the quality of its discussions with and the performance of the lead audit partner, the audit team assigned to our account, the potential impact of changing our independent registered public accounting firm, the overall strength and reputation of the firm and issues pertaining to auditor independence, including fees that our independent registered public accounting firm receives for non-audit services.

Our lead audit partner for the 2014 audit had served in that role for five years. In accordance with applicable requirements, the audit and finance committee, together with Ian Smith, our executive vice president and chief financial officer, and Paul Silva, our senior vice president and controller, selected a new lead audit partner from Ernst & Young LLP for the 2015 audit. Our audit and finance committee discussed with management important criteria related to the selection of the new lead audit partner, including sound judgment, industry knowledge and experience managing audits of complex companies with substantial international operations and met with the new lead audit partner prior to her selection.

Representatives of Ernst & Young LLP are expected to attend the annual meeting, will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from shareholders.

EFFECT OF VOTE

We are not required to have shareholders ratify the selection of Ernst & Young LLP. If our shareholders do not ratify the selection, our audit and finance committee will reconsider the selection of Ernst & Young LLP for the ensuing year, but may determine that continued retention of Ernst & Young LLP is in our company's and our shareholders' best interests. Even if the appointment is ratified, the audit and finance committee, in its discretion, may direct the

appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our company's and our shareholders' best interests.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FEES

The audit and finance committee works with our management in order to negotiate appropriate fees with Ernst & Young LLP and is ultimately responsible for approving those fees. The following is a summary and description of fees for services provided by Ernst & Young LLP in 2014 and 2013.

Service	2014	2013
Audit fees	\$ 1,384,000	\$ 1,638,000
Audit-related fees	156,000	98,425
Tax fees	1,030,000	1,737,771
All other fees	1,995	1,995
Total	\$ 2,571,995	\$ 3,476,191

“**Audit fees**” represented the aggregate fees for professional services rendered for the audit of our annual consolidated financial statements, and our internal controls over financial reporting, for the reviews of the consolidated financial statements included in our Form 10-Q filings for each fiscal quarter, for statutory audits of our international operations and providing consents with respect to registration statements. In 2013, “**Audit fees**” included audit fees for Alios BioPharma, Inc., which are included because we consolidated Alios BioPharma, Inc.'s operations into our financial statements during 2013 and Alios BioPharma, Inc. was audited by Ernst & Young LLP during this period.

“**Audit-related fees**” consisted principally of fees for accounting consultations.

“**Tax fees**” consisted of fees related to tax compliance, worldwide tax planning and tax advice. In 2013, “**Tax fees**” included tax compliance fees for Alios BioPharma, Inc., which are included because we consolidated Alios BioPharma, Inc.'s operations into our financial statements through December 31, 2013. The tax fees for 2014 and 2013 consisted of:

- tax compliance and preparation fees, including the preparation of original and amended tax returns and refund claims, and tax payment planning of \$750,000 and \$798,370, respectively; and
- tax advice and planning fees of \$280,000 and \$939,401, respectively.

ITEM 4 - RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM *(continued)*

“All other fees” consisted of licensing fees paid to Ernst & Young LLP for access to its proprietary accounting research database.

AUDIT AND FINANCE COMMITTEE PRE-APPROVAL POLICIES AND PROCEDURES

Our audit and finance committee has established a policy to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. Prior to the engagement of the firm for each year’s audit, management submits to our audit and finance committee for approval a description of services expected to be rendered during that year for each of the following four categories of services and a budget for those services in the aggregate.

- **Audit services** include audit work performed in the preparation of financial statements, as well as work that generally only our independent registered public accounting firm can reasonably be expected to provide, including comfort letters, statutory audits, consents and attestation services.
- **Audit-related services** are for assurance and related services that traditionally are performed by the independent registered public accounting firm, including due diligence related to mergers and acquisitions, employee benefit plan audits, special procedures required to meet certain regulatory requirements and consultation regarding financial accounting and/or reporting standards.
- **Tax services** include all services performed by the

independent registered public accounting firm’s tax personnel except those services specifically related to the audit of our financial statements, and include fees in the areas of tax compliance, tax planning and tax advice.

- **All other fees** are those associated with services not captured in the three preceding categories.

Prior to the engagement of our independent registered public accounting firm, our audit and finance committee pre-approves these services by category of service. The fees are budgeted and our audit and finance committee requires the independent registered public accounting firm and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval. In those instances, our audit and finance committee requires that we obtain its specific pre-approval for these services.

The audit and finance committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report any pre-approval decisions to our audit and finance committee at its next scheduled meeting.

All of the services set forth above in the categories “audit-related fees,” “tax fees” and “all other fees” were pre-approved and none were approved by our audit and finance committee pursuant to Rule 2-01(c)(7)(i)(C), which relates to the approval of a *de minimis* amount of non-audit services

after the fact but before completion of the audit.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2015. THE AFFIRMATIVE VOTE BY THE HOLDERS OF A MAJORITY OF THE VOTES CAST IN PERSON OR BY PROXY ON THIS MATTER IS REQUIRED FOR THE APPROVAL OF THIS PROPOSAL.

AUDIT AND FINANCE COMMITTEE REPORT

The Audit and Finance Committee of the Board of Directors (the “Audit Committee”) of Vertex Pharmaceuticals Incorporated (the “Company”), which consists entirely of directors who meet the independence and experience requirements of the Securities and Exchange Commission and The Nasdaq Stock Market LLC, has furnished the following report:

The Audit Committee assists the Company’s Board of Directors in overseeing and monitoring the integrity of the Company’s financial reporting process, compliance with legal and regulatory requirements related to financial reporting and the quality of internal controls and external audit processes. The Audit Committee’s roles and responsibilities are set forth in a written charter, which is available on the Company’s website www.vrtx.com under “Investors—Corporate Governance—Governance Documents.” Among its duties, the Audit Committee is responsible for recommending to the Company’s Board of Directors that the Company’s financial statements be included in the Company’s Annual Report on Form 10-K. As a basis for that recommendation, the Audit Committee engaged in the following activities. First, the Audit Committee discussed with Ernst & Young LLP (“Ernst & Young”), the Company’s independent registered public accounting firm for 2014, those matters that Ernst & Young is required to communicate to and discuss with the Audit Committee by the Public Company Accounting Oversight Board (United States) Auditing Standard AU Section 380 (The Auditor’s Communication With Those Charged With Governance), which included information regarding the scope and results of the audit. These communications and discussions are intended to assist the Audit Committee in overseeing the financial reporting and disclosure process. Second, the Audit Committee discussed with Ernst & Young the firm’s independence, and received from Ernst & Young the written disclosures and the letter concerning independence as required by Public Company Accounting Oversight Board Ethics and Independence Rule 3526 (Communication with Audit Committees Concerning Independence). This discussion and disclosure informed the Audit Committee of Ernst & Young’s relationships with the Company and was designed to assist the Audit Committee in considering Ernst & Young’s independence. Finally, the Audit Committee reviewed and discussed, with Ernst & Young and with the Company’s management, the Company’s audited consolidated balance sheet as of December 31, 2014, and the Company’s consolidated statements of operations, comprehensive income (loss), shareholders’ equity and noncontrolling interest, and cash flows for the year ended December 31, 2014, including the notes thereto.

Management of the Company is responsible for the consolidated financial statements and reporting process, including establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)); establishing and maintaining internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f)); evaluating the effectiveness of disclosure controls and procedures; evaluating the effectiveness of internal control over financial reporting; and evaluating any change in internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting. The independent registered public accounting firm is responsible for expressing an opinion on the conformity of these consolidated financial statements with accounting principles generally accepted in the United States, as well as expressing an opinion on the effectiveness of internal control over financial reporting.

During 2014, management tested and evaluated the Company’s system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations. At the conclusion of the process, management provided the Audit Committee with a report on the effectiveness of the Company’s internal control over financial reporting, which the Audit Committee reviewed. The Audit Committee also reviewed the report of management contained in the Company’s Annual Report on Form 10-K for the year ended December 31, 2014 filed with the Securities and Exchange Commission, as well as Ernst & Young’s Reports of Independent Registered Public Accounting Firm included in the Company’s Annual Report on Form 10-K. The latter reports relate to Ernst & Young’s audit of (i) the consolidated financial statements and (ii) the effectiveness of internal control over financial reporting.

Based on (i) discussions with Ernst & Young concerning the audit and the consolidated financial statements, (ii) the independence discussions, (iii) discussions with the Company’s management concerning the consolidated financial statements, and (iv) such other matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Company’s Board of Directors that the consolidated financial statements be included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2014. This report is provided by the following independent directors, who comprise the Audit Committee:

Terrence C. Kearney (Chair)
Yuchun Lee
Bruce I. Sachs

ITEM 5 - ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

Our compensation program is structured to attract, retain and motivate talented, experienced leaders and reward our executive officers for the achievement of short- and long-term strategic and operational goals while avoiding inappropriate or excessive risk-taking. Our board of directors and the MDCC believe that our executive compensation program is effective in closely aligning the interests of our executive officers with the interests of our shareholders and paying for performance.

As described in the *Summary Information* beginning on page 3 of this proxy statement and *Compensation Discussion and Analysis* section beginning on page 42 of this proxy statement, we believe that our compensation program has been and will continue to be successful in attracting and motivating the right executive team to lead our company as we seek to create value through the discovery, development and commercialization of transformative medicines.

Our compensation for our named executive officers was supported by 70% of the “Say-on-Pay” advisory votes cast by our shareholders in 2014. In 2014, we continued discussions with a number of our shareholders regarding, among other matters, our executive compensation program, dilution caused by our broad-based equity compensation program and our corporate governance practices. During these discussions we listened to their perspectives and gained insight into how we could further align the interests of our company with the interests of our shareholders.

Our board of directors and MDCC reviewed our compensation programs and governance practices in light of our evolving business and made the following key decisions in 2014:

- Awarded our executive officers annual cash bonuses and equity grants at above target levels to reward them for the company's and their individual successes.
- Amended Dr. Leiden's employment agreement to extend its term through December 2017.
- Implemented a retention program designed to retain and incentivize our executive officers, including our CEO, during the critical business transition period from 2015-2017. This retention program consisted of one-time performance-contingent restricted stock grants that will be 100% forfeited if we do not achieve positive earnings, as measured by trailing twelve-month EBITDA, and that will not vest for at least three years. This performance measure was selected because we believe it is an objective financial measure that would demonstrate our transition from a research and

development organization into an integrated biopharmaceutical company capable of delivering sustained revenue and earnings growth. In addition, we believe that achieving positive EBITDA, which is difficult in the biopharmaceutical industry, has historically been an indicator of strong TSR in future periods.

Our executive compensation program, including our performance and the compensation earned by our named executive officers, is discussed in greater detail in the *Compensation Discussion and Analysis* section beginning on page 42 of this proxy statement. In that section, we discuss our executive compensation program and policies and explain the compensation decisions relating to our named executive officers for 2014. In addition, the compensation tables and related narratives, which begin on page 65 of this proxy statement, provide additional information regarding the compensation received by our named executive officers in 2014.

Based upon a vote of shareholders at the 2011 annual meeting of shareholders, following our Board's recommendation for an annual advisory vote to approve executive compensation, we are presenting the following proposal, which gives you as a shareholder the opportunity to endorse or not endorse our 2014 executive compensation program by voting for or against the following resolution:

RESOLVED, that the shareholders approve, on an advisory basis, the compensation of our named executive officers, as disclosed in the Compensation Discussion and Analysis section, the Compensation and Equity Tables and the related narrative executive compensation disclosures contained in this proxy statement.

While the vote on this resolution is advisory in nature, and therefore will not bind us to take any particular action, our MDCC and board intend to consider carefully the shareholder vote resulting from the proposal in making future decisions regarding our executive compensation program.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF THE RESOLUTION SET FORTH ABOVE. THE AFFIRMATIVE VOTE BY THE HOLDERS OF A MAJORITY OF THE VOTES CAST IN PERSON OR BY PROXY ON THIS MATTER IS REQUIRED FOR THE APPROVAL OF THIS PROPOSAL.

ITEM 6 - SHAREHOLDER PROPOSAL NO. 1

We expect the following shareholder proposal will be presented for consideration at the 2015 annual meeting of shareholders. Our board of directors recommends a vote AGAINST the shareholder proposal for the reasons set forth following the proposal.

SHAREHOLDER PROPOSAL AND SUPPORTING STATEMENT

Proposal

The Comptroller of the City of New York, as the custodian and a trustee of the New York City Employees' Retirement System, the New York City Fire Department Pension Fund, the New York City Teachers' Retirement System and the New York City Police Pension Fund, and as the custodian of the New York City Board of Education Retirement System, who collectively are the owners of our common stock with a market value of at least \$2,000, has given notice that they, or one of them, intend to present for action at the 2015 annual meeting of shareholders the following resolution:

RESOLVED: Shareholders of Vertex Pharmaceuticals Incorporated (the "Company") ask the board of directors (the "Board") to adopt, and present for shareholder approval, a "proxy access" bylaw. Such a bylaw shall require the Company to include in proxy materials prepared for a shareholder meeting at which directors are to be elected the name, Disclosure and Statement (as defined herein) of any person nominated for election to the board by a shareholder or group (the "Nominator") that meets the criteria established below. The Company shall allow shareholders to vote on such nominee on the Company's proxy card.

The number of shareholder-nominated candidates appearing in proxy materials shall not exceed one quarter of the directors then serving. This bylaw, which shall supplement existing rights under Company bylaws, should provide that a Nominator must:

- (a) have beneficially owned 3% or more of the Company's outstanding common stock continuously for at least three years before submitting the nomination;
- (b) give the Company, within the time period identified in its bylaws, written notice of the information required by the bylaws and any Securities and Exchange Commission rules about (i) the nominee, including consent to being named in the proxy materials and to serving as director if elected; and (ii) the Nominator, including proof it owns the required shares (the "Disclosure"); and
- (c) certify that (i) it will assume liability stemming from any legal or regulatory violation arising out of the Nominator's communications with the Company shareholders, including the Disclosure and Statement; (ii) it will comply with all applicable laws and regulations if it uses soliciting material other than the Company's proxy materials; and (c) to the best of its knowledge, the required shares were acquired in the ordinary course of business and not to change or influence control at the Company.

The Nominator may submit with the Disclosure a statement not exceeding 500 words in support of the nominee (the "Statement"). The Board shall adopt procedures for promptly resolving disputes over whether notice of a nomination was timely, whether the Disclosure and Statement satisfy the bylaw and applicable federal regulations, and the priority to be given to multiple nominations exceeding the one-quarter limit.

Shareholder Supporting Statement

We believe proxy access is a fundamental shareholder right that will make directors more accountable and contribute to increased shareholder value. The CFA Institute's 2014 assessment of pertinent academic studies and the use of proxy access in other markets similarly concluded that proxy access:

- Would "benefit both the markets and corporate boardrooms, with little cost or disruption."
- Has the potential to raise overall US market capitalization by up to \$140.3 billion if adopted market-wide.
(<http://www.cfapubs.org/doi/pdf/10.2469/ccb.v2014.n9.1>)

The proposed bylaw terms enjoy strong investor support – votes for similar shareholder proposals averaged 55% from 2012 through September 2014 – and similar bylaws have been adopted by companies of various sizes across industries, including Chesapeake Energy, Hewlett-Packard, Western Union and Verizon.

We urge shareholders to vote FOR this proposal.

ITEM 6 - SHAREHOLDER PROPOSAL NO. 1 *(continued)*

VERTEX'S STATEMENT IN OPPOSITION TO SHAREHOLDER PROPOSAL NO. 1

Our board of directors recommends a vote AGAINST the shareholder proposal regarding a proxy access by-law.

Our corporate governance and nominating committee, which is composed entirely of independent directors, assists the board in identifying qualified individuals to become directors, including considering candidates proposed by shareholders. In identifying nominees, the corporate governance and nominating committee considers multiple factors, as described in more detail in *Board Structure and Composition*, beginning on page 10 of this proxy statement. The board believes that the board and the corporate governance and nominating committee are best situated to assess the particular qualifications of potential director nominees and determine whether they will contribute to an effective board that addresses the evolving needs of our company and represents the best interests of our shareholders. The board believes that providing access to our proxy as set forth in the proposal would undermine the selection and nomination process undertaken by the corporate governance and nominating committee and the board.

Members of the corporate governance and nominating committee and the board have a fiduciary duty to act in the best interests of our company and all of its shareholders, not merely one or a small group of shareholders. The board also is accountable to all of our shareholders through our corporate governance policies and practices, including a requirement that directors who fail to receive the required majority vote in uncontested elections must tender their resignation for consideration by the board. Instead of this system of accountability, the proposal would provide for access to our proxy by individual shareholders or relatively small groups of shareholders who do not have a fiduciary duty, are not bound by our corporate governance policies and practices, and may nominate directors who advance their own specific agenda(s) without regard to the best interests of our company or the rest of our shareholders.

The proposal also is unnecessary because the corporate governance and nominating committee already considers candidates proposed by shareholders and evaluates them using the same criteria as for other candidates. Additionally, shareholders who want board representation can solicit their own proxies. While proxy solicitation is a complex undertaking, there is no reason why shareholders holding 3% of our outstanding shares (which at our fiscal year end constituted approximately \$861 million worth of shares) should not, if they have a legitimate interest in having their director nominee sit on our board, bear the expense of soliciting proxies.

In addition, the implementation of the proxy access proposal may lead to contested elections on an annual basis, resulting in higher board turnover and a less experienced board that lacks the understanding of our current and long-term business strategies and our industry. Annual proxy contests would require us to incur significant expenses and divert time and attention of management and the board from our strategic initiatives, operations and risk management. In fact, The United States Court of Appeals for the District of Columbia invalidated the SEC's proxy access rule precisely because the Court determined that the SEC did not adequately assess the expenses and distractions resulting from proxy contests.

FOR ALL OF THE ABOVE REASONS OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE AGAINST THE APPROVAL OF SHAREHOLDER PROPOSAL NO. 1. THE AFFIRMATIVE VOTE BY THE HOLDERS OF A MAJORITY OF THE VOTES CAST IN PERSON OR BY PROXY ON THIS MATTER IS REQUIRED FOR THE APPROVAL OF THIS PROPOSAL.

ITEM 7 - SHAREHOLDER PROPOSAL NO. 2

We expect the following shareholder proposal will be presented for consideration at the 2015 annual meeting of shareholders. Our board of directors recommends a vote AGAINST the shareholder proposal for the reasons set forth following the proposal.

SHAREHOLDER PROPOSAL AND SUPPORTING STATEMENT

Proposal

The UAW Retiree Medical Benefits Trust, an owner of our common stock with a market value of at least \$2,000, has given notice that it intends to present for action at the 2015 annual meeting of shareholders the following resolution:

RESOLVED, that shareholders of Vertex Pharmaceuticals Inc. (“Vertex”) ask the Board of Directors to report to shareholders by December 31, 2015, at reasonable cost and omitting confidential or proprietary information, on the risks to Vertex from rising pressure to contain U.S. specialty drug prices. Specialty drugs, as defined by the Center for Medicare and Medicaid Services, are those that cost more than \$600 per month. The report should address Vertex's response to risks created by:

- The relationship between Vertex's specialty drug prices and each of clinical benefit, patient access, the efficacy and price of alternative therapies, drug development costs and the proportion of those costs borne by academic institutions, foundations or the government;
- Price disparities between the U.S. and other countries and public concern that U.S. patients and payers are shouldering an excessive proportion of the cost burden; and
- Price sensitivity of prescribers, payers and patients.

Shareholders Supporting Statement

A vigorous national debate is now under way regarding appropriate pricing of specialty drugs and the impact of specialty drug costs on patient access and the health care system. We believe that the \$300,000 per year price tag of Kalydeco, Vertex's treatment for cystic fibrosis, exposes Vertex to financial and reputational risks.

The high price has led already to payer scrutiny and negative media attention. A widely reported 2013 editorial in the Journal of the American Medical Association by three pediatric pulmonologists criticized Kalydeco's “unsustainable” price, noting that financial, clinical and scientific support was provided by the National Institutes of Health, Cystic Fibrosis Foundation, physicians and patients in the development and approval of Kalydeco. (“Pricing for Orphan Drugs: Will the Market Bear What Society Cannot?” (Oct. 2, 2013)) A group of physicians sent an open letter to Vertex's CEO in 2012, arguing that Vertex “could appear to be leveraging pain and suffering into huge financial gain for speculators,” including Vertex's own executives. (<http://www.medpagetoday.com/upload/2013/5/17/CFletter.pdf>)

Arkansas' Medicaid program is requiring patients to exhaust less costly options before it will reimburse for Kalydeco. Emails released by three patients suing for access suggest that officials were concerned that a Vertex combination CF treatment in development, which could treat a larger patient population than Kalydeco, would be a “budget-buster.” (Joseph Walker, “Costly Vertex Drug is Denied and Medicaid Patients Sue,” The Wall Street Journal, July 16, 2014) Reports indicate that payers outside the U.S. have obtained significant price concessions from Vertex: an analyst stated that European payers, once a company has made more than a billion dollars from a drug, will “wake up and say 'Hang on a second, clearly you've recouped your R&D substantially, and you've made an economic return that's healthy, and we will have to go after you in terms of price because otherwise it's unfair.” (<http://www.bloomberg.com/news/2013-04-07/orphan-drug-prices-under-siege-in-austerity-minded-europe.html>)

The report requested in this proposal would allow shareholders to better evaluate the risks to Vertex associated with pressures to contain specialty drug prices.

