**Item 1.01. Entry into a Material Definitive Agreement.**

On December 7, 2005, the Management Development and Compensation Committee (the "Committee") of the Board of Directors of Vertex (the "Board") adopted a 2006 Bonus Plan for officers and other employees of the Company (the "Bonus Plan"). The Bonus Plan addresses one of the three components of employee compensation — base salary, performance bonus (short-term incentive) and equity grants (long-term incentive) — that are designed to motivate, reward and retain employees by aligning compensation with the achievement of strategic corporate goals as well as individual performance objectives.

The Bonus Plan provides that at end of 2006, the Company's Board will assign the Company a performance rating on the basis of the Company's achievement of goals to be set by the Board early in 2006. The amount available for payment of performance bonuses will be established on the basis of each employee's salary tier and performance rating, further adjusted on the basis of the Company's performance rating assigned by the Board in early 2007. The Committee and Board reserve the right to modify the Bonus Plan, and the key corporate performance factors and criteria under the Bonus Plan, at any time.

All other aspects of the Company's Compensation Plan remain unchanged.