SHAREHOLDER PROPOSAL NO. 2 (continued)

VERTEX'S STATEMENT IN OPPOSITION TO SHAREHOLDER PROPOSAL NO. 2

Our board of directors recommends a vote AGAINST the shareholder proposal requesting a specialty drug price report.

We are committed to creating transformative drugs for patients with serious diseases in specialty markets, and we believe KALYDECO is an excellent example of the benefit that we can deliver to patients, providers and families of those affected by CF. Our goal is to ensure access to our medicines, return value to our shareholders and fuel the development of additional transformative medicines for the future.

KALYDECO is the only medicine that addresses the underlying cause of CF and has shown broad and sustained systemic benefits to patients with CF, including significant improvements in lung function, decreased rates of pulmonary exacerbations, improvements in body mass index and decreased rates of hospitalization. KALYDECO has been identified by the FDA as an excellent example of the promise of personalized medicine and a breakthrough therapy for the CF community. The price of KALYDECO reflects many factors, including the benefit it provides to patients, the substantial time and cost it took to develop, the small number of patients eligible for treatment with KALYDECO and our ongoing commitment to invest in additional medicines for patients with CF and other diseases. The price balances the need for patient access, while garnering a fair return for our shareholders and ensuring sufficient investment in the discovery and development of future transformative medicines.

As part of our commitment to ensuring patients have access to our medicines, we have a comprehensive financial assistance and patient support program for those eligible for KALYDECO. We provide one-on-one support to help patients with health insurance understand and navigate their health plans, and the vast majority of our patients incur out of pockets costs of \$50 or less per month for KALYDECO. Additionally, we provide co-pay assistance for patients eligible for and enrolled in our support program and for those not eligible for co-pay support, we provide funding to independent, non-profit assistance foundations in place to assist these patients. For patients without health insurance who meet certain income criteria, we provide KALYDECO for no charge.

We are in a high risk/high return industry. A very small percentage of the potential medicines investigated by pharmaceutical companies make it through the arduous research, development and regulatory process to be approved for patient use by the FDA, and only a small percentage of these approved medicines bring in enough revenue to recoup the average cost of development. As a result, the very few drug candidates that receive FDA approval and become commercially successful must support the entire research and development enterprise. Since our incorporation in 1989, the vast majority of our expenses have been related to our research and development efforts, with a small portion of our expenses allocated to sales and marketing, resulting in approximately \$7 billion of research and development expenses for drug candidates for the treatment of CF, oncology, neurology, HCV infection and HIV infection.

With respect to specific disclosure of the risks intended to be captured in the report requested by the proponent, we believe we have made adequate reference in our periodic reports under the Securities Exchange Act of 1934, as amended. For example, our annual report on Form 10-K, filed with the SEC on February 13, 2015, includes prominent risk factors referencing these risks, including a risk factor entitled "Government and other third-party payors seek to contain costs of health care through legislative and other means. If they fail to provide coverage and adequate reimbursement rates for our products, our revenues will be harmed."

As such, we believe proponent's requested report will not benefit our shareholders and will divert the time and attention of management and the board from our strategic initiatives and operations, while also exposing the company to the potential disclosure of confidential and proprietary information that could result in competitive harm.

FOR ALL OF THE ABOVE REASONS OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE AGAINST THE APPROVAL OF SHAREHOLDER PROPOSAL NO. 2. THE AFFIRMATIVE VOTE BY THE HOLDERS OF A MAJORITY OF THE VOTES CAST IN PERSON OR BY PROXY ON THIS MATTER IS REQUIRED FOR THE APPROVAL OF THIS PROPOSAL.

COMPENSATION DISCUSSION AND ANALYSIS - OVERVIEW

This section discusses the principles underlying our policies and decisions with respect to the compensation of our "named executive officers" and all material factors we believe are relevant to an analysis of these policies and decisions. Our named executive officers, or NEOs, for 2014 were:

- Dr. Jeffrey M. Leiden, our Chairman, Chief Executive Officer and President, who has served in these roles for three years
- Ian F. Smith, our Executive Vice President and Chief Financial Officer, who has been one of our executives for 13 years
- Stuart A. Arbuckle, our Executive Vice President and Chief Commercial Officer, who joined us in 2012
- Dr. Jeffrey Chodakewitz, our Executive Vice President, Global Medicines Development and Medical Affairs and Chief Medical Officer, who joined us in 2014
- Kenneth L. Horton, who was our Executive Vice President and Chief Legal Officer from mid-2012 through early-2015

2014 Performance and Operational Results

Our compensation program is tightly connected to the achievement of strategic objectives and company performance. Applying our compensation principles in 2014, approximately 95% of the compensation for our CEO and our other named executive officers was performance-linked (see page 50).

Vertex has performed exceptionally well during both the one- and three-year periods ended December 31, 2014, which has resulted in a superior shareholder return during these periods on both an absolute basis and in comparison to our peers and broader market indices. Our share price has increased by 258% during the three years ended December 31, 2014, and our market capitalization has increased by approximately 310% during the same period. The following charts show our stock price and market capitalization for the three years ended December 31, 2014.

Share Price
(as of December 31, per share)

Market Capitalization
(as of December 31, billions)

The increase in share price and market capitalization over the one- and three-year periods ended December 31, 2014 reflected the successful execution of our business strategy. In 2014, we, among other accomplishments:

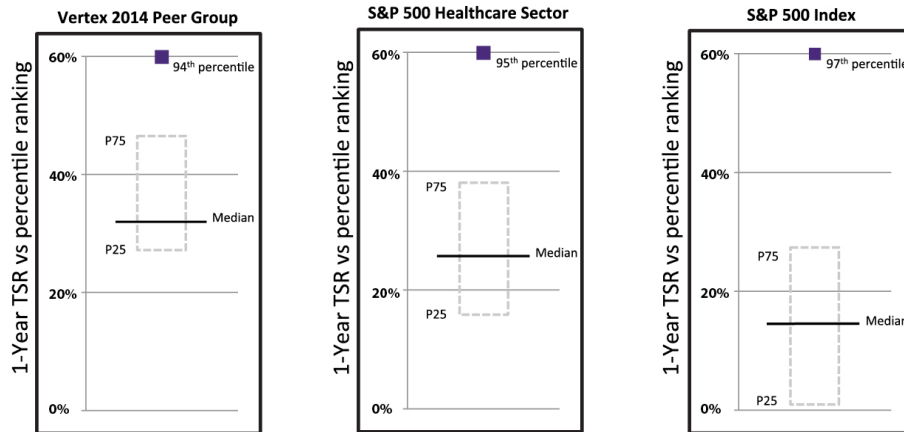

- Successfully completed Phase 3 clinical development of lumacaftor in combination with ivacaftor, demonstrating statistically significant improvements in lung function in patients with CF twelve years of age and older who are homozygous for the F508del mutation in their *CFTR* gene. This combination is the first medicine to successfully treat the underlying cause of the most prevalent form of CF, including 22,000 patients in North America, Europe and Australia who are 12 years of age or older.
- Rapidly submitted regulatory filings for lumacaftor in combination with ivacaftor in the United States and international markets, positioning our company for sustained earnings and revenue growth, if we are able to obtain timely approval and successfully commercialize this combination therapy.
- Increased our net product revenues from KALYDECO by 25% from \$371.3 million in 2013 to \$463.8 million in 2014.
- Advanced Phase 2 development of VX-661 in combination with ivacaftor allowing us to accelerate the initiation of Phase 3 clinical trials of VX-661 in combination with ivacaftor into the first quarter of 2015.
- Expanded our early-stage pipeline in CF, neurology and oncology through internal research and development.

COMPENSATION DISCUSSION AND ANALYSIS - OVERVIEW (continued)

- Maintained our financial strength through a period of lower revenues as compared to recent years by effectively managing our operating expenses and accessing appropriate financing sources.

2014 Relative Performance

During 2014, we significantly outperformed the Peer Group established by our MDCC, the S&P 500 Healthcare Sector Index and the S&P 500 overall. See *Compensation Decision-Making Process-Analysis of Compensation Practices of Comparator Companies* for more information regarding the Peer Group established by our MDCC. Our 1-year total shareholder return was 59.9% which as set forth below exceeds the 90th percentile for each of these groups.

The top and bottom dotted lines in the preceding charts indicate the 1-year total shareholder return for the 25th and 75th percentiles, respectively, for each of these groups.

2014 Compensation Decisions

In accordance with our pay-for-performance philosophy, the following actions and decisions were taken as a result of our 2014 performance:

Salary

In early 2014, our board of directors determined that salaries would remain at their current levels for our NEOs for 2014. During 2014, Dr. Chodakewitz's responsibilities increased and he was promoted from Senior Vice President to Executive Vice President. Accordingly, his salary increased from \$520,000 to \$600,000.

Annual Cash Bonus

For our 2014 annual cash bonus plan, awards for our NEOs were based on the achievement of company goals and their individual performance as determined by our board of directors based on the recommendations of our MDCC. Our 2014 annual cash bonus plan provided for payout multipliers of 0% to 150%, based on performance against company goals and the individual performance of the executive. The 2014 annual cash bonus plan provided that if either payout multiplier was 0%, there would be no payout. Further, because the maximum company and individual multipliers are 150%, the annual cash bonus of each NEO could not exceed 225% of the target bonus. In 2014, as a result of the company's overall "leading" performance, the board established a company performance factor of 150%. Each individual executive's bonus was determined based upon the company performance factor as further modified by individual performance factors, which ranged between 80% and 150% in 2014. The cash bonus awards to the NEOs for 2014 performance were calculated as follows:

COMPENSATION DISCUSSION AND ANALYSIS - OVERVIEW (continued)

Name	Base Salary Dec. 31, 2014		Individual Incentive Target	=	2014 Target Bonus		Company Performance Factor		Individual Performance Factor	=	2014 Performance Cash Bonus

Kenneth L. Horton	\$ 465,000	x	50%	= \$	232,500	x	150%	x	80%	= \$	279,000

Annual Equity Grants

Each of our executive officers is eligible annually for equity grants based on the individual executive officer's performance rating and level (see page 58 for equity award guidelines by performance rating and level). Our CEO received the highest possible rating for 2014 and received awards at above target levels based on his performance. The total equity awards made to each of our NEOs for 2014 performance are as follows:

Name	Annual Target		2014 Individual Performance Rating	Stock Options Awarded in July 2014	Stock Options Awarded in February 2015	Actual Award based on 2014 Performance	
	Stock Options	Restricted Stock				Total Stock Options Awarded	Restricted Stock Awarded in February 2015
Jeffrey M. Leiden	213,000	43,000	Leading Exemplary	106,500	213,000	319,500	64,500

Retention Program:

During 2014, our board of directors and MDCC determined that retaining and maintaining stability in our executive team at this critical juncture for our company will be essential to successfully navigating the next several years and that the loss of any of our executive officers could cause considerable disruption to our business. Our board and MDCC also recognized that there is intense competition for talented executives in the pharmaceutical industry, and a limited number of individuals who possess the requisite mix of management skills and technical expertise required to successfully lead the crucial functions of a complex global biopharmaceutical company. As a result, our board and MDCC determined that providing meaningful long-term equity incentives for our executive officers to remain with our organization through this period would be in the best interests of our business and our shareholders.

To this end, in the fourth quarter of 2014, we granted each member of our executive team a one-time performance-contingent retention award designed to retain them through this period and to reward them only if the company continues its track record of success under their leadership. The following table sets forth the retention awards granted in the fourth quarter of 2014 to each of our NEOs.

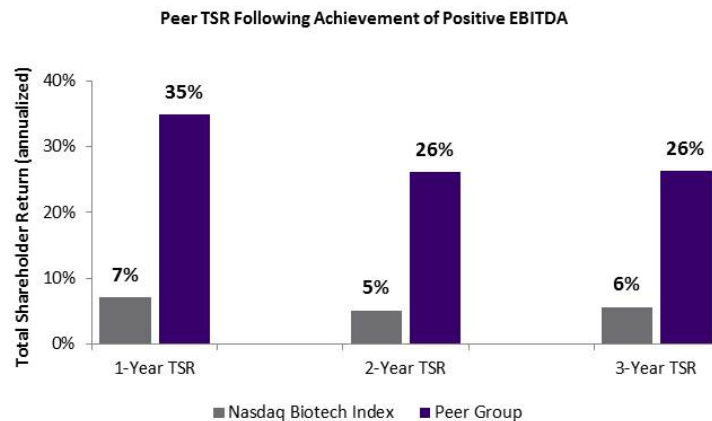

Name	One-time Performance-Contingent Retention Awards (Restricted Shares)
Jeffrey M. Leiden	125,000
Ian F. Smith	75,000
Stuart A. Arbuckle	75,000
Jeffrey Chodakewitz	75,000
Kenneth L. Horton	40,000

In designing these awards, we considered that several of our major shareholders have expressed a strong preference for incentive compensation that is 100% performance-contingent. These awards will not vest for at least three years and will be 100% forfeited if we do not achieve positive earnings, as measured by 12-month trailing positive EBITDA. Trailing 12-month positive EBITDA was selected as the performance measure because we believe it is an objective financial measure

COMPENSATION DISCUSSION AND ANALYSIS - OVERVIEW (continued)

that would demonstrate our transition from a research and development organization into an integrated biopharmaceutical company capable of delivering sustained revenue and earnings growth.

In addition, the achievement of sustained earnings, as measured by trailing 12-month positive EBITDA, by our Peer Group has historically been indicative of a strong TSR in the three-year period following the initial attainment of such measure, as indicated in the chart below:

The preceding table reflects the eight U.S. companies in our Peer Group (Alexion Pharmaceuticals, Inc., Biogen Idec Inc., BioMarin Pharmaceuticals Inc., Celgene Corporation, Cubist Pharmaceuticals, Inc. Regeneron Pharmaceuticals, Inc., Salix Pharmaceuticals, Ltd. and United Therapeutics Corporation) that first achieved positive EBITDA after 2000 and sets forth the average TSR of these eight companies over the one-, two- and three- year periods following the year in which these companies first achieved positive EBITDA. For comparison, we also have included the average TSR of the Nasdaq Biotech Index for the comparable periods.

Total Compensation and Total Realized Compensation

Total compensation for our NEOs in 2014 is set forth under the caption “Total Compensation” in the table below. To supplement this information, we have included a column entitled “Total Realized Compensation,” which subtracts the grant-date fair value of equity awards granted in 2014 and substitutes the actual value realized on the exercise of stock options and the vesting of restricted stock awards during 2014. The grant-date fair value of equity awards in 2014 includes the fair value of the one-time performance-contingent retention awards granted to our executives, which accounted for approximately 40% of our CEO’s 2014 total compensation and a majority of 2014 total compensation for each of our other NEOs.

Named Executive Officer	Salary	Annual Cash Bonus	Grant-Date Fair Value of Q1 and Q3 2014	Grant-Date Fair Value Q4 2014	Total Compensation	Total Realized Compensation

For more information regarding our NEOs’ compensation as calculated under SEC rules, see the narrative and notes accompanying the *Summary Compensation Table* set forth beginning on page 65 of this proxy statement. For more information regarding the calculation of “Total Realized Compensation” see the narrative accompanying the *Total Realized Compensation Table* on page 67 of this proxy statement.

COMPENSATION DISCUSSION AND ANALYSIS - OVERVIEW (continued)

Pay and Performance Alignment

To understand our NEOs' pay and performance alignment, we compared our TSR performance and NEO compensation against companies in our Peer Group over a three-year period, given the emphasis on long-term compensation.

From 2012 through 2014, we had a three-year TSR of 52.9% on an annualized basis. On this basis, we outperformed (i) our Peer Group, (ii) the S&P 500 Healthcare Sector Index and (iii) the S&P 500 overall. Our TSR was at the 84th percentile with respect to our Peer Group, which was overall a high performing group. Our relative TSR performance against both companies in the S&P Healthcare Sector Index and companies in the S&P 500 Index was above the 90th percentile level.

The top and bottom dotted lines in the preceding charts indicate the 3-year total shareholder return for the 25th and 75th percentiles, respectively, for each of these groups.

We considered pay and performance alignment based on “realized” and “realizable” perspectives.

- **Realized compensation** is compensation actually received during the year based on the executive’s total compensation as calculated under SEC rules, excluding the grant-date fair value of equity awards and substituting the actual value realized on the exercise of options and the vesting of restricted stock as set forth in our “Total Realized Compensation Table” on page 67 of this proxy statement. Accordingly, it excludes unvested grants and other amounts that will not actually be received, if at all, until a future date.
- **Realizable compensation** is actual salary received, payouts from non-equity incentive plan compensation, the value of time-based shares granted during the period, the in-the-money value of stock options granted during the period, and the value of performance stock or units granted during the period, assessed at payout value, if applicable, and based upon the target value of underlying shares if the performance period has not yet concluded. All equity grants are valued as of December 31, 2014, the last day of the three-year performance period. With respect to options, the value is based on the difference between the exercise price and the fair market value of the company's stock on December 31, 2014. It excludes grants of cash or equity awards outside the three-year performance period.

From both perspectives, the compensation paid to our NEOs during 2012-2014 shows a strong connection to our TSR relative to our Peer Group, as shown in the graphs below. Data points that are within the shaded area designate Peer Group companies that exhibit pay-for-performance alignment. Data points above the shaded area identify Peer Group companies where pay was lower on a relative basis than the organization’s relative performance, and those data points below the shaded area suggest pay that is higher on a relative basis than the organization's relative performance.

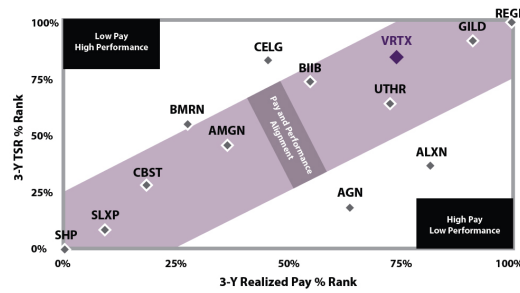

From a realized pay perspective, our CEO and NEOs average three-year realized compensation approximated the 50th and 75th percentiles of our Peer Group’s CEOs and NEOs, respectively, and from realizable pay perspective, our CEO and NEOs

COMPENSATION DISCUSSION AND ANALYSIS - OVERVIEW (continued)

average realizable compensation over the three-year period from 2012 through 2014 approximated the 50th and 65th percentiles of our Peer Group's CEOs and NEOs. Our three-year TSR approximated the 84th percentile of our Peer Group.

CEO 3-year Realized Comp. vs. TSR

Other NEO 3-year Realized Comp. vs. TSR

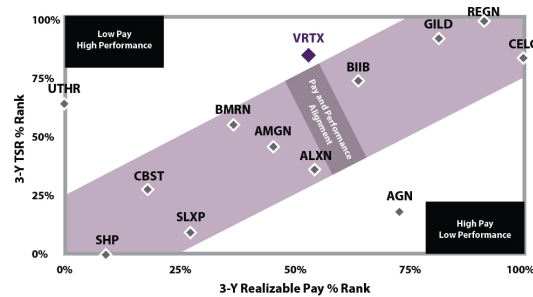

In the preceding graphs regarding

realized compensation:

- Realized compensation was determined using (i) Vertex's realized compensation for 2012-2014 and comparing it to (ii) our Peer Group's realized compensation for 2011-2013, which is the most recent period for which data was available as of December 31, 2014, in each case as reported by the applicable company in their proxy statement.
- TSR was determined using the actual TSR for Vertex and each of the companies in our Peer Group for the period from 2012-2014.

CEO 3-year Realizable Comp. vs. TSR Other NEO 3-year Realizable Comp. vs. TSR

In the preceding graphs regarding realizable compensation:

- Realizable compensation was determined using our realizable compensation for 2012-2014 and comparing it to our Peer Group's realizable compensation for 2012-2014, in each case valuing all equity grants as of December 31, 2014. For 2014, realizable compensation values for companies in our Peer Group were estimated based on Form 4 filings for equity awards and the assumption that compensation amounts were the same in 2014 as in 2013 for other forms of compensation.
- TSR was determined using the actual TSR for Vertex and each of the companies in our Peer Group for the period from 2012-2014.

Shareholder Engagement

Compensation for our NEOs was supported by 70% of the "Say-on-Pay" advisory votes cast by our shareholders in 2014. In 2014, we continued discussions with a number of our shareholders regarding, among other matters, our executive compensation program and dilution caused by our broad-based equity compensation program. During these discussions we listened to their perspectives and gained insight into how we could further align the interests of our company with the interests of our shareholders.

Over the last several years, our board of directors and MDCC reviewed our compensation program in light of our evolving business and made the following changes to address shareholder concerns:

COMPENSATION DISCUSSION AND ANALYSIS - OVERVIEW *(continued)*

- *Reduced Dilution to Shareholders.* Implemented a significant modification to our equity compensation programs that resulted in a 25% decrease in the number of shares we granted under our equity programs in 2014 as compared to 2012 and a decrease in our annual dilution rate from 3.6% to 2.4% over the same period. We expect the dilution rate to decrease further in 2015 as compared to 2014.
- *Performance-Contingent Equity.* Expanded our use of performance-contingent equity with our 2014 retention program.
- *Policy Against Tax Gross-Up Payments:* Adopted a policy, consistent with our long-term practices, that we will not enter into or amend any agreement to pay 280G exercise tax gross-ups to executives, except to the extent an executive was eligible for this benefit as of the adoption date of this policy.
- *Director Stock Ownership Guidelines:* Adopted stock-ownership guidelines for our non-employee directors to complement the CEO and executive stock-ownership guidelines our board of directors had previously adopted.

COMPENSATION DISCUSSION AND ANALYSIS - DETAILED DISCUSSION AND ANALYSIS

DETAILED DISCUSSION AND ANALYSIS

Our compensation program is designed to attract, retain and motivate talented and experienced individuals across all areas of our business and to align the interests of our executive officers with the interests of our shareholders as we seek to create value through the discovery, development and commercialization of transformative medicines.

This detailed discussion and analysis of our compensation program will focus on compensation arrangements with our NEOs for service during 2014 and will focus on the following topics:

- Elements of 2014 annual compensation, beginning on page 49 of this proxy statement;
- 2014 retention program utilizing one-time performance-contingent restricted stock awards, beginning on page 58 of this proxy statement; and
- Other-than-annual compensation arrangements, beginning on page 59 of this proxy statement.

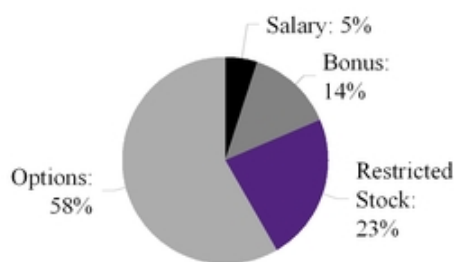

Our MDCC and our board of directors seeks to connect the achievement of our strategic objectives with our compensation program in a number of ways, including through company goals that underlie our annual cash bonuses and the performance goals included in our equity awards. For example, the one-time retention awards granted in 2014, are strictly performance contingent and will only vest if we achieve 12-month trailing positive EBITDA, while the restricted stock awards we grant to our executive officers on an annual basis accelerate on the achievement of either financial goals (such as specific revenues for our products or a specific product) or objective development goals (such as the commencement of a pivotal trial in a disease area). Similarly, our company goals involve a mix of goals relating to revenues from our current products, achievement of research and development objectives, our organizational capability and maintenance of our financial strength. These objectives are selected specifically because they are considered by our board to be objective milestones that our company must achieve if it is to maintain its movement towards significant revenue growth and sustainable profitability. As we continue to transition from a research and development company into a global biopharmaceutical organization, our MDCC and board of directors expects to continue to seek to balance the use of financial metrics and research and development goals in order to motivate our executive team to increase revenues and manage operating expenses, while providing appropriate incentives for our management to continue to make appropriate investments in our business.

Elements of Annual Compensation

The elements of our annual executive compensation program are base salary, annual cash bonus, equity awards in the form of stock option and restricted stock grants, and benefits available to all our employees, including health insurance, matching payments under our 401(k) plan and payment of life insurance premiums. Each year we review the balance of the elements of our executive compensation program to ensure that they are appropriately designed in light of our goals to align the program with our shareholders' interests, the competitive environment and our business strategy.

The following chart sets forth the mix of compensation from our annual compensation program for 2014 for our CEO and separately for our other NEOs based on their reported compensation, excluding the fair-value of the one-time performance-contingent retention awards that we granted our named executive officers in the fourth quarter of 2014.

2014 OTHER NEO PAY MIX
(excluding retention grant)

COMPENSATION DISCUSSION AND ANALYSIS - DETAILED DISCUSSION AND ANALYSIS *(continued)*

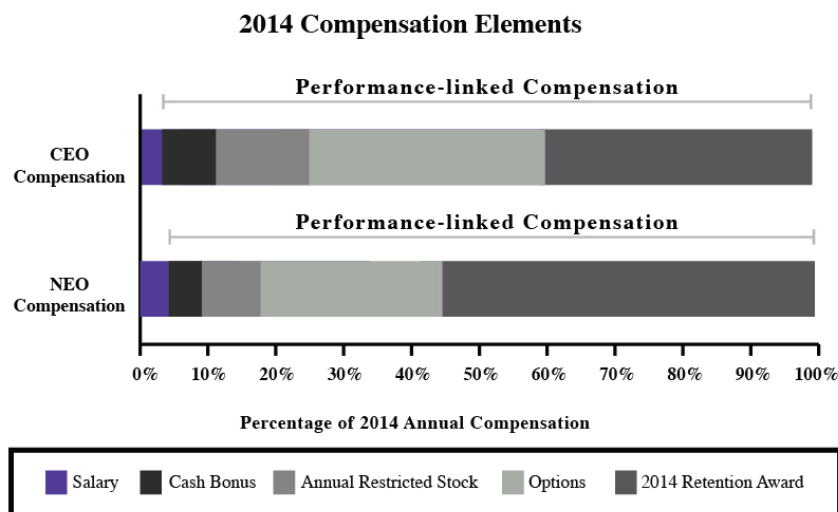

Consistent with our goal of connecting our compensation program with our strategic objectives and company performance, the vast majority of our annual compensation is performance-linked, as follows:

Annual Cash Bonus	<ul style="list-style-type: none"> ▶ Annual bonus dependent on company performance factors ▶ Annual bonus dependent on individual performance ▶ Potential range of bonus 0% to 225% of target bonus
Stock Options	<ul style="list-style-type: none"> ▶ Number of options granted based on individual performance ▶ Potential range of stock options-50% to 150% of target (see page 58 of this proxy statement) ▶ Value of awards tied to potential increases in share price with no value to executive unless share price increases
Performance-Accelerated Restricted Stock	<ul style="list-style-type: none"> ▶ Number of shares granted based on individual performance ▶ Potential range of restricted stock awards-50% to 150% of target (see page 58 of this proxy statement) ▶ Value of awards increases or decreases based on increases or decreases in stock price ▶ Vesting of awards accelerates if objective performance criteria based on financial or development milestones are achieved

In addition, the one-time performance-contingent retention awards that were granted in the fourth quarter of 2014 are linked to our long-term performance, as follows:

One-time Performance-Contingent Retention Awards	<ul style="list-style-type: none"> ▶ 100% of award forfeited if we do not achieve positive earnings, as measured by trailing twelve-month positive EBITDA ▶ Awards will not vest for at least 3-years, linking the value of the award to our long-term performance ▶ Value of retention awards increases or decreases based on increases or decreases in stock price
--	---

In total, approximately 95% of our CEO's and named executive officers' 2014 compensation, including the one-time performance-contingent retention awards, was linked to performance.

COMPENSATION DISCUSSION AND ANALYSIS - DETAILED DISCUSSION AND ANALYSIS *(continued)*

Base Salary (5-10% of Annual Compensation)

The MDCC recommends base salaries for each of our executive officers on the basis of a market analysis, on a position-by-position basis. Annually, the MDCC reviews tables showing a comparison of each executive's prior year base salary and cash bonus opportunity, measured at the target level, to salaries and cash bonuses reported for executives with similar responsibilities at comparable companies. For a discussion of our practices in selecting comparator companies, the identity of our comparator companies and our use of comparative compensation data, see the discussion below under the heading *Compensation Decision-Making Process-Analysis of Compensation Practices of Comparator Companies*. We do not strictly benchmark to a particular level of compensation relative to compensation levels at the comparator companies, but rather make a subjective judgment about where each executive should fall in comparison with executives with similar responsibilities at the comparator companies, taking into account the executive's general level of experience and capability, the significance of his or her job responsibilities to the achievement of our business strategy and company goals, and general performance over time, including demonstration of the values and desirable behaviors under our core values program. On the basis of that information, including compensation at comparator companies, and taking into consideration the executive's base salary for the previous year, the MDCC recommends an appropriate salary for each executive officer, subject to final approval by our independent directors.

In early 2014, our board of directors determined that salaries would remain at their current levels for our NEOs for 2014. During 2014, Dr. Chodakewitz's responsibilities increased and he was promoted from Senior Vice President to Executive Vice President. Accordingly, his salary increased from \$520,000 to \$600,000.

In December 2014, our board negotiated an extension to the term of Dr. Leiden's employment agreement, which resulted in a salary increase, effective January 1, 2015. Our board and MDCC considered, among other factors, our success during his tenure as our CEO and the salaries of the CEOs for companies in our Peer Group, and increased Dr. Leiden's salary from \$1,100,000 to \$1,300,000, which was the median of the salaries of the CEOs in our Peer Group reflecting our board's overall assessment based on the factors above.

Performance-Linked Elements of Compensation - Annual Cash Bonus and Equity Awards (90-95% of Annual Compensation)

Two of the principal elements of our executive compensation program - annual cash bonus and annual equity awards - are awarded in amounts determined on the basis of annual performance. The cash bonus (referred to in the *Summary Compensation Table* on page 65 of this proxy statement as "Non-Equity Incentive Plan Compensation") is determined based on a formula that incorporates the executive's base salary, target bonus and separate company-wide and individual performance ratings. Annual equity award amounts are determined on the basis of the executive's individual performance rating.

Annual Company Performance Rating

At the beginning of each year, our board of directors, in consultation with our CEO, establishes company-wide goals for that year. Our performance against these goals is the most important factor considered by the board in assessing our corporate performance, but our board considers additional accomplishments and may increase or decrease the performance score by up to 10 points based on these additional factors. The maximum company rating cannot exceed leading. At year end, the board assigns a company performance rating intended to reflect performance at one of the following levels:

Score	Company Rating
90-100	Leading
70-89	Strong
25-69	Building
0-24	Not Building

Although the directors discuss and analyze our performance as a group, each director makes his or her own judgment about specific performance factors and accomplishment of the goals in reaching a conclusion.

2014 Company Rating

Our 2014 company performance score was 99, corresponding to a company rating of "leading" performance. For 2014, the board of directors set company goals and assigned relative weights that reflected our operational, strategic and financial

objectives for the year and the importance of these goals to our long-term goals of significant revenue growth and achieving sustainable profitability. Our 2014 weighted goals and the year-end score assigned by the board are set forth in the following table:

In assigning a company performance rating of “leading” for 2014, our board of directors considered the following:

Goals - Marketed and Approval-Stage Products

KALYDECO. KALYDECO net product revenues increased by 25% from \$371.3 million in 2013 to \$463.8 million in 2014. These increases were driven by strong patient compliance rates in the United States and Europe and to additional patients being treated with KALYDECO as we obtained regulatory approvals and completed reimbursement discussions in various jurisdictions. KALYDECO net product revenues were lower than our initial guidance for 2014 because approvals and completing reimbursement in specific markets took longer than expected. The overall label and market expansions we achieved in 2014 met or exceeded our expectations, which positions us for continued KALYDECO net product revenue growth in 2015.

Lumacaftor in Combination with Ivacaftor. In 2014, we obtained positive results from the Phase 3 development program for lumacaftor in combination with ivacaftor in patients with CF twelve years of age and older who are homozygous for F508del mutation. Within five months of completing our Phase 3 clinical trials of lumacaftor in combination with ivacaftor, we submitted an NDA to the FDA and an MAA to the EMA for lumacaftor in combination with ivacaftor, and are expecting to obtain approval to market the combination therapy in the United States in mid-2015 and in the European Union in the fourth quarter of 2015. We estimate that there are approximately 22,000 of patients with CF twelve years of age and older who are homozygous for F508del mutation in North America, Europe and Australia. In addition, in 2014 we began preparing for the potential launch of lumacaftor in combination with ivacaftor in the United States and ex-U.S. markets and built out our commercial infrastructure and supply chain for the combination therapy.

COMPENSATION DISCUSSION AND ANALYSIS - DETAILED DISCUSSION AND ANALYSIS *(continued)*

For marketed and approval-stage products goals, our board assigned the company a score of 46 out of 50, due to (1) our success in expanding our KALYDECO revenues, which resulted in KALYDECO net product revenues that increased by 25% balanced against our KALYDECO net product revenues being lower than initial guidance and (2) our exceptional achievements in rapidly completing the regulatory submissions for lumacaftor in combination with ivacaftor and preparing our company for the global launch of this combination therapy positioning us for revenue growth in future periods.

Goals - Pipeline Growth (Late and Early-Stage)

We made significant progress in our research and development programs and with respect to business development activities.

CF. In June 2014, we successfully completed two Phase 3 clinical trials, referred to as TRAFFIC and TRANSPORT, of lumacaftor in combination with ivacaftor. We are developing lumacaftor in combination with ivacaftor for patients with CF who have two copies (homozygous) of the F508del mutation in their *CFTR* gene, which is the most prevalent form of CF. In addition, we conducted Phase 2 clinical trials of VX-661 in combination with ivacaftor, which allowed us to accelerate the initiation of Phase 3 clinical trials of this combination therapy into the first quarter of 2015. In 2014, we advanced our CF research program to identify additional corrector compounds that could be included in future dual- and/or triple-combination treatment regimens that have the potential to provide additional benefits to patients with CF.

Research and Early-stage Development. We also advanced multiple other research and early-stage development programs, including programs in the areas of oncology and neurology. For example, in oncology, we are evaluating VX-803 and VX-970 in patients with advanced solid tumors. We expect to initiate clinical development for at least two additional compounds from our research programs in 2015.

Business Development. We in-licensed VX-210 (formerly referred to as Cethrin) for the treatment of patients with spinal cord injuries and expect to commence a Phase 2b clinical trial of VX-210 in late-2015. We also out-licensed VX-787, a drug candidate for the treatment of influenza, which resulted in \$35.0 million in revenues in 2014. Through this collaboration, we facilitated the advancement of a non-core asset that has the potential to provide significant benefits to patients and retained a financial interest in the asset through potential milestones and royalties payable to us if VX-787 is successfully developed and commercialized.

HCV. In 2014, we evaluated data regarding VX-135 and the competitive landscape for treatments for HCV infection and terminated our collaboration agreement with Alios BioPharma, Inc. in order to reduce our costs and focus our resources on other research and early-stage development programs.

On the basis of the accomplishments in advancing our research and development programs and, in particular, the advancement of our CF programs across multiple initiatives, the board assigned the company a score of 18 out of 20 for our research and development goals.

Goals - Organizational Development and Capability

Talent and expertise. We strengthened our organizational capabilities by attracting, developing and retaining the key talent necessary to operate our business, including the implementation of leadership development programs.

Systems. We completed on schedule and on budget the implementation of a new human resources software platform and the upgrade of our Oracle enterprise resource planning system.

Relocation. We seamlessly transitioned our Massachusetts operations and successfully moved 1,300 employees from Cambridge to Boston, which allowed us to consolidate our headquarters into one campus and to update our physical infrastructure, including our laboratories and other research facilities.

Compliance. We successfully expanded our compliance policies, including implementing our global spend transparency program in order to comply with evolving regulations.

To reflect the improvements to our organizational structure, processes and systems achieved in 2014, the board assigned the company a score of 9 out of 10 for our organizational development and capability goals.

COMPENSATION DISCUSSION AND ANALYSIS - DETAILED DISCUSSION AND ANALYSIS *(continued)*

Goals - Financial Strength

We met all of our financial strength goals in 2014. We ended the year with approximately \$1.39 billion in cash, cash equivalents and marketable securities, which was a decrease of \$78.0 million compared to the prior year. Despite decreasing net product revenues as we exited the HCV market, we maintained our financial strength as we prepared for the potential launch of lumacaftor in combination with ivacaftor by managing our operating expenses and obtaining non-dilutive financing in the form of a \$300.0 senior secured term loan.

As a result of our success in maintaining our financial strength by managing our operating expenses and securing a strong cash position, the board assigned the company a score of 20 out of 20 for our financial stability goals.

Additional Factors

In connection with determining our 2014 company rating, our board of directors awarded additional points for additional achievements, including:

- the activities that led to the approval in the United States of KALYDECO as a treatment for patients with CF who have the R177H mutation in their *CFTR* gene following a Phase 3 clinical trial in which the primary endpoint was not achieved;
- significant cost-savings and operational efficiencies achieved relating to real estate activities and international expansion activities; and
- progress on key recruitment/retention priorities and gender diversity initiatives.

Annual Cash Bonus (Non-Equity Incentive Plan Compensation) (10-15% of Annual Compensation)

The annual cash bonus paid to each of the executive officers is calculated by multiplying the executive officer's target bonus by both the company performance factor and the individual performance factor, in accordance with the following formula:

Target Bonus		x	Performance Factors		=	Cash Bonus		
Base Salary (at year end)	×	Individual Incentive Target (expressed as a percentage of base salary)	×	Company Performance Factor (expressed as a percentage of the target bonus)	×	Individual Performance Factor (expressed as a percentage of the target bonus)	=	Annual Cash Bonus Award

Target Bonus/Individual Incentive Targets

Individual incentive targets are assigned on the basis of responsibility level, and are higher for positions of greater responsibility. Thus, a greater portion of annual cash compensation is contingent on performance for our executives than for our other employees, reflecting our policy that a significant portion of executive compensation should be performance-based.

The individual incentive targets (expressed as a percentage of base salary) for our NEOs are set forth below:

Position	2014 Individual Incentive Target
Chief Executive Officer	120%
Executive Vice President	50%

The individual incentive targets were established, and are reviewed annually, by the MDCC based on available data about comparator company compensation. These individual incentive targets have remained unchanged since we modified our compensation program in 2012.

Performance Factors

The MDCC determines each executive's annual bonus amount by multiplying his or her target bonus by performance factors based on both the company performance rating and the individual performance rating for the completed year. These

COMPENSATION DISCUSSION AND ANALYSIS - DETAILED

DISCUSSION AND ANALYSIS *(continued)*

adjustments allow for payouts significantly above the target bonus in a year where both the individual executive and the company significantly exceed performance expectations, and awards significantly below the target bonus in years in which the company and/or the executive falls short of performance expectations.

- **Company Performance Factors.** When our board of directors assigns a performance rating for the completed year, it also assigns a company performance factor for executives from within a pre-specified range of company performance factors. The company and individual performance factor ranges are designed to reward superior performance with total compensation that compares favorably to that of executives at our comparator companies while not reaching such compensation levels when outstanding performance is not achieved. These possible company ratings and corresponding company performance factor ranges are set forth in the table below:

Company Rating	Company Performance Factor
Not Building	0%-25%
Building	0%-80%
Strong	80%-120%
Leading	120%-150%

As discussed above, for 2014, our board of directors assigned the company a “leading” rating, as discussed above, and a company performance factor of 150%, which is at the top end of the range for a “leading” company performance rating.

- **Individual Performance Factors.** The possible individual ratings and corresponding individual performance factor ranges for our executive officers in 2014 are set forth in the table below:

Individual Rating	Individual Performance Factor
Not Building	0%
Building	50%-80%
Strong	80%-120%
Leading	120%-150%
Leading/Exemplary	150%

The MDCC evaluates executives’ individual performance on a “results-based, values-tempered” basis, which takes into account not only “what” was accomplished, but “how” it was accomplished. The results-based component evaluates the executive officer’s performance in his or her individual role and as a leader of our company in achieving our objectives. The possible individual results-based performance ratings are “not building,” “building,” “strong” or “leading.” The values-tempered component of the individual evaluations builds upon our company core values: “uncompromising commitment to patients;” “innovation is our lifeblood;” “fearless pursuit of excellence” and “we wins.” Under our Values Into Practice program, we expect all employees to demonstrate our company core values in all aspects of job performance. We further expect that our executives will be stewards of our core values, and the performance ratings assigned to them incorporate our board’s assessment of the strength of their leadership with respect to, and demonstration of, value-based behavior. This evaluation results in ratings of “not demonstrating,” “living the values” or “exemplary demonstration.” The possible individual performance ratings under this program are as set forth in the following table:

Values Evaluation	Results Evaluation			
	Not Building	Building	Strong	Leading
Exemplary Demonstration	[Not Possible]	Strong	Leading	Leading/Exemplary
Living the Values	Not Building	Building	Strong	Leading
Not Demonstrating	Not Building	Not Building	Building	[Not Possible]

The 2014 results-based rating recommendation for each NEO, other than our CEO, is the combined result of the committee members’ observations and review of the executive’s role in the accomplishment of the corporate goals, and factors and recommendations provided to the MDCC by our chief executive officer made on the basis of his independent assessment of each executive officer’s performance. The MDCC and Dr. Leiden discussed the recommendations at length, on both an

COMPENSATION DISCUSSION AND ANALYSIS - DETAILED DISCUSSION AND ANALYSIS *(continued)*

individual-by-individual basis, and on a comparative basis. Upon completion of these discussions, the MDCC finalized its recommendation for the results-based rating for each executive, taking into account Dr. Leiden's recommendations, factors considered in the discussions and the opinions of MDCC members based on the executive's contributions and the committee members' interactions with the executive. When considering the more subjective values-based rating, the MDCC also discussed Dr. Leiden's recommendations, giving Dr. Leiden's recommendations greater weight when determining the values-based rating than when determining the results-based rating, because the values-based rating is pertinent to the executive's daily interactions in carrying out his or her duties. Furthermore, the MDCC believes that, in his role as CEO, Dr. Leiden had greater visibility than the committee members into the quality of these interactions. Taking into account all of the factors raised in the discussion and the assigned individual performance rating, the MDCC assigns an individual performance factor for each NEO within the ranges set forth above.

2014 Individual Ratings and Individual Performance Factors for Named Executive Officers

On the basis of the MDCC's recommendation, our independent directors rated Dr. Leiden's overall performance for 2014 as "leading/exemplary." The performance rating for Dr. Leiden combined a "leading" results-based rating with an "exemplary demonstration" values-based rating. The results-based rating derived principally from the company's performance, with a score of 99 on a 100 point scale, and in part from his actions in leading the company's successful execution of its strategy for 2014. Dr. Leiden's personal and leadership qualities, as well as his strategic vision, experience in the operational aspects of development, manufacture and commercialization of pharmaceutical products, and successful stewardship of our company over the last several years position him to continue to lead our company as we seek to achieve our vision by obtaining approval for, and successfully commercializing, lumacaftor in combination with ivacaftor and expanding our pipeline of drug candidates, while achieving an operating expense profile that supports earnings growth. These qualities further led our directors to assign Dr. Leiden the values-based rating of "exemplary demonstration" for his stewardship of our Values Into Practice program.

The MDCC recommended a "leading/exemplary" rating for Mr. Smith based on a results-based rating of "leading" and a values-based rating of "exemplary demonstration." Mr. Smith's results-based rating derived in part from the company's leading performance and in part from the performance of Mr. Smith's areas of responsibility (including finance and accounting, business development, investor relations, real estate and information systems), particularly with respect to maintaining our financial stability and managing our business development activities. The MDCC recommended an overall rating of "leading/exemplary" for Mr. Arbuckle based on a results-based rating of "leading" and a values-based rating of "exemplary demonstration." The MDCC noted Mr. Arbuckle's leadership with respect to the successful global commercialization of KALYDECO in the United States and international markets and the preparation for the potential launch of lumacaftor in combination with ivacaftor. The MDCC recommended an overall "building" rating for Mr. Horton based on a results-based rating of "building" and a values-based rating of "living the values." The MDCC recommended an overall rating of "leading" for Dr. Chodakewitz based on a results-based rating of "strong" and a values-based rating of "exemplary demonstration." Dr. Chodakewitz's results-based rating derived principally from his leadership of the regulatory and development organizations as we completed the Phase 3 clinical trials of lumacaftor in combination with ivacaftor, rapidly submitted regulatory applications in the United States and European Union seeking approval for this combination therapy and prepared for the initiation of multiple clinical trials, including the Phase 3 clinical trials to evaluate VX-661 in combination with ivacaftor that were commenced in the first quarter of 2015.

On the basis of the factors described above, our independent directors approved, upon the MDCC's recommendation, results-based and values-based ratings, individual performance factors and annual bonus awards for each of the NEO on account of 2014 performance, as set forth in the table below.

Name	Results—Based Rating	Values—Based Rating	2014 Overall Performance Rating	Individual Performance Factor	2014 Annual Cash Bonus
Jeffrey M. Leiden	Leading	Exemplary	Leading Exemplary	150%	\$ 2,970,000
Ian F. Smith	Leading	Exemplary	Leading Exemplary	150%	\$ 731,250
Stuart A. Arbuckle	Leading	Exemplary	Leading Exemplary	150%	\$ 675,000
Jeffrey Chodakewitz	Strong	Exemplary	Leading	140%	\$ 630,000
Kenneth L. Horton	Building	Living	Building	80%	\$ 279,000

Annual Equity Awards (80-85% of Annual Compensation)

Equity awards are granted pursuant to our equity plans to all eligible employees, including our NEOs, for the purpose of creating a link between compensation and shareholder return, and to provide the NEOs and employees with the opportunity to develop and maintain a significant stock ownership position in our company that will act through delayed vesting as an incentive for the employee to remain employed by us. The number of shares awarded increases commensurate with responsibility and with higher year-end individual performance ratings. All annual stock option awards are granted with an exercise price equal to the fair market value on the date of grant, which under our equity plans is determined by averaging the high and low price of our common stock on the date of grant, and vest quarterly over four years. Accordingly, the intrinsic value of any stock option grant is proportional to both the increase in fair market value of our common stock between grant and exercise, and to the increasing number of vested shares over time.

Each of our executive officers is eligible annually for a combined grant of stock options and restricted stock, in amounts recommended by the MDCC and ultimately determined by our independent directors during the annual performance review process on the basis of the executive officer's performance rating. Stock options serve to motivate executives to achieve company successes that are aligned with shareholder interests, because stock options have realizable value only if the value of our common stock increases after the grant date. We also believe that stock options serve as a retention tool, progressively rewarding an executive for time-in-service. Generally, we have awarded a mid-year option grant at our regularly scheduled summer board meeting to our NEOs. At this time, we grant stock options to all eligible employees, including executive officers, in amounts that are equal to 50% of the number of shares for which the employee would be eligible assuming a "strong" (or target level) performance. This grant is considered part of the annual equity award related to performance in that year. Upon completion of the individual's annual performance evaluation early in the following year, each employee typically receives a second option award. At that time, we determine the aggregate number of shares to be awarded on the basis of the employee's individual performance rating for the entire year and then subtract the amount granted in the mid-year award and award the balance. Equity awards granted to our NEOs are subject to contractual obligations that in certain circumstances provide for partial or full acceleration of vesting in connection with a termination of such officer's employment. Additional information regarding our equity grant practices and our arrangements with our NEOs is set forth under the headings *Compensation Decision-Making Process—Equity Grant Practices*, *Summary of Termination and Change of Control Benefits* and *Employment Contracts and Change of Control Arrangements*.

Our executive officers also are eligible for a performance-accelerated restricted stock, or PARS, award after the year-end performance review. Restricted stock grants serve as a retention tool and are designed to reward performance. These grants have value that is not limited, as is the case with stock options, to an increase over the prevailing stock price on the date of grant. PARS grants are linked to performance in three ways:

- the number of shares subject to the grant is based on the executive's performance and is not strictly level-based;
- the grants are more valuable if our stock price increases; and
- the grants will vest sooner if key performance milestones (e.g., financial goals, such as specific revenues for our products or a specific product, or objective development goals, such as the commencement of a pivotal trial in a disease area) are achieved.

PARS serve to focus our executives on our most critical business and financial goals, which we believe are key to generating shareholder value. All restricted stock awards made to our executive officers under our annual program are issued at par value, or \$0.01, and vest on the fourth anniversary of the grant date, subject to accelerated vesting for certain performance-based factors.

COMPENSATION DISCUSSION AND ANALYSIS - DETAILED DISCUSSION AND ANALYSIS *(continued)*

Our NEOs were eligible in 2014 and are eligible in 2015 for equity grants, based on their individual performance ratings, in the amounts below:

	Building		Strong		Leading		Leading and Exemplary	
	Restricted Stock	Stock Options	Restricted Stock	Stock Options	Restricted Stock	Stock Options	Restricted Stock	Stock Options
Chief Executive Officer	21,500	106,500	43,000	213,000	53,750	266,250	64,500	319,500
Executive Vice President	6,900	34,000	13,800	68,000	17,250	85,000	20,700	102,000

Equity awards made to our NEOs in 2014 (and included in the compensation and equity tables beginning on page 65 of this proxy statement) included an award in February 2014, on the basis of 2013 performance, and a mid-year award of 50% of the stock options for which the executive would be eligible (as described in the table above) if the executive's year-end rating was "strong" or higher. The final equity awards made to the NEOs on account of 2014 performance were made in February 2015, on the basis of the performance ratings set forth above.

The total equity awards made to each of our NEOs for 2014 performance are as follows:

	2014 Individual Performance Rating	Stock Options Awarded in July 2014	Stock Options Awarded in February 2015	Total Stock Options Awarded for 2014 Performance	Restricted Stock Awarded in February 2015 for 2014 Performance
Jeffrey M. Leiden	Leading Exemplary	106,500	213,000	319,500	64,500
Ian F. Smith	Leading Exemplary	34,000	68,000	102,000	20,700
Stuart A. Arbuckle	Leading Exemplary	34,000	68,000	102,000	20,700
Jeffrey Chodakewitz	Leading	27,500	57,500	85,000	17,250
Kenneth L. Horton	Building	34,000	—	34,000	6,900

Benefits

Our executives are eligible to participate in all benefit programs on the terms made generally available to our employees, including medical insurance, dental insurance, payment of life insurance premiums, disability coverage, and participation in our employee stock purchase plan. Our retirement benefits are limited to a defined contribution—a 401(k)—plan, in which our NEOs are eligible to participate, subject to all applicable limitations under the plan. We make matching contributions to the 401(k) plan. The formula for determining the amount of our matching contributions is the same for our NEOs as for our other employees (and are subject to the same statutory maximum), but the actual contributions made to the accounts of our NEOs generally are at the top end of the range, due to the executives' higher salaries and correspondingly higher cash contribution levels. We do not provide any other retirement benefits to our executive officers.

2014 One-Time Performance-Contingent Retention Awards

During 2014, our board of directors and MDCC determined that retaining and maintaining stability of our executive team at this critical juncture for our company will be essential to successfully navigating the next several years and that the loss of any of our executive officers would cause considerable disruption to our business. Our board and MDCC also recognized that there is intense competition for talented executives in the pharmaceutical industry, and a limited number of individuals who possess the requisite mix of management skills and technical expertise required to successfully lead the crucial functions of a complex global biopharmaceutical company. As a result, our board and MDCC determined that providing meaningful long-term equity-based incentives for our executive officers to remain with our organization through this period would be in the best interests of our business and our shareholders.

Accordingly, in the fourth quarter of 2014, we granted each member of our executive team a one-time performance-contingent retention award designed to retain them through this period and to reward them only if the company continues its track record of success under their leadership. In designing these awards, we considered that several of our major shareholders have expressed a strong preference for incentive compensation that is 100% performance-based. These awards do not vest for at least three years and will be 100% forfeited if we do not achieve positive earnings, as measured by trailing 12-month EBITDA. EBITDA will be calculated in a manner approved by our Audit and Finance Committee during its quarterly review of our financial statements. This performance measure was selected because we believe it is an objective

COMPENSATION DISCUSSION AND ANALYSIS - DETAILED

DISCUSSION AND ANALYSIS *(continued)*

financial measure that would demonstrate our transition from a research and development organization into an integrated biopharmaceutical company capable of delivering sustained revenue and earnings growth. In addition, the achievement of positive earnings, as measured by EBITDA, by our Peer Group has historically been associated with strong TSR in the three-year period following the initial attainment of such measure.

The following table sets forth the one-time performance contingent retention awards for each of our NEOs.

Name	One-time Performance-Contingent Retention Awards (Restricted Shares)
Jeffrey M. Leiden	125,000
Ian F. Smith	75,000
Stuart A. Arbuckle	75,000
Jeffrey Chodakewitz	75,000
Kenneth L. Horton	40,000

These one-time performance-contingent retention awards were structured as restricted stock awards that will vest in full if the EBITDA performance objectives are achieved between September 2017 and September 2019. If we achieve positive EBITDA for the 12-month period ending September 30, 2017, the awards will vest on the third anniversary of the date of grant but not before. If not previously vested, the awards will vest on the day following the day of the applicable earnings release if we achieve positive EBITDA for a 12-month period ending on the last day of a calendar quarter between September 30, 2017 and September 30, 2019. If positive EBITDA is not achieved on or prior to September 30, 2019, the awards will be forfeited in full on November 15, 2019.

If a recipient experiences an involuntary termination of service more than one year and fewer than two years after the date of grant, 10% of the award would remain outstanding and vest if the performance criteria are satisfied and the remaining 90% would be forfeited on the date of termination of service. Similarly, if the recipient experiences an involuntary termination of service more than two years after the date of grant but before November 15, 2019, 20% of the award would remain outstanding and vest if the performance criteria are satisfied and the remaining 80% would be forfeited on the date of termination of service.

These retention awards represent off-cycle equity awards to an executive officer or group of officers in order to achieve one or more of the objectives of our executive compensation program. While our board of directors currently has no intention of implementing another program to grant off-cycle equity awards, the board may make off-cycle grants in the future and we cannot predict or characterize the likely size and/or terms of any such grants.

Other-Than-Annual Compensation Arrangements

Employment Agreements and Post-Termination Compensation and Benefits

The initial compensation terms for newly hired members of our executive team are the result of negotiations between us, in consultation with the MDCC and our board of directors, and the executive being recruited. Accordingly, the initial employment terms for each of the executive officers may vary significantly because they take into account both our interests and the executive's interests under the circumstances at the time of negotiation, and depend on the level of job responsibility, the market for the executive's services, the value of other opportunities then available to the executive and similar considerations. Executives who join us from other companies may sacrifice potential bonuses and/or equity payouts, and may request compensation elements of similar value. More experienced individuals may seek higher compensation than individuals who are still establishing their careers. We seek to balance the need to be competitive in a competitive market against the need for the executive's compensation to be comparable with the executive's peers at the company. In general, each newly hired executive team member enters into an employment agreement and a change of control agreement and is awarded a stock option grant and a restricted stock grant, and in some cases a cash sign-on bonus, reimbursement of moving expenses, and other benefits. We also enter into employment and change of control agreements with executives who are promoted to our executive team, on the basis of standard terms and conditions that have been recommended by our MDCC and approved by our board for such circumstances. We have entered into agreements providing for severance and change of control payments with each of the members of our executive team, including all of the NEOs, because we believe that they are a fair and effective way to allow our executives to maintain focus on our business in the face of market and other volatility in our industry.

COMPENSATION DISCUSSION AND ANALYSIS - DETAILED

DISCUSSION AND ANALYSIS *(continued)*

In general, each employment arrangement provides for cash severance and continuation of certain employee benefits in the event that an executive's employment is terminated by us without cause or is terminated by the executive for good reason. We use a "double trigger" with respect to benefits that are to be provided in connection with a change of control. A change of control does not itself trigger benefits; rather, benefits are paid only if the employment of the executive is terminated by us other than for cause, death or disability, or by the executive for good reason, during a specified period before or after a change of control. We believe a "double trigger" benefit maximizes shareholder value because it prevents a windfall to executives in the event of a change of control in which the executive retains significant responsibility as defined in his or her individual agreement, while still providing our executives appropriate incentives to cooperate in negotiating any change of control that may put their jobs at risk.

In addition to the benefits that only accrue in connection with a change of control, our agreements with our executive officers provide benefits if we terminate their employment with us without cause or they terminate their employment with us for good reason, as such terms are defined in the applicable agreement with the executive officer. A further discussion of the terms and projected payments under each of these agreements is set forth below under the heading *Employment Contracts and Change of Control Arrangements*.

Compensation Decision-Making Process

Role of MDCC and Chief Executive Officer in Setting Executive Compensation

The MDCC has responsibility for overseeing the design, development and implementation of the compensation program for our chief executive officer and other NEOs. The MDCC evaluates the performance of our chief executive officer and the performance of the other executive officers. Our chief executive officer and our senior vice president, human resources, assist the MDCC in evaluating the performance of our other executive officers, including the named executive officers other than the chief executive officer. Our chief executive officer does not participate in board discussions relating to his compensation, and the other NEOs do not play a role in their own compensation determination.

The members of the MDCC, each of whom is an independent director, together with the other independent directors, make final compensation decisions for the chief executive officer's and other executive officers' compensation levels based on these assessments.

Role of Compensation Consultant

The MDCC (i) is directly responsible for the appointment and oversight of its compensation consultants, (ii) has the authority to determine the fees that we pay for services provided by such compensation consultants and (iii) prior to engaging any compensation consultant, considers applicable factors potentially affecting the independence of the compensation consultant, including the factors set forth in Nasdaq Marketplace Rule 5605(d)(3). Annually, the MDCC has engaged a compensation consultant to conduct an analysis of all elements of compensation paid to our executive officers, including our NEOs, compared to similar elements paid to similarly situated executives at companies in our comparator group and to provide a written report and presentation of findings at the meeting of the MDCC that occurs in July each year. In 2014, the MDCC selected Meridian Compensation Partners, or Meridian, to conduct and present this analysis to the MDCC. Meridian does not advise our management and receives no other compensation from us other than the compensation it receives for the advice it provides to the MDCC. In addition, the MDCC considered the following information provided to it by Meridian: (a) Meridian's policies and procedures designed to prevent conflicts of interest, (b) that fees paid by us to Meridian represent less than 1% of Meridian's total annual revenues, (c) the absence of business and personal relationships between the compensation consultant and the MDCC or any of our executive officers and (d) that Meridian's partners, consultants and employees who provide services to the MDCC, and their immediate family members, do not own shares of our common stock. Based on these, and other factors considered by the MDCC, the MDCC determined that Meridian's work did not raise a conflict of interest. The services provided by Meridian to the MDCC were used as described in the *Compensation Discussion and Analysis-Executive Summary* and under the headings *Base Salary*, *Target Bonus/Individual Incentive Targets* and *Analysis of Compensation Practices of Comparator Companies*.

Analysis of Compensation Practices of Comparator Companies

In order to make judgments about elements of executive compensation on a competitive basis, the MDCC and our board of directors considers information about the compensation practices of a representative group of companies with whom we compete for executive talent. We select companies for this comparator group on the basis of similarity of industry,

COMPENSATION DISCUSSION AND ANALYSIS - DETAILED DISCUSSION AND ANALYSIS *(continued)*

innovation-based business model, global operations, risk profile, annual operating expense level, number of employees and market capitalization. We review and revise the list of companies on a regular basis. As a result of this analysis, and on the basis of the criteria listed above, the MDCC selected the comparator companies set forth below for 2014.

Comparator Group
AbbVie Inc.
Alexion Pharmaceuticals, Inc.
Allergan, Inc.
Amgen Inc.
Biogen Idec Inc.
BioMarin Pharmaceutical Inc.
Celgene Corporation
Cubist Pharmaceuticals, Inc.
Gilead Sciences, Inc.
Regeneron Pharmaceuticals, Inc.
Salix Pharmaceuticals, Ltd.
Shire plc
United Therapeutics Corporation

This comparator group was expanded in 2014 from 2013 to include additional companies (AbbVie, Inc., Allergan, Inc., Amgen Inc., Cubist Pharmaceuticals, Inc. and Salix Pharmaceuticals, Ltd.) with more similarly sized market capitalization and marketed products, based on our increased market capitalization and in light of the positive data from our Phase 3 clinical trials of lumacaftor in combination with ivacaftor. We removed Elan plc from our peer group because it had been acquired and Dendreon Corporation from our peer group because it no longer met the criteria for our comparator group and has subsequently filed for bankruptcy protection. We believe, based on our discussions with major shareholders, that the comparator group identified by our MDCC is consistent with our shareholders views of our relevant peers in the biopharmaceutical industry.

We do not strictly benchmark to a particular level of compensation relative to compensation levels at the comparator companies, but rather make a subjective judgment about where each executive should fall in comparison with executives with similar responsibilities at the comparator companies. The MDCC does look at comparator company information to confirm that our compensation practices and the result of applying our policies and programs in general results in compensation levels that are competitive with those of the comparator companies and consistent with our compensation philosophy. In addition, the MDCC reviews broader industry specific executive compensation surveys published by Radford, Mercer SIRS and Towers Watson.

Interdependence of Elements and Tally Sheets

The elements of our compensation program operate independently from one another, except that an adjustment to an executive's base salary level also will result in a corresponding change in the executive's annual cash bonus opportunity, and potentially, any severance or change of control payments. When the MDCC evaluates an amount to award or pay for a specific compensation element, we typically provide a tally sheet that sets forth all elements of the executive's compensation, including salary, cash bonus, value of equity compensation, the dollar value to the executive and cost to us of all personal benefits, and the actual projected payout obligations under potential severance and change of control scenarios. The purpose of the tally sheets is to assist the MDCC in establishing and administering an overall executive compensation program that is fair and reasonable both to our executives and to our shareholders. The review of tally sheets does not result in specific awards. Rather, the tally sheets provide background information for the MDCC to use in considering one or more components of compensation. Each MDCC member uses the tally sheets as he or she deems appropriate when making compensation decisions.

COMPENSATION DISCUSSION AND ANALYSIS - DETAILED

DISCUSSION AND ANALYSIS *(continued)*

Although the tally sheets include certain information about the current and projected value of each executive's inventory of outstanding vested and unvested equity awards, we believe it is inconsistent with our compensation philosophy to give this "accumulated wealth" weight in setting current executive compensation levels. The value of an executive's equity inventory is largely a function of prior performance, in terms of the size of the grants, the duration of the executive's tenure with us, the performance of our common stock during that tenure and whether a particular executive has disposed of equity compensation items. We do not believe that reducing the amount of an executive's current compensation on account of wealth accumulated for prior performance would be consistent with our compensation objectives.

Tax Considerations

We would like our compensation program to be reasonably cost and tax effective. To the extent consistent with our other goals, we seek to preserve corporate tax deductions, while maintaining the flexibility to approve compensation arrangements that we believe are in the best interests of the company and our shareholders. The approach does not always result in full tax deductibility.

Equity Grant Practices

The exercise price for each stock option awarded to our executive officers under our equity compensation program is equal to the fair market value of our common stock on the date of grant, which under our equity plans is the average of the high and low price for our common stock on the date of grant. Our board of directors generally grants employee options two times per year, on the date of its mid-summer meeting, usually in July, and on the date of its first meeting of each new year, usually in late January or early February. Supplemental equity grants, if any, are made at board meetings at the time when the board determines they are appropriate in order to meet the objectives of our compensation program. Board and committee meetings generally are scheduled at least a year in advance, and scheduling decisions are made without regard to anticipated earnings or other major announcements by the company.

Newly hired employees, including executive officers, are sometimes granted options and/or restricted stock effective on the first day of employment, with the options having an exercise price set at the average of the high and low price for our common stock on the employment start date. The employees' start dates are scheduled without regard to anticipated earnings or other major announcements by the company.

Other Compensation Practices

Compensation Recoupment ("Clawback") Policy

We have adopted a recoupment or claw-back policy providing that, if our board of directors determines that an executive officer engaged in fraud or intentional misconduct that resulted in an incorrect determination that an incentive compensation performance goal had been achieved, the board may take appropriate action to recover from such executive officer any compensation that resulted from such determination. The board may require reimbursement for any bonus, equity or incentive compensation awarded to an executive officer who engaged in the fraud or intentional misconduct to the extent it was based on such incorrect determination.

Stock Ownership Guidelines

We have stock ownership guidelines for our chief executive officer and NEOs and in 2014 adopted stock ownership guidelines for our non-employee directors, as discussed in *Non-Employee Director Stock Ownership Guidelines* on page 22 of this proxy statement. Our chief executive officer should, within five years of becoming subject to the guidelines, satisfy at least one of the following two criteria: (i) ownership of shares of our common stock with a value at least six times his then-current base salary or (ii) ownership of at least 150,000 shares of our common stock. Our executive vice presidents should, within five years of becoming subject to these guidelines, achieve ownership of shares of our common stock with a value at least four times such executive vice president's then-current base salary. Individual holdings, and holdings of immediate family members, of (a) common stock, including unvested restricted stock, (b) restricted stock units and deferred stock units and (c) shares held through our 401(k) plan count toward meeting these guidelines. Each of our NEOs, including our chief executive officer, currently satisfies the minimum individual holding requirements.

COMPENSATION DISCUSSION AND ANALYSIS - DETAILED DISCUSSION AND ANALYSIS *(continued)*

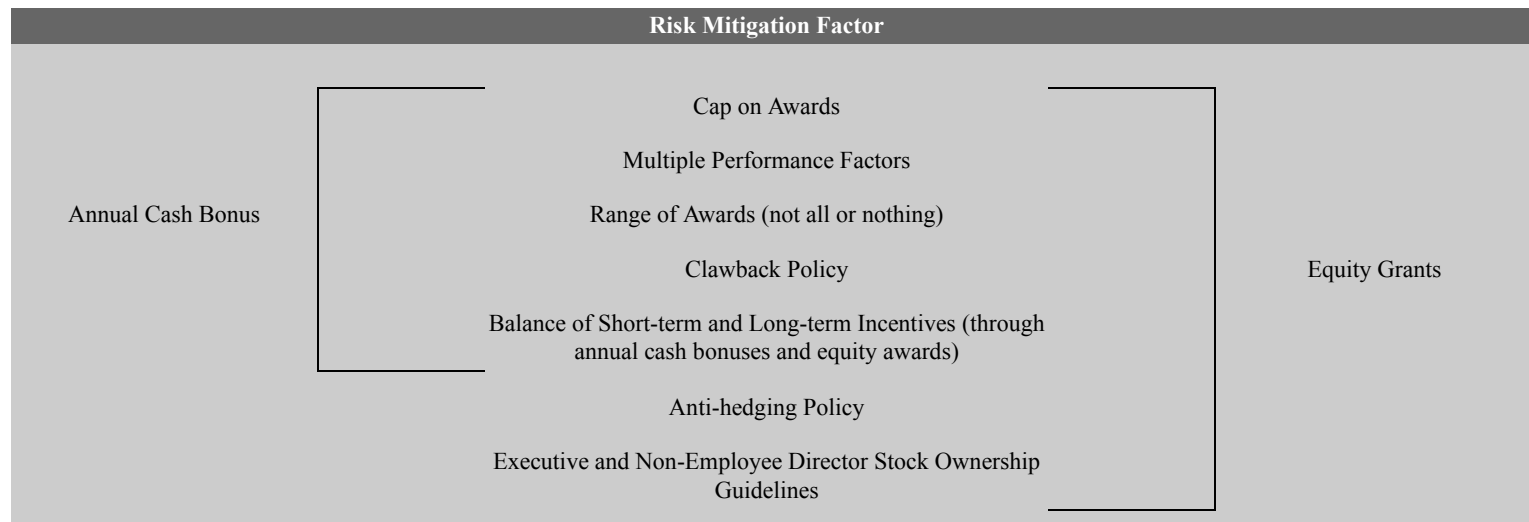

Anti-Hedging Policy

We prohibit all of our directors and employees worldwide, including our named executive officers, from (i) short selling or hedging our securities, (ii) purchasing or selling derivative securities based on our securities and (iii) pledging our securities.

Risk Mitigation

Our MDCC reviews the risks and rewards associated with our compensation programs. The programs are designed with features that mitigate risk without diminishing the incentive nature of the compensation. We believe our compensation programs encourage and reward prudent business judgment and appropriate risk-taking over the short term and the long term. Our MDCC regularly evaluates the risks involved with our compensation programs and does not believe that any of our compensation programs create risks that are reasonably likely to have a material adverse effect on our company.

We believe that our annual cash bonus and long-term equity compensation programs, which account for most of our executive officers' compensation, contain appropriate risk mitigation factors, as summarized below:

MANAGEMENT DEVELOPMENT AND COMPENSATION COMMITTEE REPORT

The Management Development and Compensation Committee has reviewed the Compensation Discussion and Analysis and discussed that analysis with management. Based on its review and its discussions with management, the Management Development and Compensation Committee recommended to Vertex's Board of Directors that the Compensation Discussion and Analysis be included in Vertex's proxy statement for its 2015 annual meeting of shareholders and incorporated by reference into Vertex's Annual Report on Form 10-K for the year ended December 31, 2014. This report is provided by the following directors who comprise the Management Development and Compensation Committee:

(1) Effective January 20, 2015, Mr. Horton transitioned from his role as our Executive Vice President and Chief Legal Officer to a role as Special Counsel to our Chief Executive Officer. Mr. Horton is no longer an executive officer of the company.

Bonus

Pursuant to applicable SEC rules, the annual cash bonuses earned by our named executive officers are set forth under the caption “Non-Equity Incentive Plan Compensation.” Other bonuses, such as sign-on bonuses, are listed separately under the caption “Bonus.”

Stock Awards and Options Awards

Pursuant to applicable SEC rules the grant-date fair values of the equity awards granted in February 2014 for 2013 performance are included in 2014 compensation. Equity awards granted in February 2015 for 2014 performance are not reflected in the *Summary Compensation Table* above and will be included as 2015 compensation in next year’s proxy statement. The amounts set forth under the captions “Stock Awards” and “Option Awards” in the table above represent the grant-date fair value of awards granted during the applicable fiscal year. Our methodology for determining the grant-date fair value, including underlying estimates and assumptions for calculating these values, is set forth in Note N to our consolidated financial statements included in our 2014 Annual Report on Form 10-K filed with the SEC on February 13, 2015.

The “Stock Awards” consist of PARS awards granted in February 2014, a sign-on equity grant for Dr. Chodakewitz in January 2014 and one-time performance-contingent retention awards granted in the fourth quarter of 2014 to our named executive officers as follows:

Name	February 2014 PARS Awards	Sign-on Equity Grant	One-time Performance-Contingent Retention Awards (Restricted Shares)	Total Stock Awards
Jeffrey M. Leiden	\$ 4,985,850	\$ —	\$ 14,897,500	\$ 19,883,350

Non-Equity Incentive Plan Compensation—Annual Cash Bonus

The amounts set forth under the caption “Non-Equity Incentive Plan Compensation” in the table above represent annual cash bonuses for 2014, 2013 and 2012 performance, each of which was paid in the first quarter of the subsequent year. The cash bonus awards to the named executive officers for 2014 performance were determined as follows:

Name	Base Salary Dec. 31, 2014		Individual Incentive Target	=	2014 Target Bonus		Company Performance Factor		Individual Performance Factor	=	2014 Performance Cash Bonus
Jeffrey M. Leiden	\$ 1,100,000	x	120%	=	\$ 1,320,000	x	150%	x	150%	=	\$ 2,970,000

Kenneth L. Horton	\$ 465,000	x	50%	=	\$ 232,500	x	150%	x	80%	=	\$ 279,000

All Other Compensation

The amounts set forth under the caption “All Other Compensation” in the table for 2014 consist of:

Name	401(k) Match	Life Insurance Premiums	Relocation Expense	Total
Jeffrey M. Leiden	\$ 11,700	\$ 1,157	\$ —	\$ 12,857
Ian F. Smith	\$ 11,700	\$ 1,157	\$ —	\$ 12,857
Stuart A. Arbuckle	\$ 11,700	\$ 1,157	\$ —	\$ 12,857
Jeffrey Chodakewitz	\$ 11,700	\$ 1,157	\$ 229,079	\$ 241,936
Kenneth L. Horton	\$ 2,146	\$ 1,107	\$ —	\$ 3,253

“All Other Compensation” for Mr. Arbuckle in 2012 consisted primarily of relocation costs.

OPTION EXERCISES AND STOCK VESTED FOR 2014

The following table sets forth the value realized by our named executive officers from options to purchase common stock exercised by the named executive officers during 2014 and shares of restricted stock that vested during 2014. The value realized per share for options is based on the difference between the exercise price and the fair market value of the shares of common stock on the date the options were exercised. The value realized on vesting of restricted stock awards is based on the fair market value of the shares on the vesting date.

Name	Option Awards		Stock Awards

TOTAL REALIZED COMPENSATION TABLE

To supplement the SEC-required disclosure in the *Summary Compensation Table* set forth above, we have included the additional table below, which shows “Total Realized Compensation” representing the total compensation realized by each named executive officer in each of the years shown. Total compensation as calculated under SEC rules, as shown in the *Summary Compensation Table*, includes several items that are driven by accounting assumptions, which are not necessarily reflective of compensation actually realized by the named executive officers in a particular year. The amounts reported in the Total Realized Compensation column differ substantially from the amounts reported in the Total column required under SEC rules and are not a substitute for those Total amounts. Total Realized Compensation represents: (1) Total compensation, as determined under applicable SEC rules, *minus* (2) the aggregate grant-date fair value of restricted stock awards and stock option awards (as determined under applicable SEC and accounting rules and reflected in the Stock Awards column and Option Awards column), *plus* (3) the value realized in the applicable year from the vesting of restricted stock and exercises of stock options (calculated in the same manner as for the *Option Exercises and Stock Vested for 2014* table on page 66 of this proxy statement).

Annual Cash Bonus. The amounts in the “Estimated Possible Payouts Under Non-Equity Incentive Plan Awards” column represent the minimum threshold, target and maximum amounts that our named executive officers were eligible for pursuant to our 2014 annual cash bonus program. Actual amounts paid to each of the named executive officers under this program for 2014 performance are set forth in the *Summary Compensation Table* above.

One-Time Performance-Contingent Retention Awards. The amounts in the “Estimated Future Payouts Under Equity Incentive Plan Awards” column represent the minimum threshold, target and maximum amounts that our named executive officers were eligible for pursuant to the one-time performance-contingent retention awards granted to the named executive officers in 2014. These retention awards will vest if, and only if, performance objectives are achieved, as described in the footnotes to the table *Outstanding Equity Awards at Fiscal Year-End for 2014* below.

Restricted Stock Grants. The amounts in the “All Other Stock Awards: Number of Shares of Stock or Units” column represent the number of shares of restricted stock granted to the named executive officers, other than Dr. Chodakewitz, in 2014 pursuant to our annual equity programs. The restricted stock awards to these named executive officers were made in February 2014 on account of the executives’ performances in 2013. Each of these restricted stock awards is characterized as a performance-accelerated restricted stock, or PARS, award that is subject to time-based vesting on the fourth anniversary of

COMPENSATION AND EQUITY TABLES (continued)

the grant date, subject to acceleration as described in the footnotes to the table *Outstanding Equity Awards at Fiscal Year-End for 2014* below. The amount for Dr. Chodakewitz represents his initial sign-on restricted stock grant, which vests in four annual installments.

Options. In accordance with our stock and option plans, the exercise prices for the stock options granted to our named executive officers during 2014 were equal to the average of the high and the low prices of our common stock on the grant date. As a result, in 2014 the exercise prices of options granted to our named executive officers were lower than the grant-date closing price of our common stock for the February 5, 2014 grants, and higher than the grant-date closing price for the July 15, 2014 grants. In the future, we expect that options will continue to be granted with exercise prices equal to the average of the high and low prices of our common stock on the grant date, and that as a result the exercise prices are likely to be different from the closing price of our common stock on the grant date. Each stock option set forth in the table above was granted subject to vesting in 16 quarterly installments during the first four years of its ten-year term.

Career Employment/Retirement Program. In 2014, we implemented a career employment/retirement program applicable to all of our employees over the age of 55, which provides that qualified employees who have provided significant service to us, are entitled, subject to certain restrictions including the provision of services during a transition period, to partial or full acceleration of vesting of certain equity awards upon a termination of employment other than for cause. In addition, if such equity award is an option award it would remain outstanding for its original ten-year term. This program is only applicable to equity awards granted on or after February 5, 2014 and is not applicable to the retention awards of performance-contingent restricted stock granted to our named executive officers in the fourth quarter 2014.

Pursuant to this program, beginning on December 11, 2016 (the date on which Dr. Leiden will have been an employee for five years), Dr. Leiden would upon a termination of service other than for cause, subject to certain restrictions, receive additional vesting of a number of shares equal to the sum of 50% plus 10% for each full year of service beyond five years as an employee for awards granted in 2014 (other than the performance-contingent restricted stock award). For awards granted in 2015, beginning on July 6, 2015 (the date on which Dr. Leiden's age plus years of service as an employee or non-employee director equals 65), Dr. Leiden would upon a termination of employment other than for cause, subject to certain restrictions, receive additional vesting of a number of shares equal to the sum of 50% plus 10% for each full year of service beyond five years as an employee or non-employee director for awards granted in 2015. In addition, if Dr. Leiden's employment is terminated by us without cause or he terminates his employment for good reason, 18 months of service would be added to his length of service as an employee for purposes of calculating the accelerated vesting of awards granted in 2014. This program will not affect the vesting of any of the equity grants to our other named executive officers listed in the table above because these named executive officers will not become qualified employees until after these awards have fully-vested.

- (1) Unvested stock options are vesting in 16 quarterly installments during the first four years of their ten-year terms. The option expiration dates listed above reflect the final expiration date for each of the listed options. If the named executive officer's service with us is terminated, the options would expire, subject to certain exceptions, three months after the termination of service.
- (2) Dr. Leiden's options expiring in 2019 and 2020, and on May 31, 2021, which were granted in connection with service as a non-employee director, have ten-year terms and will not expire as a result of a termination of service.
- (3) Each of these restricted stock awards is a PARS award, which is subject to time-based vesting on February 5, 2017, the fourth anniversary of grant, subject to acceleration of vesting upon the achievement of specified performance objectives. The vesting accelerates for the shares of each award outstanding as of December 31, 2014 upon (i) the announcement of proof-of-concept data for a drug candidate other than a hepatitis C virus infection, cystic fibrosis, influenza or JAK3 inhibition drug candidate or (ii) reaching \$1.0 billion in net product revenues over a one-year period from our cystic fibrosis products.
- (4) Each of these restricted stock awards is a PARS award, which is subject to time-based vesting on February 5, 2018, the fourth anniversary of grant, subject to acceleration of vesting upon the achievement of specified performance objectives. The vesting accelerates for the first half of the shares of each award on February 18, 2015 upon the dosing of the first subject in a pivotal clinical trial of a regimen including VX-661 for patients with cystic fibrosis. The vesting accelerates for the second half of the shares of each award outstanding as of December 31, 2014 upon (i) net product sales for a

combination regimen combining KALYDECO with a CFTR corrector over a one year period being equal to or greater than \$500 million or (ii) the dosing of the first subject in a first-in-human clinical trial of a second-generation CFTR corrector compound.

- (5) This award is a retention restricted stock award that will vest if performance objectives are achieved prior to November 15, 2019. The award will vest on December 10, 2017 if we achieve positive EBITDA for the 12-month period ending September 30, 2017. Between January 1, 2018 and November 15, 2019, if we achieve positive EBITDA for a 12-month period ending on a calendar quarter, the award will vest on the day following the applicable earnings release. If Dr. Leiden is terminated without cause on or after December 10, 2015 and prior to December 10, 2016, 10% of the shares subject to the award will vest if the performance condition is ultimately satisfied. If Dr. Leiden is terminated without cause on or after December 10, 2016 and prior to November 15, 2019, 20% of the shares subject to the award will vest if the performance condition is ultimately satisfied.
- (6) This restricted stock award is a PARS award, which is subject to time-based vesting on February 2, 2016, the fourth anniversary of grant, subject to acceleration of vesting upon the achievement of specified performance objectives. The vesting accelerated for the first half of the shares of each award on March 20, 2015 upon the achievement of \$4.0 billion of cumulative net product revenues and royalty revenues recognized after May 23, 2011. The vesting of the remaining half of the shares of each award would accelerate if we receive written filing confirmation from the FDA for an NDA that we submit for an all-oral HCV treatment regimen.
- (7) This award is a retention restricted stock award that will vest if performance objectives are achieved prior to November 15, 2019. The award will vest on October 30, 2017 (or, if later, the day following the earnings release for the third quarter of 2017) if we achieve positive EBITDA for the 12-month period ending September 30, 2017. Between January 1, 2018 and November 15, 2019, if we achieve positive EBITDA for a 12-month period ending on a calendar quarter, the award will vest on the day following the applicable earnings release. If the recipient is terminated without cause on or after October 30, 2015 and prior to October 30, 2016, 10% of the shares subject to the award will vest if the performance condition is ultimately satisfied. If the recipient is terminated without cause on or after October 30, 2016 and prior to November 15, 2019, 20% of the shares subject to the award will vest if the performance condition is ultimately satisfied.
- (8) This restricted stock award vests in one remaining annual installment on September 30, 2015.
- (9) This restricted stock award vests in two remaining annual installments on September 30, 2015 and 2016.
- (10) This restricted stock award vests in four annual installments on January 31, 2015, 2016, 2017 and 2018.
- (11) This restricted stock award vests in two remaining annual installments on June 11, 2015 and 2016.

The amounts in the table above do not include any life insurance payments or disability insurance payments that the executive or the executive's estate may receive under existing insurance policies. The assumptions underlying the calculations in the table include:

- the value of each share subject to an option to purchase common stock that would be accelerated or continue to vest in the circumstances described below under *Employment Contracts and Change of Control Arrangements* equals \$118.80 per share (the closing price on the last trading day of 2014), minus the exercise price per share;
- the value of each share of restricted stock for which our repurchase right would lapse in the circumstances described below equals \$118.80 per share (the closing price on the last trading day of 2014);
- appropriate provision for the continuation of all then-outstanding options would be made in connection with a change of control;
- our board of directors would elect not to pay a pro rata portion of an executive's target bonus for the year of termination in cases where the executive's employment is terminated voluntarily by the executive (for any reason, including retirement) or for cause, under our policy that cash bonuses are payable only to employees who are otherwise eligible and who remain employed by us on the date of bonus payment, typically in February of the next year; and
- our board of directors would have assigned the same 2014 individual and company performance ratings on December 31, 2014 as they assigned in the first quarter of 2015.

The actual amounts that the named executive officers could receive in the future as a result of a termination of employment would likely differ materially from the amounts set forth above as a result of, among other things, changes in our stock price, changes in their base salary, target bonus amounts and actual bonus amounts, and the vesting and grants of additional equity awards.

EMPLOYMENT CONTRACTS AND CHANGE OF CONTROL ARRANGEMENTS

We have entered into agreements and maintain plans that will require us to provide to our named executive officers cash compensation, benefits and/or acceleration of the vesting of equity awards in the event of termination of employment or service as a director under specified circumstances. The following summary descriptions of such agreements with our named executive officers are qualified by the complete terms and conditions set forth in each of the agreements. In addition to the agreements described below, outstanding options granted under our stock and option plans provide that, in the event of certain changes of control, either appropriate provision for the continuation of all then-outstanding options must be made, or the vesting of those options will be accelerated and they will become fully exercisable immediately prior to such change of control. As described below, the benefits that are to be provided in connection with a change of control are subject to a “double trigger.” A change of control does not itself trigger benefits; rather, benefits are paid only if the employment of the executive is terminated by us other than for cause, death or disability or by the executive for good reason during a specified period before or after a change of control.

In addition to the benefits described below, under programs applicable to all employees, if a named executive officer dies while an employee, his estate and/or beneficiaries would receive full acceleration of all outstanding stock options and restricted stock awards.

Jeffrey M. Leiden

The terms and conditions of Dr. Leiden’s employment are governed by a written employment contract, which was entered into on December 14, 2011, as amended on December 10, 2014, and expires on December 31, 2017, provided that, if Dr. Leiden’s employment with us extends beyond the contract expiration date, certain provisions providing for severance benefits upon a “not-for-cause” employment termination by the company survive the contract expiration. Dr. Leiden’s employment agreement provides that he is entitled to receive compensation as determined by our board of directors and is eligible to receive the benefits generally made available to our executives. In addition, Dr. Leiden has agreed not to engage in specified competitive activities for 18 months after his employment with us terminates.

If Dr. Leiden’s employment is terminated by us without cause or he terminates his employment for good reason, he would be entitled to receive:

Severance Payment:	A) 200% of the sum of his (i) base salary at the time of termination and (ii) target bonus for the year in which his employment is terminated
	B) A pro-rated bonus for the year in which the termination occurs based on his target bonus for the year in which the termination occurs
Options:	Outstanding options unvested on the date of termination shall be subject to continued vesting for an additional 18 months following termination
Restricted Stock:	Vesting in full of each outstanding restricted stock award that would have otherwise vested in the 18 months following the termination
Employee Benefits:	Continuation of certain employee benefits for up to 18 months

If Dr. Leiden’s employment is terminated by us without cause or he terminates his employment for good reason within two years after a change of control of Vertex, he would instead be entitled to receive:

Severance Payment:	A) 299% of the sum of his (i) base salary at the time of termination and (ii) target bonus for the year in which his employment is terminated
	B) A pro-rated bonus for the year in which the termination occurs
Options:	Full vesting of all outstanding options
Restricted Stock:	Full vesting of all outstanding restricted stock awards
Employee Benefits:	Continuation of certain employee benefits for up to 18 months

Severance payments to Dr. Leiden in connection with a change of control may be reduced to increase their value to Dr. Leiden if such payments would be subject to an excise tax under Section 4999 of the Code. Dr. Leiden’s employment agreement does not provide for a so-called Section 4999 excise tax “gross-up.”

Under the employment agreement, Dr. Leiden would have the right to terminate his employment for good reason upon the occurrence of any of the following events without Dr. Leiden’s consent:

- our failure to continue Dr. Leiden in the positions of chairman of the board, chief executive officer and president at any time during the term of the employment agreement;

EMPLOYMENT CONTRACTS AND CHANGE OF CONTROL ARRANGEMENTS *(continued)*

- a material adverse change in his duties, authority and/or responsibilities that, taken as a whole, effectively constitutes a demotion;
- a material breach of the employment agreement by us, including a material reduction in base salary or target bonus; or
- the relocation of the office to which he is assigned to a place 35 or more miles away from Cambridge, Massachusetts or Fan Pier, Boston, Massachusetts and such relocation is not at his request or is other than in connection with a change in location of our principal executive offices.

In addition, if there is a change of control and a resulting change in Dr. Leiden's reporting relationship, without his consent, such that he is reporting to an executive officer of a parent entity, rather than to the board of directors of our company (or a successor corporation) or to the board of directors of a parent thereof, any material erosion of Dr. Leiden's independent authority shall in itself constitute good reason for termination; provided that (a) such termination for good reason occurs within two years of such change of control and (b) the fact that there has been a change in Dr. Leiden's reporting relationship shall not itself constitute an erosion of his independent authority.

Under Dr. Leiden's employment agreement a change of control shall be deemed to have occurred if:

- any person or group, as such terms are used in Sections 13(d) and 14(d)(2) of the Exchange Act, becomes the beneficial owner, as such term is used in Rule 13d-3 promulgated under the Exchange Act, of securities representing more than 50% of the combined voting power of our outstanding securities, having the right to vote in the election of directors; or
- all or substantially all our business or assets are sold or disposed of, or we or our subsidiary combines with another company pursuant to a merger, consolidation, or other similar transaction (subject to exceptions set forth in the agreement, including transactions in which our shareholders immediately prior to such merger or consolidation continue to own at least a majority of our outstanding voting securities or the outstanding voting securities of the surviving entity immediately after the merger or consolidation).

If Dr. Leiden's employment is terminated as a result of disability, he would be entitled to receive:

- a pro-rated bonus for the year of employment termination;
- vesting of options that would have vested during the 12 months following employment termination;
- for each restricted stock award that vests proportionally over time, vesting of all shares that would have vested in the 12 months following the employment termination; and
- for each restricted stock award that cliff-vests on a specified date, vesting of shares pro rata over time on a daily basis from the date of grant through the date of employment termination.

If Dr. Leiden dies while he is an employee, his estate and/or beneficiaries would receive a pro-rated bonus for the year of employment termination, as well as the full acceleration of his equity awards provided under our company-wide program. In addition, Dr. Leiden is eligible for a company-wide program that provides, subject to certain restrictions, acceleration of all or portion of outstanding equity awards upon a termination of service other for cause as described on page 69.

After expiration of the agreement on December 31, 2017, we may nominate Dr. Leiden for re-election to our board of directors, provided that from January 1, 2018 through December 31, 2018, our board may request Dr. Leiden resign and Dr. Leiden shall comply with any such request. If Dr. Leiden is not renominated, or resigns at our request between January 1, 2018 and December 31, 2018, his service will be deemed to continue through December 31, 2018 for the purposes of vesting of any equity, including any length of service calculation pursuant to the program described on page 69.

Ian F. Smith

The terms and conditions of Mr. Smith's employment are governed by a written employment contract, which was entered into in 2001, amended and restated in 2004 and amended in 2008. Mr. Smith's employment agreement provides that he is entitled to receive compensation as determined by our board of directors and is eligible to receive the benefits generally made available to our executives. In addition, Mr. Smith has agreed not to engage in specified competitive activities for a period of one year after the termination of his employment with us.

EMPLOYMENT CONTRACTS AND CHANGE OF CONTROL ARRANGEMENTS *(continued)*

If Mr. Smith's employment is terminated without cause, or if he terminates his employment with us of his own initiative for good reason or we do not renew his agreement, other than in connection with a change of control as described below, he would be entitled to receive:

Severance Payment:	A) The sum of his (i) base salary at the time of termination and (ii) target bonus for the year in which his employment is terminated B) A pro rata portion of his target bonus for the year in which the termination occurs
Options:	Vesting of outstanding options that otherwise would have vested in the 18 months following termination
Restricted Stock:	Vesting of each outstanding restricted stock award that would otherwise have vested in the 18 months following the termination, treating each award that vests other than ratably (such as PARS awards as described on page 57 of this proxy statement) as if it vests ratably over the term of the grant
Employee Benefits:	Continuation of certain employee benefits for up to 12 months

If we terminate Mr. Smith's employment without cause or he terminates his employment with us for good reason on a date within the 90 days prior to or the 12 months after a change of control he would be entitled to receive:

Severance Payment:	A) The sum of his (i) base salary at the time of termination and (ii) target bonus for the year in which his employment is terminated B) A pro rata portion of his target bonus for the year in which the termination occurs
Options:	Full vesting of all outstanding options
Restricted Stock:	Full vesting of all outstanding restricted stock awards
Employee Benefits:	Continuation of certain employee benefits for up to 12 months
Tax Benefits:	Additional payments required to compensate him if payments made under the employment agreement result in certain adverse tax consequences including excise taxes under Section 4999 of the Code

If Mr. Smith's employment is terminated as a result of his disability, he would receive six months of severance pay, a pro rata portion of his target bonus for the year in which the termination occurred and 12 months' acceleration of outstanding stock options and restricted stock awards. If Mr. Smith dies while he is an employee, his estate and/or beneficiaries would receive six months of severance pay and a pro-rated target bonus for the year of employment termination, as well as the full acceleration of his equity awards provided under our company-wide program.

Under the employment agreement, Mr. Smith would have the right to terminate his employment for good reason upon the occurrence of the following events without Mr. Smith's consent:

- he is assigned to any duties or responsibilities that are inconsistent, in any significant respect, with the scope of duties and responsibilities associated with his positions and offices on the date of the agreement, provided that such reassignment of duties or responsibilities is not due to his disability or performance, or is at his request;
- he suffers a reduction in the authorities, duties and responsibilities associated with his positions and offices on the date of the agreement, on the basis of which he makes a determination in good faith that he can no longer carry out those positions or offices in the manner contemplated on the date the agreement was entered into, provided that any such reduction of duties or responsibilities is not due to his disability or performance, or at his request;
- his base salary is decreased;
- his office location as assigned to him by us is relocated 35 or more miles from Cambridge, Massachusetts; or
- in the event of a change of control, failure of any successor to assume the obligations and liabilities of the employment agreement.

Under Mr. Smith's employment agreement cause means:

- he is convicted of a crime involving moral turpitude;
- he commits a material breach of any provision of his employment agreement; or
- in carrying out his duties, he acts or fails to act in a manner which is determined, in the sole discretion of our board, to be (A) willful gross neglect or (B) willful gross misconduct resulting, in either case, in material harm to us unless such act, or failure to act, was believed by him, in good faith, to be in our best interests.

EMPLOYMENT CONTRACTS AND CHANGE OF CONTROL ARRANGEMENTS *(continued)*

Under Mr. Smith's employment agreement a change of control shall be deemed to have occurred if:

- any person or group as such terms are used in Sections 13(d) and 14(d)(2) of the Exchange Act, becomes the beneficial owner, as such term is used in Rule 13d-3 promulgated under the Exchange Act, of securities representing 51% or more of the combined voting power of our outstanding securities, having the right to vote in the election of directors;
- a majority of our board during any 12-month period is replaced at a meeting of our board or at a meeting of our shareholders with individuals other than individuals nominated or approved by a majority of the disinterested directors (as such term is defined in the employment agreement);
- all or substantially all of our business is disposed of pursuant to a merger, consolidation or other transaction (subject to exceptions set forth in the agreement) in which we are not the surviving corporation or we are materially or completely liquidated; or
- we combine with another company and are the surviving corporation but, immediately after the combination, our shareholders hold, directly or indirectly, less than 50% of the total outstanding securities of the combined company having the right to vote in the election of directors.

Stuart A. Arbuckle

Employment Agreement

The terms and conditions of Mr. Arbuckle's employment are governed by a written employment contract, which was entered into in August 2012. His employment agreement provides that he is entitled to receive compensation as determined by our board of directors and is eligible to receive the benefits generally made available to our executives. In addition, Mr. Arbuckle has agreed not to engage in specified competitive activities for a period of one year after the termination of his employment with us.

Under his employment agreement, if (i) Mr. Arbuckle's employment is terminated without cause or (ii) he terminates his employment with us for good reason within 30 days of the event giving rise to his right to terminate for good reason, subject to notice and cure provisions, he would be entitled to receive:

Severance Payment:	The sum of his (i) base salary at the time of termination and (ii) target bonus for the year in which his employment is terminated
Restricted Stock:	Full vesting of his initial restricted stock award that vests over the three-year period ending in September 2015
Employee Benefits:	Continuation of certain employee benefits for up to 12 months

Under the employment agreement, Mr. Arbuckle would have the right to terminate his employment for good reason upon the occurrence of the following events without his consent:

- his duties are materially diminished to an extent that results in Mr. Arbuckle either (i) no longer being an "officer," as such term is defined in Rule 16a-1(f) promulgated under the Exchange Act, or (ii) ceasing to be a member of our executive management team;
- his base salary is decreased, unless such reduction is part of an across-the-board proportionate reduction in the salaries of our senior management team; or
- the office to which he is assigned is relocated to a place 35 or more miles away and such relocation is not at his request or with his prior agreement (and other than in connection with a change in location of our principal executive offices).

Under the employment agreement, cause means:

- Mr. Arbuckle is convicted of a crime involving moral turpitude;
- he commits a material breach of any provision of the agreement not involving the performance or nonperformance of duties; or
- in carrying out his duties, Mr. Arbuckle acts or fails to act in a manner that is determined, in the sole discretion of our board, after written notice of any such act or failure to act and a reasonable opportunity to cure the deficiency has been provided to Mr. Arbuckle, to be (A) willful gross neglect or (B) willful gross misconduct, resulting, in either case, in material harm to us unless such act, or failure to act, was believed by him, in good faith, to be in our best interests.

EMPLOYMENT CONTRACTS AND CHANGE OF CONTROL ARRANGEMENTS *(continued)*

Change of Control Agreement

We have a change of control agreement with Mr. Arbuckle, which was entered into in August 2012. Under this agreement, if we terminate Mr. Arbuckle's employment without cause on a date within the 90 days prior to or the 12 months after a change of control or he terminates his employment within 30 days of an event giving rise to a right to terminate for good reason, subject to notice and cure provisions, and the event occurs on a date within the 90 days prior to or the 12 months after a change of control, he would be entitled to receive:

Severance Payment:	A) The sum of his (i) base salary at the time of termination and (ii) target bonus for the year in which his employment is terminated
	B) A pro rata portion of his target bonus for the year in which the termination occurs
Options:	Full vesting of all outstanding options
Restricted Stock:	Full vesting of all outstanding restricted stock awards
Employee Benefits:	Continuation of certain employee benefits for up to 12 months

Severance payments to Mr. Arbuckle in connection with a change of control may be reduced to increase their value to Mr. Arbuckle if such payments would be subject to an excise tax under Section 4999 of the Code. Mr. Arbuckle's agreements do not provide for a so-called Section 4999 excise tax "gross-up."

Under the change of control agreement, Mr. Arbuckle would have the right to terminate his employment for good reason upon the occurrence of the following events without his consent:

- he suffers a material reduction in the authorities, duties or job title and responsibilities associated with his position as of the date of the change of control agreement;
- his base salary is decreased;
- the office to which he is assigned is relocated to a place 35 or more miles away; or
- following a change of control, our successor fails to assume our obligations under the change of control agreement.

Under the change of control agreement, cause means:

- Mr. Arbuckle is convicted of a crime involving moral turpitude;
- he willfully refuses or fails to follow a lawful directive or instruction of our board or the individual to whom he reports provided that he received prior written notice of the directive or instruction that he failed to follow and, provided further, that we, in good faith, give him 30 days to correct such failure, and further provided if he corrects such failure any termination of his employment on account of such failure shall not be treated as a termination for cause;
- he commits willful gross negligence, or willful gross misconduct, resulting in either case in material harm to us, unless such act, or failure to act, was believed by him, in good faith, to be in our best interests; or
- he violates any of our policies made known to him regarding confidentiality, securities trading or inside information.

Under the change of control agreement, change of control means:

- any person or group as such terms are used in Sections 13(d) and 14(d)(2) of the Exchange Act becomes the beneficial owner, as such term is used in Rule 13d-3 promulgated under the Exchange Act, of securities representing more than 50% of the combined voting power of our outstanding securities having the right to vote in the election of directors; or
- all or substantially all of our business or assets are sold or disposed of, or we or one of our subsidiaries combines with another company pursuant to a merger, consolidation, or other similar transaction, other than (i) a transaction solely for the purpose of reincorporating us or one of our subsidiaries in a different jurisdiction or recapitalizing or reclassifying our stock; or (ii) a merger or consolidation in which our shareholders immediately prior to such merger or consolidation continue to own at least a majority of the outstanding securities of the surviving entity immediately after the merger or consolidation.

Jeffrey Chodakewitz

Employment Agreement

The terms and conditions of Dr. Chodakewitz's employment are governed by a written employment contract, which was entered into in December 2013. His employment agreement provides that he is entitled to receive compensation as determined by our board of directors and is eligible to receive the benefits generally made available to our executives. In addition, Dr. Chodakewitz has agreed not to engage in specified competitive activities for a period of one year after the termination of his employment with us.

Under his employment agreement, if (i) Dr. Chodakewitz's employment is terminated without cause or (ii) he terminates his employment with us for good reason within 30 days of the event giving rise to his right to terminate for good reason, subject to notice and cure provisions, he would be entitled to receive:

Severance Payment:	The sum of his (i) base salary at the time of termination and (ii) target bonus for the year in which his employment is terminated
Restricted Stock:	Full vesting of his initial restricted stock award that vests over the four-year period ending in January 2018
Employee Benefits:	Continuation of certain employee benefits for up to 12 months

Under the employment agreement, Dr. Chodakewitz would have the right to terminate his employment for good reason upon the occurrence of the following events without his consent:

- his duties are materially diminished to an extent that results in Dr. Chodakewitz ceasing to be a member of our executive management team;
- his base salary is decreased, unless such reduction is part of an across-the-board proportionate reduction in the salaries of our senior management team; or
- the office to which he is assigned is relocated to a place 35 or more miles away and such relocation is not at his request or with his prior agreement (and other than in connection with a change in location of our principal executive offices).

Under the employment agreement, cause means:

- Dr. Chodakewitz is convicted of a crime involving moral turpitude;
- he commits a material breach of any provision of the agreement not involving the performance or nonperformance of duties; or
- in carrying out his duties, Dr. Chodakewitz acts or fails to act in a manner that is determined, in the sole discretion of our board, after written notice of any such act or failure to act and a reasonable opportunity to cure the deficiency has been provided to Dr. Chodakewitz, to be (A) willful gross neglect or (B) willful gross misconduct, resulting, in either case, in material harm to us unless such act, or failure to act, was believed by him, in good faith, to be in our best interests.

Change of Control Agreement

We have a change of control agreement with Dr. Chodakewitz, which was entered into in December 2013. Under this agreement, if we terminate Dr. Chodakewitz's employment without cause on a date within the 90 days prior to or the 12 months after a change of control or he terminates his employment within 30 days of an event giving rise to a right to terminate for good reason, subject to notice and cure provisions, and the event occurs on a date within the 90 days prior to or the 12 months after a change of control, he would be entitled to receive:

Severance Payment:	A) The sum of his (i) base salary at the time of termination and (ii) target bonus for the year in which his employment is terminated B) A pro rata portion of his target bonus for the year in which the termination occurs
Options:	Full vesting of all outstanding options
Restricted Stock:	Full vesting of all outstanding restricted stock awards
Employee Benefits:	Continuation of certain employee benefits for up to 12 months

Severance payments to Dr. Chodakewitz in connection with a change of control may be reduced to increase their value to Dr. Chodakewitz if such payments would be subject to an excise tax under Section 4999 of the Code. Dr. Chodakewitz's agreements do not provide for a so-called Section 4999 excise tax "gross-up."

EMPLOYMENT CONTRACTS AND CHANGE OF CONTROL ARRANGEMENTS *(continued)*

Under the change of control agreement, Dr. Chodakewitz would have the right to terminate his employment for good reason upon the occurrence of the following events without his consent:

- he suffers a material reduction in the authorities, duties or job title and responsibilities associated with his position as of the date of the change of control agreement;
- his base salary is decreased;
- the office to which he is assigned is relocated to a place 35 or more miles away; or
- following a change of control, our successor fails to assume our obligations under the change of control agreement.

Under the change of control agreement, cause means:

- Dr. Chodakewitz is convicted of a crime involving moral turpitude;
- he willfully refuses or fails to follow a lawful directive or instruction of our board or the individual to whom he reports provided that he received prior written notice of the directive or instruction that he failed to follow and, provided further, that we, in good faith, give him 30 days to correct such failure, and further provided if he corrects such failure any termination of his employment on account of such failure shall not be treated as a termination for cause;
- he commits willful gross negligence, or willful gross misconduct, resulting in either case in material harm to us, unless such act, or failure to act, was believed by him, in good faith, to be in our best interests; or
- he violates any of our policies made known to him regarding confidentiality, securities trading or inside information.

Under the change of control agreement, change of control means:

- any person or group as such terms are used in Sections 13(d) and 14(d)(2) of the Exchange Act becomes the beneficial owner, as such term is used in Rule 13d-3 promulgated under the Exchange Act, of securities representing more than 50% of the combined voting power of our outstanding securities having the right to vote in the election of directors; or
- all or substantially all of our business or assets are sold or disposed of, or we or one of our subsidiaries combines with another company pursuant to a merger, consolidation, or other similar transaction, other than (i) a transaction solely for the purpose of reincorporating us or one of our subsidiaries in a different jurisdiction or recapitalizing or reclassifying our stock; or (ii) a merger or consolidation in which our shareholders immediately prior to such merger or consolidation continue to own at least a majority of the outstanding securities of the surviving entity immediately after the merger or consolidation.

Kenneth L. Horton

Employment Agreement

The terms and conditions of Mr. Horton's employment are governed by a written employment contract, which was entered into in June 2012. Effective January 20, 2015, Mr. Horton transitioned to a role as special counsel to our chief executive officer and we agreed not to terminate his employment prior to July 1, 2015. His employment agreement provides that he is entitled to receive compensation as determined by our board of directors and is eligible to receive the benefits generally made available to our executives. In addition, Mr. Horton has agreed not to engage in specified competitive activities for a period of one year after the termination of his employment with us.

Under his employment agreement, if (i) Mr. Horton's employment is terminated without cause or (ii) he terminates his employment with us for good reason within 30 days of the event giving rise to his right to terminate for good reason, subject to notice and cure provisions, he would be entitled to receive:

Severance Payment:	The sum of his (i) base salary at the time of termination and (ii) target bonus for the year in which his employment is terminated
Employee Benefits:	Continuation of certain employee benefits for up to 12 months

Under the employment agreement, Mr. Horton would have the right to terminate his employment for good reason upon the occurrence of the following events without his consent:

- his base salary is decreased, unless such reduction is part of an across-the-board proportionate reduction in the salaries of our senior management team; or

EMPLOYMENT CONTRACTS AND CHANGE OF CONTROL ARRANGEMENTS *(continued)*

- the office to which he is assigned is relocated to a place 35 or more miles away and such relocation is not at his request or with his prior agreement (and other than in connection with a change in location of our principal executive offices).

Under the employment agreement, cause means:

- Mr. Horton is convicted of a crime involving moral turpitude;
- he commits a material breach of any provision of the agreement not involving the performance or nonperformance of duties; or
- in carrying out his duties, Mr. Horton acts or fails to act in a manner that is determined, in the sole discretion of our board, after written notice of any such act or failure to act and a reasonable opportunity to cure the deficiency has been provided to Mr. Horton, to be (A) willful gross neglect or (B) willful gross misconduct resulting, in either case, in material harm to us unless such act, or failure to act, was believed by him, in good faith, to be in our best interests.

Change of Control Agreement

We have a change of control agreement with Mr. Horton, which was entered into in June 2012. Under this agreement, if we terminate Mr. Horton's employment without cause on a date within the 90 days prior to or the 12 months after a change of control or he terminates his employment within 30 days of an event giving rise to a right to terminate for good reason, subject to notice and cure provisions, and the event occurs on a date within the 90 days prior to or the 12 months after a change of control, he would be entitled to receive:

Severance Payment:	A) The sum of his (i) base salary at the time of termination and (ii) target bonus for the year in which his employment is terminated
	B) A pro rata portion of his target bonus for the year in which the termination occurs
Options:	Full vesting of all outstanding options
Restricted Stock:	Full vesting of all outstanding restricted stock awards
Employee Benefits:	Continuation of certain employee benefits for up to 12 months

Severance payments to Mr. Horton in connection with a change of control may be reduced to increase their value to Mr. Horton if such payments would be subject to an excise tax under Section 4999 of the Code. Mr. Horton's agreements do not provide for a so-called Section 4999 excise tax "gross-up."

Under the change of control agreement, Mr. Horton would have the right to terminate his employment for good reason upon the occurrence of the following events without his consent:

- he suffers a material reduction in the authorities, duties and responsibilities associated with his position as of the date of the change of control agreement;
- his base salary is decreased;
- the office to which he is assigned is relocated to a place 35 or more miles away; or
- following a change of control, our successor fails to assume our obligations under the change of control agreement.

Under the change of control agreement, cause means:

- Mr. Horton is convicted of a crime involving moral turpitude;
- he willfully refuses or fails to follow a lawful directive or instruction of our board or the individual to whom he reports provided that he received prior written notice of the directive or instruction that he failed to follow and, provided further, that we, in good faith, give him 30 days to correct such failure, and further provided if he corrects such failure any termination of his employment on account of such failure shall not be treated as a termination for cause;
- he commits willful gross negligence, or willful gross misconduct, resulting in either case in material harm to us, unless such act, or failure to act, was believed by him, in good faith, to be in our best interests; or
- he violates any of our policies made known to him regarding confidentiality, securities trading or inside information.

Under the change of control agreement, change of control means:

EMPLOYMENT CONTRACTS AND CHANGE OF CONTROL ARRANGEMENTS *(continued)*

- any person or group as such terms are used in Sections 13(d) and 14(d)(2) of the Exchange Act becomes the beneficial owner, as such term is used in Rule 13d-3 promulgated under the Exchange Act, of securities representing more than 50% of the combined voting power of our outstanding securities having the right to vote in the election of directors; or
- all or substantially all of our business or assets are sold or disposed of, or we or one of our subsidiaries combines with another company pursuant to a merger, consolidation, or other similar transaction, other than (i) a transaction solely for the purpose of reincorporating us or one of our subsidiaries in a different jurisdiction or recapitalizing or reclassifying our stock; or (ii) a merger or consolidation in which our shareholders immediately prior to such merger or consolidation continue to own at least a majority of the outstanding securities of the surviving entity immediately after the merger or consolidation.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires directors, officers and persons who are beneficial owners of more than 10% of our common stock to file with the SEC reports of their ownership of our securities and of changes in that ownership. To our knowledge, based upon a review of copies of reports filed with the SEC with respect to the fiscal year ended December 31, 2014 and written representations by our directors and officers that no other reports were required with respect to their transactions, all reports required to be filed under Section 16(a) by our directors and officers and persons who were beneficial owners of more than 10% of our common stock were timely filed, except Paul Silva filed one late Form 4 and Margaret McGlynn filed a Form 5 in February 2015 to report beneficial ownership of shares acquired in four transactions that had inadvertently been omitted from prior filings.

OTHER MATTERS

The 2015 annual meeting of shareholders is called for the purposes set forth in the notice. Our board of directors does not know of any other matters to be considered by the shareholders at the 2015 annual meeting other than the matters described in the notice. However, the enclosed proxy confers discretionary authority on the persons named in the proxy card with respect to matters that may properly come before the annual meeting and that are not known to our board at the date this proxy statement was printed. It is the intention of the persons named in the proxy card to vote in accordance with their best judgment on any such matter.

SHAREHOLDER PROPOSALS FOR THE 2016 ANNUAL MEETING AND NOMINATIONS FOR DIRECTOR

In order to be considered for inclusion in the proxy statement for our 2016 annual meeting of shareholders, shareholder proposals must be received by us no later than January __, 2016. If we do not receive notice of a matter to be considered for presentation at the 2016 annual meeting of shareholders by March __, 2016, our proxy holders will have the right to exercise discretionary voting authority with respect to the proposal without including information regarding the proposal in our proxy materials. Proposals should be sent to the attention of our corporate secretary at our offices at 50 Northern Avenue, Boston, Massachusetts 02210.

Shareholder nominations for election to our board of directors at the 2016 annual meeting of shareholders may be submitted to our corporate secretary no later than March 6, 2016, and must include:

- the name and address of the shareholder who intends to make the nomination and of the person or persons to be nominated;
- a representation that the shareholder is a holder of record of our stock entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice;
- a description of all arrangements or understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder;
- the other information regarding each nominee proposed by the shareholder that would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC; and

- the consent of each nominee to serve on our board of directors if so elected.

SHAREHOLDER COMMUNICATIONS TO THE BOARD

Generally, shareholders who have questions or concerns should contact our investor relations department at (617) 341-6100. However, any shareholder who wishes to address questions regarding our business directly with our board of directors, or any individual director, should direct his or her questions, in writing, in care of our corporate secretary, to our offices at 50 Northern Avenue, Boston, Massachusetts 02210. Under procedures approved by our board, including a majority of our independent directors, all substantive communications shall be reviewed by our corporate secretary and forwarded or reported to the chair of the corporate governance and nominating committee, the independent directors and/or our full board, as deemed appropriate, with the exception of those communications relating to ordinary or routine business affairs, personal grievances or matters as to which we tend to receive repetitive or duplicative communications.

HOUSEHOLDING OF ANNUAL MEETING MATERIALS

Some banks, brokers and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that only one copy of our proxy statement and annual report may have been sent to multiple shareholders in your household. We will promptly deliver a separate copy of these documents to you if you write or call our corporate secretary at the following address or phone number: 50 Northern Avenue, Boston, Massachusetts 02210, telephone (617) 341-6100. If you want to receive separate copies of the annual report and proxy statement in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker, or other nominee record holder, or you may contact us at the above address and phone number.

SOLICITATION

We will bear the cost of soliciting proxies, including expenses in connection with preparing and mailing this proxy statement. We have retained MacKenzie Partners, Inc. to assist in the solicitation of proxies at an estimated cost of approximately \$20,000. Proxies also may be solicited by our directors and employees by mail, by telephone, in person or otherwise. Employees will not receive additional compensation for solicitation efforts. In addition, we will request banks, brokers and other

custodians, nominees and fiduciaries to forward proxy material to the beneficial owners of common stock and to obtain voting instructions from the beneficial owners. We will reimburse those firms for their reasonable expenses in forwarding proxy materials and obtaining voting instructions.

AVAILABILITY OF MATERIALS

Our Annual Report on Form 10-K for the fiscal year ended December 31, 2014 has been filed with the SEC and provides additional information about us. It is available on the internet at www.vrtx.com and is available in paper form (other than exhibits thereto) to beneficial owners of our common stock without charge upon written request to Investor Relations, 50 Northern Avenue, Boston, Massachusetts 02210. In addition, it is available to holders of record of our common stock at www.envisionreports.com/vrtx and to beneficial holders of our common stock at www.edocumentview.com/vrtx.

Stock-Based Award means a grant by the Company under the Plan of an equity award or equity-based award that is not an Option or Stock Grant.

Stock Grant means a grant by the Company of Shares under the Plan.

Stock Right means a right to Shares or the value of Shares of the Company granted pursuant to the Plan as an ISO, a Non-Qualified Option, a Stock Grant or a Stock-Based Award.

Termination of Service means that a Participant ceases to be an Employee, Non-Employee Director, consultant or advisor with the Company and its Affiliates (for any reason other than death). A change in a Participant's form of service (e.g., from Employee to Non-Employee Director, consultant or advisor) shall not be a Termination of Service hereunder.

2. PURPOSES OF THE PLAN

The Plan is intended to encourage ownership of Shares by Employees, Non-Employee Directors and certain consultants and advisors to the Company in order to attract such persons, to induce them to work for the benefit of the Company or of an Affiliate and to provide additional incentive for them to promote the success of the Company or of an Affiliate. The Plan provides for the granting of Stock Rights to Employees, Non-Employee Directors, consultants and advisors of the Company.

3. SHARES SUBJECT TO THE PLAN

The number of Shares subject to this Plan as to which Stock Rights may be granted from time to time shall be equal to the sum of:

- a. 20,600,000 shares; and
- b. such number of shares as is equal to the sum of (x) the number of shares reserved for issuance under the Company's Amended and Restated 2006 Stock and Option Plan (the "Existing Plan") that remain available for grant under the Existing Plan as of the date of the Company's 2015 annual meeting of shareholders and (y) the number of shares subject to awards granted under the Existing Plan which awards expire, terminate or are otherwise surrendered, cancelled, forfeited or repurchased by the Company at their original issuance price pursuant to a contractual repurchase right (subject, however, in the case of ISOs, to any limitations under the Code),

or the equivalent of such number of Shares after the Administrator, in its sole discretion, has interpreted the effect of any stock split, stock dividend, combination, recapitalization or similar transaction in accordance with Section 17 of this Plan. Subject to Section 17 of this Plan, and the provisions of the second paragraph of this Section 3, the number of Shares remaining subject to this Plan shall be reduced by (i) one Share for each Share subject to a Stock Right granted under this Plan that is not a Full Value Award and (ii) 1.66 Shares for each Share (each, a "**Full-Value Award Share**") subject to a Stock Right granted under this Plan that is a Full Value Award.

If an Option granted hereunder ceases to be outstanding, in whole or in part (other than by exercise), or if the Company shall reacquire (at no more than its original issuance price) any Shares issued pursuant to a Stock Grant, or if any Stock Right expires or is forfeited, cancelled or otherwise terminated or results in any Shares not being issued, the unissued Shares that were subject to such Stock Right shall again be available for issuance from time to time pursuant to this Plan; provided that, the following Shares may not again be made available for issuance under the Plan: (i) Shares that are not issued or delivered as a result of the net settlement of an outstanding Stock-Based Award or Option, (ii) Shares that the Company acquires from a Participant for a price that is more than the original issuance price of the Share, including any Share acquired by the Company to fund employee payroll tax withholding obligations on a Stock Grant, or Shares applied to payment of the exercise price for an Option and (iii) any Shares that have been repurchased by the Company using stock option proceeds. To the extent that a Full Value Award Share is returned to the Plan pursuant to this Section 3, 1.66 Shares of Common Stock shall again be available for issuance from time to time pursuant to this Plan.

4. ADMINISTRATION OF THE PLAN

The Administrator shall administer the Plan. Subject to the provisions of the Plan, the Administrator is authorized to:

- a. Interpret the provisions of the Plan and of any Stock Right or Stock Agreement and to make all rules and determinations that it deems necessary or advisable for the administration of the Plan;
- b. Determine which Employees, Non-Employee Directors, consultants and advisors of the Company and its Affiliates shall be granted Stock Rights;
- c. Determine the number of Shares and exercise price for which a Stock Right shall be granted;
- d. Specify the terms and conditions upon which a Stock Right or Stock Rights may be granted;
- e. In its discretion, accelerate:
 - (i) the date of exercise of any installment of any Option; provided that, other than as provided in Section 17 of the Plan, the Administrator shall not, without the consent of the Option holder accelerate the exercise date of any installment of any Option granted to any Employee as an ISO (and not previously converted into a Non-Qualified Option pursuant to Section 20) if such acceleration would violate the annual vesting limitation contained in Section 422(d) of the Code, as described in Section 6.2.3; or
 - (ii) the date or dates of vesting of Shares, or lapsing of Company repurchase rights with respect to any Shares, under any Stock Rights; and
- f. In its discretion, extend the exercise date for any Option (subject to all term limits for Options set forth in this Plan);

provided, however, that all such interpretations, rules, determinations, terms and conditions shall be made and prescribed in the context of preserving the tax status under Code Section 422 of those Options which are designated as ISOs (unless the holder of any such Option otherwise agrees). Subject to the foregoing, the interpretation and construction by the Administrator of any provisions of the Plan or of any Stock Right granted under it shall be final.

The Administrator may employ attorneys, consultants, accountants or other persons, and the Administrator, the Company and its officers and directors shall be entitled to rely upon the advice, opinions or valuations of such persons. All actions taken and all interpretations and determinations made by the Administrator in good faith shall be final and binding upon the Company, all Participants, and all other interested persons. No member or agent of the Administrator shall be personally liable for any action, determination, or interpretation made in good faith with respect to this Plan or grants hereunder. Each member of the Administrator shall be indemnified and held harmless by the Company against any cost or expense (including counsel fees) reasonably incurred by him or her or any liability (including any sum paid in settlement of a claim with the approval of the Company) arising out of any act or omission to act in connection with this Plan unless arising out of such member's own fraud or bad faith. Such indemnification shall be in addition to any rights of indemnification the members of the Administrator may have as directors or otherwise under the by-laws of the Company, or any agreement, vote of shareholders or disinterested directors, or otherwise.

5. ELIGIBILITY FOR PARTICIPATION

The Administrator shall, in its sole discretion, name the Participants in the Plan, provided, however, that each Participant must be a Employee, Non-Employee Director, consultant or advisor of the Company or of an Affiliate at the time a Stock Right is granted. Notwithstanding the foregoing, the Administrator may authorize the grant of a Stock Right to a person not then an Employee, Non-Employee Director, consultant or advisor of the Company or of an Affiliate; *provided, however*, that the actual grant of such Stock Right shall be conditioned upon such person becoming eligible to become a Participant at or prior to the time of execution of the Stock Agreement evidencing such Stock Right. ISOs may be granted only to Employees. The granting of any Stock Right to any individual shall neither entitle that individual to, nor disqualify him or her from, participation in other grants of Stock Rights.

6. TERMS AND CONDITIONS OF OPTIONS

6.1 *General.* Each Option shall be set forth in writing in a Stock Agreement, duly executed by the Company and, to the extent required by law or requested by the Company, by the Participant. The Administrator may provide that Options be granted subject to such terms and conditions, consistent with the terms and conditions specifically required under this Plan, as

the Administrator may deem appropriate including, without limitation, subsequent approval by the shareholders of the Company of this Plan or any amendments thereto. Each Stock Agreement shall state the option price (per share) of the Shares covered by each Option, the number of Shares to which it pertains, the date or dates on which it first is exercisable and the date after which it may no longer be exercised (subject to Sections 11 and 12 of this Plan). Option rights may accrue or become exercisable in installments over a period of time, or upon the achievement of certain conditions or the attainment of stated goals or events. The Option Price per share of Shares covered by an Option (including both ISOs and Non-Qualified Options) shall not be less than one hundred percent (100%) of the Fair Market Value per share of the Common Stock on the date of grant.

6.2 *ISOs*. Each Option intended to be an ISO shall be issued only to an Employee. In addition to the minimum standards set forth in Section 6.1, ISOs shall be subject to the following terms and conditions, with such additional restrictions or changes as the Administrator determines are appropriate but not in conflict with Code Section 422 and relevant regulations and rulings of the Internal Revenue Service:

6.2.1 *ISO Option Price*. In addition to the limitation set forth in Section 6.1, the Option price per share of the Shares covered by each ISO granted to a Participant who owns, directly or by reason of the applicable attribution rules in Code Section 424(d), more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or an Affiliate shall not be less than one hundred ten percent (110%) of the Fair Market Value on the date of grant.

6.2.2 *Term of ISO*. Each ISO shall expire not more than ten (10) years from the date of grant; provided, however, that an ISO granted to a Participant who owns, directly or by reason of the applicable attribution rules in Code Section 424(d), more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or an Affiliate shall expire not more than five (5) years from the date of grant.

6.2.3 *Annual Limit on Incentive Stock Options*. To the extent required for “incentive stock option” treatment under Section 422 of the Code, the aggregate Fair Market Value (determined as of the time of grant) of the Shares with respect to which ISOs granted under this Plan and any other plan of the Company or its Affiliate become exercisable for the first time by a Participant during any calendar year shall not exceed the aggregate threshold for ISOs established by the Code (\$100,000 as of January 1, 2013). To the extent that any Option exceeds this limit, it shall constitute a Non-Qualified Option.

6.3 *Non-Employee Directors' Options*. Each Non-Employee Director, upon first being elected or appointed to the Board of Directors, shall be granted a Non-Qualified Option to purchase that number of Shares as shall be established for such Option grants from time to time by the Board of Directors. Each such Option shall (i) have an exercise price equal to the Fair Market Value (per share) on the date of grant of the Option, (ii) have a term of ten (10) years, and (iii) shall become cumulatively exercisable in sixteen (16) equal quarterly installments, upon completion of each full quarter of service on the Board of Directors after the date of grant. In addition, on June 1 of each year, each Non-Employee Director shall be granted a Non-Qualified Option to purchase that number of Shares as shall be established for such Option grants from time to time by the Board of Directors. Each such Option shall (i) have an exercise price equal to the Fair Market Value (per share) on the date of grant of such Option, (ii) have a term of ten (10) years, and (iii) be exercisable in full immediately on the date of grant. Any director entitled to receive an Option grant under this Section may elect to decline the Option. If a Non-Employee Director ceases to be any of an Employee, Non-Employee Director, consultant or advisor of the Company, Options granted under this Section 6.3 shall remain exercisable to the extent such Options are exercisable on the date of such Termination of Service, for their full term, and the provisions of Sections 11 and 12 below shall not apply to any such Options.

6.4 *Term of Options*. No Option will be granted with a term in excess of ten (10) years.

7. TERMS AND CONDITIONS OF STOCK GRANTS

Each Stock Grant shall be set forth in a Stock Agreement, duly executed by the Company and, to the extent required by law or requested by the Company, by the Participant. The Stock Agreement shall be in the form approved by the Administrator, with such changes and modifications to such form as the Administrator, in its discretion, shall approve with respect to any particular Participant or Participants. The Stock Agreement shall contain terms and conditions that the Administrator determines to be appropriate and in the best interest of the Company. Each Stock Agreement shall state the number of Shares to which the Stock Grant pertains and the terms of any right of the Company to reacquire the Shares subject to the Stock Grant, including the time and events upon which such rights shall accrue and the purchase price therefor, and any restrictions on the transferability of such Shares.

APPENDIX A - 2013 STOCK AND OPTION PLAN (continued)

Unless otherwise provided in the applicable Stock Agreement, any Accrued Dividends shall be paid to the Participant only if and when such Shares become free from the restrictions on transferability and forfeitability that apply to such Shares. Upon the lapse of such restrictions, the payment of Accrued Dividends shall be made promptly.

8. TERMS AND CONDITIONS OF STOCK-BASED AWARDS

The Administrator shall have the right to grant Stock-Based Awards having such terms and conditions as the Administrator may determine, including, without limitation, the grant of Shares based upon certain conditions, the grant of securities convertible into Shares and the grant of stock appreciation rights, phantom stock awards or restricted stock units. The principal terms of each Stock-Based Award shall be set forth in a Stock Agreement, duly executed by the Company and, to the extent required by law or requested by the Company, by the Participant. The Stock Agreement shall be in a form approved by the Administrator and shall contain terms and conditions that the Administrator determines to be appropriate. No stock appreciation right will be granted with a term in excess of ten (10) years. The exercise price of any stock appreciation right shall not be less than one hundred percent (100%) of the Fair Market Value per share of the Common Stock on the date of grant.

9. EXERCISE OF OPTIONS AND ISSUANCE OF SHARES

An Option (or any part or installment thereof) shall be exercised by delivery to the Company, or its designee, of a notice of exercise in any form (which may be electronic) approved by the Company, together with provision for payment of the full purchase price in accordance with this Section for the Shares as to which the Option is being exercised, and upon compliance with any other condition(s) set forth in the Stock Agreement.

Payment of the purchase price for the Shares as to which such Option is being exercised shall be made (a) in cash or by check acceptable to the Administrator, or (b) at the discretion of the Administrator, (i) through delivery of shares of Common Stock not subject to any restriction under any plan and having a Fair Market Value equal as of the date of exercise to the cash exercise price of the Option, (ii) in accordance with a cashless exercise program established with a securities brokerage firm, and approved by the Company, (iii) by any other means (excluding, however, delivery of a promissory note of the Participant) that the Administrator determines to be consistent with the purpose of this Plan and applicable law, or (iv) by any combination of the foregoing. Notwithstanding the foregoing, the Administrator shall accept only such payment on exercise of an ISO as is permitted by Section 422 of the Code.

The Company shall then as soon as is reasonably practicable deliver the Shares as to which such Option was exercised to the Participant (or to the Participant's Survivors, as the case may be). It is expressly understood that the Company may delay the delivery of the Shares in order to comply with any law or regulation that requires the Company to take any action with respect to the Shares prior to their issuance. The Shares shall, upon delivery, be fully paid, non-assessable Shares.

10. ASSIGNABILITY AND TRANSFERABILITY OF STOCK RIGHTS

By its terms, a Stock Right granted to a Participant shall not be transferable by the Participant other than by will or by the laws of descent and distribution or pursuant to a qualified domestic relations order as defined by the Code or Title I of the Employee Retirement Income Security Act or the rules thereunder or as approved by the Administrator in its discretion and set forth in the applicable Stock Agreement, provided, however, that the Administrator shall not approve any transfer of a Stock Right for consideration. Except as provided in the preceding sentence or as otherwise permitted under a Stock Agreement, a Stock Right shall be exercisable, during the Participant's lifetime only by such Participant (or by his or her legal representative) and shall not be assigned, pledged or hypothecated in any way (whether by operation of law or otherwise) and shall not be subject to execution, attachment or similar process. Any attempted transfer, assignment, pledge, hypothecation or other disposition of any Stock Right or of any rights granted thereunder contrary to the provisions of this Plan, or the levy of any attachment or similar process upon a Stock Right, shall be null and void.

11. EFFECT ON STOCK RIGHTS OF TERMINATION OF SERVICE

11.1 Except as otherwise provided in the applicable Stock Agreement or as otherwise provided in Section 12, if a Participant experiences a Termination of Service before the Participant has exercised all Stock Rights, the Participant may exercise any Stock Right granted to him or her to the extent that the Stock Right is exercisable on the date of such Termination of Service. Any such Stock Right must be exercised within ninety (90) days after the date of the Participant's

Termination of Service, unless otherwise provided in the applicable Stock Agreement, but in no event after the expiration of the term of the Stock Right.

11.2 The provisions of this Section, and not the provisions of Section 12, shall apply to a Participant who subsequently dies after the Termination of Service; provided, however, that in the case of a Participant's death within ninety (90) days after the Termination of Service, the Participant's Survivors may exercise the Stock Right within one (1) year after the date of the Participant's death, but in no event after the date of expiration of the term of the Stock Right.

11.3 Absence from work with the Company or an Affiliate because of temporary disability or a leave of absence for any purpose, shall not, during the period of any such absence in accordance with Company policies, be deemed, by virtue of such absence alone, a Termination of Service, except as the Administrator may otherwise expressly provide.

11.4 Except as required by law or as set forth in a Participant's Stock Agreement, Stock Rights granted under the Plan shall not be affected by any change of a Participant's status within or among the Company and any Affiliates, so long as the Participant continues to be an Employee, Non-Employee Director, consultant or advisor of the Company or any Affiliate.

12. EFFECT ON STOCK RIGHTS OF DEATH WHILE AN EMPLOYEE, DIRECTOR, CONSULTANT OR ADVISOR

Except as otherwise provided in a Participant's Stock Agreement, in the event of death of a Participant while the Participant is an Employee, Non-Employee Director, consultant or advisor of the Company or of an Affiliate, any Stock Rights granted to such Participant may be exercised by the Participant's Survivors to the extent exercisable but not exercised on the date of death. Except as set forth in Section 6.3, any such Stock Right must be exercised within one (1) year after the date of death of the Participant but in no event after the date of expiration of the term of the Stock Right, notwithstanding that the decedent might have been able to exercise the Stock Right as to some or all of the Shares on a later date if he or she had not died and had continued to be an Employee, Non-Employee Director, consultant or advisor.

13. ANNUAL LIMITS ON AWARDS; PERFORMANCE AWARDS

13.1 *Annual Limits.* Notwithstanding anything in this Plan to the contrary, no Participant shall be granted Stock Rights under this Plan in any calendar year for more than an aggregate of 1,000,000 Shares (subject to adjustment pursuant to Section 17 to the extent consistent with Section 162(m) of the Code). For purposes of the foregoing limitation, each Share subject to a Stock Right shall be counted as one Share of Common Stock (including each Share subject to a Full-Value Award).

13.2 *Performance Awards.* Stock Grants and Stock-Based Awards may be made subject to the achievement of performance goals pursuant to this Section 13.2 ("**Performance Awards**"). Grants of Performance Awards intended to qualify as "performance-based compensation" under Section 162(m) of the Code ("**Performance-Based Compensation**") shall be made only by a "**Committee**" comprised solely of two or more directors eligible to serve on a committee making awards qualifying as "performance-based compensation" under Section 162(m) of the Code. For any Performance Award that is intended to qualify as Performance-Based Compensation, the Committee shall specify that the degree of granting, vesting and/or payout of the Performance Award shall be based on the relative or absolute attainment of one or any combination of the following objective performance measures: (i) revenue targets or revenue growth targets, (ii) achievement of specified milestones in the discovery, development or regulatory approval of one or more of the Company's drug candidates, (iii) achievement of specified milestones in the commercialization of one or more of the Company's products, (iv) achievement of specified milestones in the manufacturing of one or more of the Company's products, (v) cost reduction or other expense control targets, (vi) personal management objectives, (vii) stock price targets (including, but not limited to, growth measures), (viii) total shareholder return, (ix) income per share, (x) operating efficiency measures, (xi) operating margin, (xii) gross margin, (xiii) return measures (including, but not limited to, return on assets, capital, equity or sales), (xiv) net or total revenue levels, (xv) productivity ratios, (xvi) operating income, (xvii) net operating profit, (xviii) net earnings or net income (before or after taxes), (xix) cash flow (including, but not limited to, operating cash flow, free cash flow and cash flow return on capital), (xx) earnings or operating income before interest, taxes, depreciation, amortization and/or stock-based compensation expense, (xxi) mergers, acquisitions or divestitures objectives, (xxii) market share, (xxiii) customer satisfaction, (xxiv) working capital targets, (xxv) budget objectives and (xxvi) achievement of other balance sheet or statement of operations objectives.

Each financial measure may be determined pursuant to generally accepted accounting principles ("**GAAP**") or on a non-GAAP basis, as determined by the Committee. Such goals may reflect absolute entity or business unit performance or a

APPENDIX A - 2013 STOCK AND OPTION PLAN (continued)

relative comparison to the performance of a peer group of entities or other external measure of the selected performance criteria and may be absolute in their terms or measured against or in relationship to other companies comparably, similarly or otherwise situated.

The Committee may specify that such performance measures shall be adjusted to exclude or provide for appropriate adjustment for one or more of the following items: (A) asset impairments or write-downs; (B) litigation and governmental investigation expenses and judgments, verdicts or claim settlements; (C) the effect of changes in tax law, accounting principles or other laws, regulations or provisions affecting reported results; (D) the effect of exchange rates for non-U.S. dollar denominated net sales or goals based on operating profit, earnings or income; (E) accruals for reorganization and restructuring programs; (F) any non-GAAP adjustments as described in the Company's earnings releases or in the management's discussion and analysis of financial condition and results of operations appearing in the Company's periodic reports; (G) items of income, gain, loss or expense attributable to the operations of any business acquired by the Company or any parent or subsidiary or of any joint venture established by the Company or any parent or subsidiary; (H) costs and expenses incurred in connection with mergers and acquisitions; (I) items of income, gain, loss or expense attributable to one or more business operations divested by the Company or any parent or subsidiary or the gain or loss realized upon the sale of any such divested business or the assets thereof; or (J) the effect of any change in the outstanding shares of Common Stock effected by reason of a stock split, stock dividend, stock repurchase, reorganization, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other similar corporate change or any distributions to the Company's shareholders other than regular cash dividends.

Such performance measures: (1) may vary by Participant and may be different for different awards; (2) may be particular to a Participant or the department, branch, line of business, subsidiary or other unit in which the Participant works and may cover such period as may be specified by the Committee; and (3) shall be set by the Committee within the time period prescribed by, and shall otherwise comply with the requirements of, Section 162(m) of the Code.

Notwithstanding any provision of the Plan, with respect to any Performance Award that is intended to qualify as Performance-Based Compensation, the Committee may adjust downwards, but not upwards, the number of shares payable pursuant to such Performance Award, and the Committee may not waive the achievement of the applicable performance measures except in the case of the death or disability of the Participant or a change in control of the Company.

The Committee shall have the power to impose such other restrictions on Performance Awards as it may deem necessary or appropriate to ensure that such Performance Awards satisfy all requirements for Performance-Based Compensation.

14. RIGHTS AS A SHAREHOLDER

No Participant to whom a Stock Right (other than a Stock Grant) has been granted shall have rights as a shareholder with respect to any Shares covered by such Stock Right, except after due exercise thereof and/or tender of the full purchase price for the Shares being purchased pursuant to such exercise. The provisions of this Section 14 shall not be applicable to Shares issued pursuant to Stock Grants, provided that the Participant shall have tendered the purchase price therefore, notwithstanding the existence of stock transfer restrictions on or a Company repurchase right with respect to such Shares.

15. EMPLOYMENT OR OTHER RELATIONSHIP

Nothing in this Plan or any Stock Agreement shall be deemed to prevent the Company or an Affiliate from terminating the employment, consultancy or director status of a Participant, or to prevent a Participant from terminating his or her own employment, consultancy or director status or to give any Participant a right to be retained in employment or other service by the Company or any Affiliate for any period of time.

16. DISSOLUTION OR LIQUIDATION OF THE COMPANY

Upon the dissolution or liquidation of the Company (other than in connection with a transaction subject to the provisions of Section 17.2), all Stock Rights granted under this Plan which as of such date shall not have been exercised will terminate and become null and void; provided, however, that if the rights of a Participant or a Participant's Survivors have not otherwise terminated and expired, the Participant or Participant's Survivors will have the right immediately prior to such dissolution or liquidation to exercise any Stock Right to the extent that such Stock Right is exercisable as of the date immediately prior to such dissolution or liquidation. Upon the dissolution or liquidation of the Company, any outstanding Stock-Based Awards shall immediately terminate unless otherwise determined by the Administrator or specifically provided in the applicable Stock Agreement.

17. ADJUSTMENTS

Upon the occurrence of any of the following events, a Participant's rights with respect to any Stock Right granted to him or her hereunder that have not previously been exercised in full shall be adjusted as hereinafter provided, unless otherwise specifically provided in the Stock Agreement or in any employment agreement between a Participant and the Company or an Affiliate:

17.1 Stock Dividends and Stock Splits. If the shares of Common Stock shall be subdivided or combined into a greater or smaller number of shares or if the Company shall issue any shares of Common Stock as a stock dividend on its outstanding Common Stock, the number of shares of Common Stock subject to or deliverable upon the exercise of a Stock Right shall be appropriately increased or decreased, and appropriate adjustments shall be made in the purchase price per Share to reflect such event. The number of Shares subject to the limitation in Section 13.1 shall also be adjusted upon the occurrence of such events.

17.2 Consolidations or Mergers. In the event of a consolidation or merger in which the Company is not the surviving corporation or which results in the acquisition of substantially all the Company's outstanding stock by a single person or entity or by a group of persons and/or entities acting in concert, or in the event of the sale or transfer of substantially all the Company's assets (any of the foregoing, an "**Acquisition**"), all then outstanding Stock Rights (excluding any Shares subject to Stock Grants as to which all Company repurchase rights shall have lapsed) shall terminate unless assumed pursuant to clause (i) below; provided that either (i) the Administrator shall provide for the surviving or acquiring entity or an affiliate thereof to assume the outstanding Stock Rights or grant replacement stock rights in lieu thereof, any such replacement to be upon an equitable basis as determined by the Administrator, or (ii) if there is no such assumption or substitution, all outstanding Stock Rights shall become immediately and fully exercisable and all Company repurchase rights with respect to Stock Rights shall lapse, in each case immediately prior to the Acquisition, notwithstanding any restrictions or vesting conditions set forth therein.

17.3 Recapitalization or Reorganization. In the event of a recapitalization or reorganization of the Company (other than a transaction described in Section 17.2 above) pursuant to which securities of the Company or of another corporation are issued with respect to the outstanding shares of Common Stock, a Participant upon exercising a Stock Right shall be entitled to receive for the purchase price paid upon such exercise the securities he or she would have received if he or she had exercised such Stock Right immediately prior to such recapitalization or reorganization.

17.4 Adjustments to Stock Grants and Stock-Based Awards. Upon the happening of any of the events described in Sections 17.1, 17.2 or 17.3, any outstanding Stock-Based Award and the Shares subject to any Stock Grant, vested or unvested, shall be appropriately adjusted to reflect the events described in such Sections. The Administrator shall determine the specific adjustments to be made under this Section 17.4.

17.5 Modification of ISOs. Notwithstanding the foregoing, any adjustments made pursuant to Section 17.1, 17.2 or 17.3 with respect to ISOs shall be made only after the Administrator determines whether such adjustments would constitute a "modification" of such ISOs (as that term is defined in Section 424(h) of the Code) or would cause any adverse tax consequences for the holders of such ISOs. If the Administrator determines that such adjustments made with respect to ISOs would constitute a modification of such ISOs, it may refrain from making such adjustments, unless the holder of an ISO specifically requests in writing that such adjustment be made and such writing indicates that the holder has full knowledge of the consequences of such "modification" on his or her income tax treatment with respect to the ISO.

18. ISSUANCES OF SECURITIES

Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of Shares subject to Stock Rights. Except as expressly provided herein, no adjustments shall be made for dividends paid in cash or in property (including without limitation, securities) of the Company.

19. FRACTIONAL SHARES

No fractional share shall be issued under the Plan and the person exercising any Stock Right shall receive from the Company cash in lieu of any such fractional share equal to the Fair Market Value thereof.

20. CONVERSION OF ISOs INTO NON-QUALIFIED OPTIONS; TERMINATION OF ISOs

Any Options granted under this Plan that do not meet the requirements of the Code for ISOs shall automatically be deemed to be Non-Qualified Options without further action on the part of the Administrator. The Administrator, at the written request of any Participant, may in its discretion take such actions as may be necessary to convert such Participant's ISOs (or any portion thereof) that have not been exercised on the date of conversion into Non-Qualified Options at any time prior to the expiration of such ISOs, regardless of whether the Participant is an employee of the Company or an Affiliate at the time of such conversion. At the time of such conversion, the Administrator (with the consent of the Participant) may impose such conditions on the exercise of the resulting Non-Qualified Options as the Administrator in its discretion may determine, provided that such conditions shall not be inconsistent with this Plan. Nothing in the Plan shall be deemed to give any Participant the right to have such Participant's ISOs converted into Non-Qualified Options, and no such conversion shall occur until and unless the Administrator takes appropriate action. The Administrator, with the consent of the Participant, may also terminate any portion of any ISO that has not been exercised at the time of such termination.

21. WITHHOLDING

If any federal, state, or local income taxes, employment taxes, Federal Insurance Contributions Act ("FICA") withholdings or other amounts are required by applicable law or governmental regulation to be withheld from the Participant's salary, wages or other remuneration in connection with the exercise of a Stock Right, the lapsing of a Company repurchase right or a Disqualifying Disposition (as defined in Section 22), the Company may withhold from the Participant's compensation, if any, or may require that the Participant advance in cash to the Company, or to any Affiliate of the Company which employs or employed the Participant, the amount of such withholdings unless a different withholding arrangement, including the use of shares of the Company's Common Stock, is authorized by the Administrator (and permitted by law). For purposes hereof, the Fair Market Value of any shares withheld for purposes of payroll withholding shall be determined in the manner provided in Section 1 above, as of the most recent practicable date prior to the date of exercise. If the Fair Market Value of the shares withheld is less than the amount of payroll withholdings required, the Participant may be required to advance the difference in cash to the Company or the Affiliate employer. The Administrator in its discretion may condition the exercise of an Option for less than the then Fair Market Value on the Participant's payment of such additional withholding. In no event shall shares be withheld from any award in satisfaction of tax withholding requirements in an amount that exceeds the statutory minimum amount of tax withholding required.

22. NOTICE TO COMPANY OF DISQUALIFYING DISPOSITION

Each Employee who receives an ISO must agree to notify the Company in writing immediately after the Employee makes a "Disqualifying Disposition" of any Shares acquired pursuant to the exercise of an ISO. A Disqualifying Disposition is any disposition (as defined in Section 424(c) of the Code) of such Shares before the later of (a) two years from the date the Employee was granted the ISO, or (b) one year after the date the Employee acquired Shares by exercising the ISO. If the Employee has died before such Shares are sold, the notice provisions of this Section 22 shall not apply.

23. EFFECTIVE DATE; TERMINATION OF THE PLAN

This Plan shall be effective on May 8, 2013, the date of its initial approval by the shareholders of the Company. The Plan will terminate on May 7, 2023. The Plan also may be terminated at an earlier date by vote of the Board of Directors. Termination of this Plan will not affect any Stock Rights granted or Stock Agreements executed prior to the effective date of such termination.

24. AMENDMENT OF THE PLAN; AMENDMENT OF STOCK RIGHTS

The Plan may be amended by the shareholders of the Company, with the approval of the Board of Directors, by affirmative vote of a majority of the votes cast at a meeting of the shareholders at which a quorum is present. The Plan also may be amended by the Board of Directors or the Administrator, including, without limitation, to the extent necessary to qualify any or all outstanding Stock Rights granted under the Plan or Stock Rights to be granted under the Plan for favorable federal income tax treatment (including deferral of taxation upon exercise) as may be afforded incentive stock options under Section 422 of the Code, and to the extent necessary to qualify the shares issuable upon exercise of any outstanding Stock Rights granted, or Stock Rights to be granted, under the Plan for listing on any national securities exchange or quotation in any national automated quotation system of securities dealers. Any amendment approved by the Administrator that the Administrator determines is of a scope that requires shareholder approval shall be subject to shareholder approval. No

APPENDIX A - 2013 STOCK AND OPTION PLAN (continued)

modification or amendment of the Plan shall adversely affect a Participant's rights under a Stock Right previously granted to the Participant, without such Participant's consent.

In its discretion, the Administrator may amend any term or condition of any outstanding Stock Right, provided: (i) such term or condition is not prohibited by the Plan; (ii) if the amendment is adverse to the Participant, such amendment shall be made only with the consent of the Participant or the Participant's Survivors, as the case may be; and (iii) any such amendment of any ISO shall be made only after the Administrator determines whether such amendment would constitute a "modification" of any Stock Right which is an ISO (as that term is defined in Section 424(h) of the Code) or would cause any adverse tax consequences for the holder of such ISO (in which case, the Participant's or Participant's Survivors' consent to such amendment shall be required). Notwithstanding the foregoing, unless such action is approved by the Company's shareholders, the Company may not (except for adjustments permitted under Section 17 of this Plan) (1) amend any outstanding Option or stock appreciation right granted under the Plan to provide an exercise price per share that is lower than the then-current exercise price per share of such outstanding Option or stock appreciation right; (2) cancel any outstanding option or stock appreciation right (whether or not granted under the Plan) and grant in substitution therefor new Stock Rights under the Plan covering the same or a different number of shares of Common Stock and having an exercise price per share lower than the then-current exercise price per share of the cancelled option or stock appreciation right; or (3) cancel in exchange for a cash payment any outstanding Option with an exercise price per share above the then-current Fair Market Value.

25. COMPLIANCE WITH SECTION 409A OF THE CODE

Except as provided in individual Stock Agreements initially or by amendment, if and to the extent (i) any portion of any payment, compensation or other benefit provided to a Participant pursuant to the Plan in connection with his or her employment termination constitutes "nonqualified deferred compensation" within the meaning of Section 409A of the Code and (ii) the Participant is a specified employee as defined in Section 409A(a)(2)(B)(i) of the Code, in each case as determined by the Company in accordance with its procedures, by which determinations the Participant (through accepting the Stock Right) agrees that he or she is bound, such portion of the payment, compensation or other benefit shall not be paid before the day that is six months plus one day after the date of "separation from service" (as determined under Section 409A of the Code) (the "New Payment Date"), except as Section 409A of the Code may then permit. The aggregate of any payments that otherwise would have been paid to the Participant during the period between the date of separation from service and the New Payment Date shall be paid to the Participant in a lump sum on such New Payment Date, and any remaining payments will be paid on their original schedule.

26. AUTHORIZATION OF SUB-PLANS

The Board of Directors may from time to time establish one or more sub-plans under the Plan for purposes of satisfying applicable securities, tax or other laws of various jurisdictions. The Board of Directors shall establish such sub-plans by adopting supplements to the Plan containing (i) such limitations on the Board of Director's discretion under the Plan as the Board of Directors deems necessary or desirable or (ii) such additional terms and conditions not otherwise inconsistent with the Plan as the Board of Directors shall deem necessary or desirable. All supplements adopted by the Board of Directors shall be deemed to be part of the Plan, but each supplement shall apply only to Participants within the affected jurisdiction and the Company shall not be required to provide copies of any supplement to Participants in any jurisdiction that is not the subject of such supplement.

27. GOVERNING LAW

This Plan shall be construed and enforced in accordance with the law of The Commonwealth of Massachusetts.
